34. DECLARATIONS OF INTEREST

In accordance with the Code of Conduct, County Borough Councillor S. A. Bradwick declared a personal interest in Agenda item 5 – Residents Parking Scheme in Pontypridd, Aberdare and the Rhondda – “I pay for residents parking permit of £10 every year as I live in a residents parking bay zone 202.”

35. MINUTES

RESOLVED – to approve as an accurate record the minutes of the meeting of the Public Service Delivery, Communities & Prosperity Scrutiny Committee held on the 25th January 2018 subject to it being noted that the Cabinet Member, Environment & Leisure left the meeting prior to Committee undertaking pre scrutiny of the ‘Increasing Recycling Performance’.

36. CHAIR’S REMARKS

The Chair requested that members are mindful of consultation deadlines and pre scrutiny processes when posting information to social media.

37. INCLEMENT WEATHER ARRANGEMENTS

At the request of the Committee, the Director, Highways and Streetcare Services was invited to deliver a presentation outlining the arrangements that were in place to deal with the recent inclement weather. Scrutiny was informed that advance planning and early implementation of a clear, consistent message was key to keeping residents informed of arrangements.

It was reported that essential services within both Adult and Community Services were maintained throughout the period of bad weather and the main roads and highways were salted and gritted to ensure that blood bank and hospital routes remained open. The Director also reminded scrutiny that strong and clear advice in respect of school closures had assisted parents and guardians with safeguarding issues.

Scrutiny **RESOLVED** that a letter be sent to the Director on behalf of the Committee to extend it’s thanks to all the frontline and support staff across the County Borough for their hard work during the recent snowfall.

38. REPORT OF THE CABINET MEMBER FOR ENTERPRISE DEVELOPMENT AND HOUSING

Further to consideration of the report presented to the Overview & Scrutiny Committee on the 22nd January 2018 regarding the engagement of the Executive at future Scrutiny Committees, the Cabinet Member for Enterprise Development and Housing presented an update on the progress made with regard to his portfolio.

As well as receiving an update on the relevant information relating to the portfolio areas, such as town centres, businesses and employment, Scrutiny was invited to challenge any matters within the report as appropriate.

The Cabinet Member received a number of questions in relation to town centre initiatives and programmes and discussed the new investment to create a new Treorchy/Gelli bypass which would benefit the Upper Rhondda Fawr by alleviating the traffic in Stag Square. The Chair of the Public Service Delivery, Communities and Prosperity confirmed that, following discussion with the Cabinet Member for Enterprise Development and Housing, this scrutiny committee would review town centre regeneration, to include street cleansing, street furniture as well as a recycling strategy for the town centres within RCT, during the next municipal year. The Cabinet Member referred to a recent Cabinet Decision to set up a pilot scheme regulating the placement of street furniture on the highway within Pontypridd town centre for a period of one year commencing from April 2018.

Following discussions regarding the role of Housing Associations within RCT Members requested that an invitation is extended to Trivallis to attend a future meeting. Members were reminded that Trivallis had formerly attended this Scrutiny Committee in December 2016 to discuss residents' engagement with the Councils' recycling initiatives.

Scrutiny raised a query in relation to the introduction of the Local Development Order (LDO) to Treforest Industrial Estate and Parc Nantgarw, and whether there has been evidence of its success. It was reported that the innovative LDO is in its infancy but the Treforest Growth Forum, a vehicle by which local businesses in the locality meet and discuss any issues or barriers they have, enables the Council to work closely with its partners.

The Cabinet Member outlined the number of investments and initiatives that have been and are being undertaken in the town centre of Pontypridd and how the Business Improvement District (BID) set up to improve the local trading environment is helping to deliver the priorities that matter to local businesses. He added that all town centres are unique and therefore a programme of town centre improvements is being delivered to identify where the long-term support to local towns should be directed.

On behalf of the Committee the Chair thanked the Cabinet Member for Enterprise, Development and Housing for attending the meeting.

It was **RESOLVED** to:-

1. Acknowledge the progress made in advancing the portfolio responsibilities of the Cabinet Member;
2. Include 'Town Centre Regeneration' (street cleansing, street furniture and a recycling strategy) on the forward work programme of this Scrutiny Committee; and
3. Invite Trevallis to a future meeting of the Public Service Delivery, Communities and Prosperity Scrutiny Committee.

