11 MINUTES

RESOLVED to approve as an accurate of the Meeting of the Community Liaison Committee held on the 25th September 2018.

11 CHANGE TO THE ORDER OF THE AGENDA

The Committee agreed that the agenda would be considered out of sequence and as detailed in the minutes set out hereunder.

12 INDEPENDENT REMUNERATION PROGRAMME

The Chair formally introduced the Vice Chair of the Independent Remuneration Panel Mr G Owen, along with Mr S Mullholland fellow Panel Member.

Both Mr G Owen and Mr S Mullholland gave Members an overview of Independent Remuneration Programme for Wales with the aid of a Power- Point presentation under the following headings:

- Community and Town Council Grouping;
- Determination 37, 38,39,40,41,42,43,44 and 45;
- Status of Members of Community & Town Councils;
- Receiving Payments;
- Members of Principal Councils; and
- Annual Timetable (1) and (2)

Members were informed that the Panel believes the wide range of variation in Community and Town Council size, means the responsibilities and accountabilities of councillors must also vary.

It was highlighted that Councillors managing incomes or expenditure of £ 1 Million and those delivering significant services, including those perhaps delegated from principal councils, are operating in a much more complex environment than a council with an annual budget of £30,000.

It was explained that the Panel examined a range of measures that could be used as the basis for grouping Community and Town Councils to reflect these differences.

It was also explained that the Panel concluded that using income or expenditure figures better reflect the activity levels of a council than population ratio or

precepts that the Panel found did not always correlate to income or expenditure.

In respect of Grouping Members were informed the Panel has formed 3 groups of Community and Town Councils on the basis of the level of income or expenditure, whichever is the highest in the previous financial year. It is also easy for councils to understand which group they belong to which is;

- 1. Community and Town Council Group A - £200,000 and above;**
- 2. Community and Town Council Group B - £30,000 - £199,999**
- 3. Community and Town Council Group C – Below £30,000**

It was explained that all Community and Town councils must make available a payment to each of their Members of £150 per year as contribution to costs and expenses.

In respect of Community and Town councils in Group A it has been determined that an annual payment of £500 each must be made available to a minimum of 1 and a maximum of 5 Members in recognition of specific responsibilities. This is in addition to the £150 payment for costs and expenses.

In respect of travel cost Members were informed of Determination 40 where Town and Community councils are authorised to make payments to each of their members in respect of travel costs for attending approved duties. Such payments must be the actual costs of travel by public transport or the HMCS mileage allowance as set out in the annual report.

In respect of Determination 41 and 42 Officers explained that if a particular duty requires an overnight stay, it can authorise subsistence expenses to its members at the maximum rate set out in the annual report on the basis of receipted claims. Community and Town Councils are authorised to pay financial loss compensation to each of their members, where such loss has actually occurred, for attending approved duties as set out in the annual report.

In respect of care responsibilities it was brought to the attention of Members that all Community and Town councils must provide for the reimbursement of necessary costs for care of dependent children and adults (provided by informal or formal carers) and for personal assistance needs up to a maximum of £403/month on production of receipts from the carer. Reimbursements must be for the additional costs incurred by members in order for them to carry out their approved duties. Reimbursement shall only be made on production of receipts from the carer.

It was also explained there is a Civic Head payment to be made to the Mayor / Chair of the council up to a maximum of £1,500 to undertake the functions of that office. Again, this is in addition to the £150 payment for cost and expenses and the senior salary of £500 if these are claimed.

Members were informed of the status of members of the Community and Town councils

An overview of receiving payments was presented to the Committee, it was explained that individuals who have accepted office as a member of a town or community council are entitled to receive payments as determined by the Independent Remuneration Panel for Wales. It was explained that it is the duty of the proper officer of a council (usually the Council Clerk) to make

arrangements for correct payments to be made to all individuals entitled to receive them. Members should receive monies to which they are properly entitled as a matter of course. There must be no requirement for individuals to opt in to receive payments. It was also explained that an individual may decline to receive payments if they wish. This must be done in writing and is an individual matter and they must write to the proper officer to do so.

Finally, in respect of annual timetabling it was explained that in March council must consider each determination in the IRPW'S final report and record its formal decision in relation to the non-mandated determinations, which will apply to all members. In May from the date of the General Meeting, all mandated payments and those non-mandated payments the council has adopted to be made to all members. Proper notice must have been received by the Clerk from any member making a personal decision to forgo part or all payments. By 30th September, these have to be published and the details of all payments made to individual members for the previous financial year in an 'Annual Statement of Payments' to the IRPW and then in October consider the determinations in the IRPW's draft report for the next financial year and use this to inform budget plans.