39. IMPACT OF RESIDENTS PARKING SCHEMES IN PONTYPRIDD, ABERDARE AND THE RHONDDA

The Head of Highways and Engineering explained that scrutiny had previously requested an update in respect of the impact of the residents' parking schemes in Pontypridd, Aberdare and the Rhondda. He introduced the Traffic Services Manager who was present to deliver a power point presentation in relation to the residents' parking schemes across the County Borough under the following headings:-

- What is Residents Parking?
- Who is eligible?
- How schemes work
- History of RP in RCTCBC
- Progress to date – schemes implemented to date since 2014/15
- What's next?
 - Commitment to review
 - Common complaints associated
 - The review process
- What have we learned?
 - Common anxieties associated with implementing new schemes
 - Does the current Council Policy need to be reviewed?
 - Proposals for 2018/19

Following consideration of the presentation the Traffic Services Manager answered a number of queries relating to the scheme such as confirming that carer's permits can be applied for free of charge and passed on as appropriate. In terms of the next steps scrutiny was informed that there is a commitment to review a number of schemes across the County Borough, complete a number of site surveys such as those in Porth and Taffs Well and consider the need to review the Council Policy. It was confirmed that Elected Members would be informed of the findings of the reviews.

It was **RESOLVED** to acknowledge the information contained within the presentation.

40. RHONDDA CYNON TAF'S WELSH PUBLIC LIBRARY STANDARDS ASSESSMENT 2016/17.

The Head of Community Services presented the report of the Director Public Health, Protection and Community Services in respect of the Rhondda Cynon Taf's Welsh Public Library Standards Assessment for 2016/17.

Committee was informed that this is the third assessment report to be received under the Fifth Quality Framework which was introduced by the Deputy Minister for Culture and Sport in April 2014. It consists of 18 core entitlements which stipulate what all libraries in Wales should offer and 16 Quality Indicators (7 of which have outcome targets). Members were informed that the Fifth Framework is made up of four themes.

The Head of Community Learning outlined the results relating specifically to the performance of Rhondda Cynon Taf's Library Service which indicated that all 18 core entitlements were met in full; of the 7 quality indicators the service met three in full, 3 in part and failed to meet 1. The reduction in staff hours and opening hours were identified as negatively affecting performance against the Quality Indicators.

The Head of Community Services explained the reason for failing to achieve some of the quality indicators but added that as the library in Rhydyfelin is now located in a new building that has Wi-Fi it will meet the relevant indicator for access to Wi-Fi for the 2017/18 assessment. Members were reminded that the Local Authority is unable to meet the quality indicator in respect of ICT due to the lack of investment in additional digital equipment as it is considered inappropriate to invest in additional Public Access computers when there is sufficient capacity available on current computers to meet customer needs.

Scrutiny acknowledged that despite the lack of funding to some areas of the service to improve staffing levels and book acquisitions the assessment had produced a positive outcome and the customer surveys had reflected customer satisfaction rates of 99% ('very good' and 'good').

The Head of Community Services advised Members that a report had been presented to Cabinet on the 22nd March 2018, in respect of a number of proposals set out to improve the Council's Mobile Library Service and looking to initiate an eight week consultation on the proposals. Furthermore, scrutiny was asked to inform the consultation together with all relevant stakeholders. It was agreed that Scrutiny Members would be consulted by email on the proposals. It was further agreed that should the proposals be approved by Cabinet that Scrutiny could suggest appropriate areas for the 48 longer stops to inform a way forward for Cabinet.

It was **RESOLVED**:-

1. To acknowledge the content of the letter and the Annual Assessment Report received from Welsh Government;
2. That scrutiny acts as a consultee to the proposals to improve the quality and range of services provided by the Mobile Library Service to a standard comparable with that of static libraries; and

3. That should the proposals be approved by Cabinet; scrutiny undertakes a review of the mobile library stops and informs a way forward to Cabinet.

41. DRAFT SUPPLEMENTARY PLANNING GUIDANCE –HOUSES IN MULTIPLE OCCUPATION (HMO’S) - CONSULTATION

The Service Director Planning presented his report in respect of the draft supplementary planning guidance – houses in multiple occupation which had been presented to Cabinet on the 19th December 2017. Cabinet approved the draft supplementary planning guidance – houses in multiple occupation for the purposes of public consultation for the period 25th January and 23rd March 2018. Subsequently, Scrutiny was asked to provide its views as part of the Council’s formal consultation process.

The Service Director advised that evidence collected by officers has indicated that there is an over concentration of HMOs in some parts of Treforest which in turn leads to a range of issues that can undermine the social cohesion of those communities. Members were advised that supplementary planning guidance is one tool that can be used to assist in the consideration of planning applications both in terms of resisting applications for inappropriate HMOs or HMOs in areas that have already got high concentrations and also assist in raising the standard of new HMOs and guiding any future HMOs to the most appropriate locations.

Scrutiny reviewed the detailed reports and received a power point presentation which explained the benefits which HMOs can bring in terms of providing affordable accommodation to students or those on low wages as well as the issues associated with high concentrations of HMOs and the effects they can have on the local community. The Service Director Planning reported that 94% of the HMOs within RCT and 32% of all households within the ward are HMO, (being the highest in Wales) and he outlined the reasons why there is a need for an SPG in Rhondda Cynon Taf, to provide clarity to all future applicants, to overcome the key concerns of the local residents and for there to be a balanced representation of HMOs in the community.

Following consideration of the suggested SPG Policies, Members were minded to agree with the Policy HMO 2 10% ‘Threshold of Concentration of HMOs’ which would allow for a reasonable amount of HMOs to accommodate those who would benefit from this form of living across RCT. It was also discussed and agreed to allow a higher threshold of 20% close to the University of South Wales, in the Treforest Ward; (although in reality most parts of Treforest already well exceed the 20% threshold).

Following consideration of the report and questions asked of the Officers and Cabinet Member for Enterprise Development and Housing who was also present it was **RESOLVED:-**

1. That Scrutiny supports approval of the draft Supplementary Planning Guidance, Houses in Multiple Occupation (HMOs) and the proposed policies within it; and

2. That Scrutiny visits the purpose built student accommodation at Llwyncastan, Pontypridd in the next municipal year;

The meeting closed at 7.35pm

RHONDDA CYNON TAF COUNTY BOROUGH COUNCIL

MUNICIPAL YEAR 2018 /19

**PUBLIC SERVICE DELIVERY, COMMUNITIES & PROSPERITY SCRUTINY
COMMITTEE**

WORK PROGRAMME FOR THE 2018/19 MUNICIPAL YEAR

28th JUNE 2018

REPORT OF THE DIRECTOR OF LEGAL AND DEMOCRATIC SERVICES

1. PURPOSE OF THE REPORT

The purpose of this report is to advise Members on issues for consideration when preparing a work programme for the Public Service Delivery, Communities & Prosperity Scrutiny Committee for the municipal year 2018/19.

2. RECOMMENDATION

It is recommended that Members of the Public Service Delivery, Communities & Prosperity Scrutiny Committee:

- 2.1 Agree on issues for inclusion on the Committee's Work Programme for the Municipal Year 2018/19 (as set out in **Appendix 1**) as informed by the work of the Committee during 2017/18 and through the outcomes of the one-to-one engagement sessions between Cabinet Members and Scrutiny Chairs and Vice Chairs; and
- 2.2 Agree the topics for consideration of the Crime & Disorder Scrutiny Committee to be held on 25th October 2018 and on the 14th February 2019.

3. REASONS FOR RECOMMENDATIONS

3.1 There is a requirement to devise and publish a Work Programme for each of the Council's Scrutiny Committee as set out in Part 4 of the Constitution (Overview &

Scrutiny Procedure Rules). Each Committee is responsible for setting and agreeing its own Work Programme.

- 3.2 In consultation with the Chair and Vice Chair of the Overview & Scrutiny Committee together with appropriate Council Officers and the relevant Cabinet Members, through the one-to-one engagement sessions, an initial list of work topics for 2018/19 has been produced and is attached at Appendix 1.
- 3.3 The Chair and Vice Chair of the Public Service Delivery, Communities and Prosperity Scrutiny Committee have also had the opportunity to consider the proposed list of matters requiring consideration by Cabinet during the 2018/19 Municipal Year to establish whether there were any topics for pre-scrutiny by this Committee.

4. **BACKGROUND INFORMATION**

- 4.1 A well thought out and effective Work Programme will allow work to be timetabled and make the best use of the resources available to it. The work programme should reflect the committee's aims and objectives as well as add value to the work of the council. It is up to the committee to agree the items for inclusion in its work programme, but ideas are brought together from a number of sources to assist members in their choices.
- 4.2 The following guidance sets out some broad principles to help Members understand how the draft Work Programme has been developed as well as the key factors which have influenced the suggested topics. It is helpful for Members to consider the role of the Public Service Delivery, Communities and Prosperity Scrutiny Committee therefore its terms of reference together with other key sources of information that may be helpful are set out below:-

4.3 **Terms of Reference**

The Terms of Reference for the Public Service Delivery, Communities and Prosperity Committee is the overview and scrutiny role in connection with scrutinising public service delivery across a range of Council services. The Committee considers areas which contribute to prosperity and also community safety issues. It is the Council's designated Crime and Disorder Committee (pursuant to Section 19 and 20 of the Police and Justice Act 2006). There is a requirement for the Crime & Disorder Committee to meet at least once a year.