It was explained that all clerks should have had the information before publishing and it is up to the individuals to provide that to the clerk so that it can be built into the budget.

Members considered the information put before them and following a robust discussion thanked officers for a very informative presentation. It was **RESOLVED** that a copy of the presentation would be forwarded to Members after the meeting.

14 COMMUNITY INFRASTRUCTURE LEVY (CIL) - 123 LIST

The Service Director Planning provided Members of the Community and Town Councils in respect of the process involved in collecting and spending Community Infrastructure Levy (CIL) monies including the preparation of Infrastructure Lists.

Members were informed that Community Infrastructure Levy Regulations require charging authorities (the Council) to pass a proportion (15%) of CIL receipts to relevant community and town councils arising from developments in their areas.

It was also explained that CIL receipts are passed twice a year by 28th April (for CIL receipts received between 1st October and 31st March) and by 28th October (for CIL receipts received between 1st April and 30th September)

The Group Director Community and Children's Services provided a summary of the current provision of residential care and day care for older people in RCT. The Community and Town Council were also presented with the Consultation Document and given an overview. It was explained that the recommendations from the Consultation into both the Residential Care Home and Day Care Services for older people would be separate for each service and would be feed back into the final report that would be presented to Cabinet for consideration.

The Group Director went on to take Members questions and observations.

17 DEVELOPMENT OF A LOCAL TOILETS STRATEGY FOR RHONDDA CYNON TAF

The Health and Wellbeing Improvement Manager informed Members of the Community Liaison Committee the reason for the development of a Local Toilets Strategy for Rhondda Cynon Taf.

On the 24th January 2019 the Director of Public Health, Protection and Community Services in consultation with the Cabinet Member, Cllr R Lewis, made a delegated Officer decision to approve the commencement of a 12 week public consultation on the draft Rhondda Cynon Taf Toilet Strategy.

Members were informed that the delegated decision agreed:

1. To approve the initiation of the draft Local Toilet Strategy for public consultation for a minimum of 12 weeks, inline with statutory requirement to develop and publish a Local Toilet Strategy, as required by Part 8 of the Public Health (Wales) Act 2017.
2. That the Director of Public , Health Protection and Community Services, consider the consultation responses with a view to preparing a Final Draft Strategy for consideration by Cabinet in May 2019.

The Officer explained that there is a statutory requirement to develop and publish a Local Toilet Strategy, as required by Part 8 of the Public Health (Wales) Act 2017. It was explained that the Act Places a duty on each Local Authority in Wales to prepare and publish a Local Toilet Strategy for its area. The Strategy is developed following the completion of a needs assessment to:

- Assess the community's need for toilets, including changing facilities for babies and changing place facilities for people with disabilities;
- Provide details of how to meet the identified need;
- Produce a local toilet strategy ; and
- Review the strategy, update and publicise revisions.

It was explained that Local Authorities must prepare and publish their strategies by 31st May 2019. It was highlighted that the duty to prepare a Local Toilet Strategy does not require Local Authorities to provide and maintain public toilets directly. The Local Authority must take a strategic view on how facilities can be provided and accessed by their local population.

Members were informed that a draft Strategy has been prepared that incorporates feedback following a public consultation as part of the Assessment of Need that was undertaken for four weeks, beginning in October 2018.

Member were informed that the public consultation exercise has commenced and will end on the 29th April 2019. This includes;

- Online questionnaires via RCTCBC website and sent directly to interested parties;
- Social Media alters;

- Face-to-face discussions at various community venues.

Members considered the draft strategy and put their questions and observations forward. A Member commented on the lack of provision with in some towns and communities and where there were provisions, Members felt that they were inadequate for many reasons.

In relation to availability in stores etc. Members felt more could be done to locate them at the front of the store rather than in out of the place areas including at the rear of stores.

A Member felt there is a need for premises to advertise that they have these facilities for public to see. Many more observations and suggestions were put forward from Members and Members **RESOLVED** to:

- Acknowledge the draft Local Toilet strategy
- That their views and comments would be taken into consideration when preparing the final Draft Strategy for consideration by Cabinet in May 2019.

This meeting closed at 12:15