- 4.4 During this Municipal Year it has been proposed that the Crime & Disorder Committee meets on two occasions to review the following items which had been identified for on-going attention in 2018/19. These are:-

- To consider and review two key projects namely DIVERT and WISDOM in greater detail;
- To assess the findings of the public consultation in respect of the Partnership and Community Together (PACT) meetings;
- To receive the final Cwm Taf Community Strategic Assessment Action Plan; and
- To consider Anti Social Behaviour (ASB) in Partnership (Particularly in respect of the Housing Associations);

4.5 **Engagement Sessions**

Recently, 1-1 Engagement sessions have been introduced for Cabinet Members and Scrutiny Chairs/Vice-Chairs to meet on a quarterly basis. These sessions have and will continue to provide an opportunity for Members to discuss their respective work programmes and assist in identifying any key topics for inclusion in the respective Scrutiny Work Programmes. They will assist to further enhance dialogue and the flow of information in terms of the Work Programmes of both Cabinet and Scrutiny.

4.6 **Overview and Scrutiny 2017/18 Annual Report**

Through its work during 2017/18, the Public Service Delivery, Communities and Prosperity Scrutiny Committee identified a number of areas which would be revisited in 2018/19, as set out in the Overview & Scrutiny Annual Report for 2017/18 (click [here](#) for the full Overview & Scrutiny 2017/18 Annual Report). These are:-

- To continue to review the Improving Recycling Performance; and
- Monitor and review the Supplementary Planning Guidance, Houses in Multiple Occupation (HMO's) (Committee undertook pre-scrutiny in March 2017) ;

4.7 **Criteria for Topic Selection**

Members involved in Scrutiny must be selective and ask particular questions to identify only the very best topics for more in-depth consideration. It will be important for Scrutiny Committees to show why it has been decided to conduct a review into a particular topic and Members will need to consider the arguments both for and against including a topic on the Work Programme before making a decision. Other principles to take into account when considering topics include:

- A balanced Work Programme – selecting some topics which of longer duration and some being suitable for shorter study;
- A mixed selection of topics;
- Consider timescales in respect of deadlines in relation to other Council meetings and deadlines of other external partners;

- Consider whether the topic duplicates review activity which is taking place elsewhere; and
- Review and update the programme to ensure that new topics can be factored in and changes accounted for.

4.8 **Flexible Work Programme**

The careful selection and prioritisation of work is essential if the scrutiny function is to be successful and achieve added value. In view of this Members need to consider the capacity of its Work Programme, if it is too onerous it may impact on their ability to contribute more effectively at some meetings. Therefore it is important to maintain a degree of flexibility to enable additional, topical issues to be scrutinised urgently. It is important that to ensure a Committee can rigorously consider the reports submitted to its meetings and undertake this work at a reasonable and effective pace.

5. **VENUES**

- 5.1 As part of the Council's proposals to improve its arrangements for public participation in its overview and scrutiny process, we are committed to identifying opportunities for receiving evidence outside the formal Council Headquarters, for example, in schools or other more informal settings.
- 5.2 However, Members will need to consider the practical requirements of taking a committee to an alternative location such as accessibility and/or available services and amenities. Therefore, suggestions can be agreed following a full assessment of the proposed venue.

6. **KEY QUESTIONS FOR MEMBERS**

- 6.1 Attached at Appendix 1 for consideration is the draft Work Programme for the Public Service Delivery, Communities and Prosperity Scrutiny Committee for 2018/19. The Committee is asked to consider whether it is in agreement with the draft Work Programme and whether there are any issues Members would wish to see included.

7. **EQUALITY AND DIVERSITY IMPLICATIONS**

- 7.1 An Equality Impact Assessment is not needed because the contents of the report are for information purposes only and further analysis of each of the Work Programme will be needed if the recommendations are to be taken forward.

8. **CONSULTATION**

- 8.1 The draft Work Programme has been compiled in discussion with the Chair and Vice Chair of the Overview & Scrutiny Committee in consultation with Council Officers as well as the relevant portfolio holder(s).

9. **FINANCIAL IMPLICATIONS**

9.1 There are no financial implications aligned to this report.

10. **LEGAL IMPLICATIONS AND LEGISLATION CONSIDERED**

10.1 The report has been prepared in accordance with paragraph 12.1 (Part 4) of the Council's Constitution.

11. **CONCLUSION**

11.1 The development of a Scrutiny Work Programme for the 2018/19 Municipal Year will assist in transparency for both Members and for public engagement
