MERTHYR TYDFIL COUNTY BOROUGH COUNCIL

MUNICIPAL YEAR 2020-2021

LLWYDCOED CREMATORIUM JOINT COMMITTEE

21ST SEPTEMBER 2021

REPORT OF THE BEREAVEMENT SERVICES MANAGER

1. Agency Administration staff member

- 1.1. Members will recall that during the height of the pandemic, we recruited an administration staff member to assist with the increased workload sustained throughout this period. As previously reported to members, thankfully there is currently a reduced trend in cremation numbers, although, there is no surety even at this point that this may continue.
- 1.2. Members kindly agreed to retain the agency administration staff member and to keep this retention under review, as a precautionary contingency measure.
- 1.3. Sadly, we are still not in a position to be confident regarding our cremation figures going into the Autumn and Winter, therefore, members are asked to consider retaining the agency administration staff member until the end of this financial year, which would allow us to have more confidence in the level of the work load and give some assurance and an idea of length of continued employment, to the staff member.
- 1.4. RECOMMENDED: That members give consideration to retaining the administration agency staff member, through the autumn/winter period until the end of this financial year.

2. Crematorium Chapel Refurbishment

- 2.1. Due to the ongoing use of strong sanitising fluid during the pandemic, the existing pews, curtains and carpets within the Chapels suffered badly as the sanitising fluid stripped the wood of its original colour and had a detrimental effect on the carpets and curtains. Overall the chapels are now looking extremely tired and in desperate need of refreshing. We are now able to utilise a less harsh sanitiser as further products have come onto the market throughout the pandemic.
- 2.2. We recently met with a company who specialises in refurbishment of this kind, who carried out the refurbishment of both chapels at Glyntaff.

We are still awaiting costs in this respect but with Member's agreement it is proposed to undertake the following works to the Crematorium chapels:

Chapels

- Completely redecorate both chapels.
- Carry out cleaning works to the high level windows
- Replace the existing pews with quality cushioned chairs (the chairs looked at will withstand sanitisation without detriment). Furthermore, chairs are also moveable should conditions surrounding the pandemic dictate and impact on attendee numbers again.
- Replace the lectern and refurbish the alter.
- Replace and extend the catafalque curtain.
- Refurbish internal doors
- Replace the existing carpet

Other works

- Decorating the external upper elevations and stack
- Renew/refurbish external doors (main building)
- Replace the floor within the charging room
- Replace the false ceiling with the charging room

RECOMMENDED: That members approve the proposed works.

3. Direct Cremations.

- 3.1. Members will recall that Bereavement Services undertook a pilot project, to offer the public the benefit of opting for a Direct Cremation as opposed to a full cremation service. A direct cremation offers a financial saving to bereaved families and utilises a time-slot (9am) seldom utilised by either Crematoria.
- 3.2. The pilot ran for a period of twelve months and during that period was well received by Funeral Directors and bereaved families. During the pilot period between both sites, 96 Direct cremations were undertaken. Members will see that this has demonstrated a demand for this service.
- 3.3. The continuation of offering this service at a prescribed fee of £568 for 2021/22 on a permanent basis, was approved by Cabinet members. It was also confirmed that the charge for Direct Cremation 2022/23 onwards, be determined as part of the usual annual fee uplift.

RECOMMENDED: That members approve the continuation of offering a Direct Cremation service to the bereaved at a prescribed fee of £568. This fee being subject to annual fee uplift in line with all other Bereavement services fees.

4. Statistics and Performance

4.1. Below are the statistics to date.

THE ACCOUNTS AND AUDIT PROCESS

Section 12 of the Public Audit (Wales) Act 2004 requires local government bodies in Wales (including joint committees) to make up their accounts each year to 31 March and to have those accounts audited by the Auditor General for Wales. Regulation 14 of the Accounts and Audit (Wales) Regulations 2014 states that smaller local government bodies i.e. those with annual income and expenditure below £2.5 million must prepare their accounts in accordance with proper practices.

For minor joint committees with income and expenditure below £2.5 million, proper practices are set out in the One Voice Wales/Society of Local Council Clerks publication, **Governance and accountability for local councils in Wales – A Practitioners' Guide** (the Practitioners' Guide). The Practitioners' Guide requires that they prepare their accounts in the form of an Annual Return. This Annual Return meets the requirements of the Practitioners' Guide.

The accounts and audit arrangements follow the process as set out below.

Please read the guidance on completing this Annual Return and **complete all sections highlighted pink**.

APPROVING THE ANNUAL RETURN

The Committee must approve the Annual Return **BEFORE** the accounts and supporting documents are made available for public inspection under section 30 of the Public Audit (Wales) Act 2004.

If it is unable to complete the approval process by 30 June 2021 or publish the audited return by 30 September, the Committee must publish notices as required by the Regulations.

The Auditor General for Wales' Audit Certificate and report is to be completed by the auditor acting on behalf of the Auditor General. It **MUST NOT** be completed by the Clerk/RFO, the Chair or the internal auditor.

Audited and certified returns are sent back to the body for publication and display of the accounting statements, Annual Governance Statement and the Auditor General for Wales' certificate and report.

I also confirm that there are no conflicts of interest surrounding my appointment.

Guidance notes on completing the Annual Return

1. You must apply proper practices when preparing this Annual Return. Proper practices are set out in the Practitioners' Guide.
2. Make sure that the Annual Return is fully completed ie, no empty red boxes. Please avoid making any amendments to the completed return. If this is unavoidable, cross out the incorrect entries, make sure the amendments are drawn to the attention of the body, properly initialled and an explanation for them is provided to the external auditor. **Please do not use correction fluid.** Annual returns that are incomplete or contain unapproved and/or unexplained amendments or correction fluid will be returned unaudited and may incur additional costs.
3. Use a second pair of eyes, perhaps the Chair or a member, to review your Annual Return for completeness before sending the original form to the auditor.
4. Make sure that your accounting statements add up, that the balance carried forward from the previous year (line 7 of 2020) equals the balance brought forward in the current year (line 1 of 2021). Explain any differences between the 2020 figures on this Annual Return and the amounts recorded in last year's Annual Return.
5. Explain fully any significant variances in the accounting statements. Do not just send in a copy of your detailed accounting records instead of this explanation. The external auditor wants to know that you understand the reasons for all variances. Include a detailed analysis to support your explanation and be specific about the values of individual elements making up the variances.
6. Make sure that the copy of the bank reconciliation you send to your auditor with the Annual Return covers **all** your bank accounts and cash balances. If there are no reconciling items, please state this and provide evidence of the bank balances. The auditor should also be able to agree your bank reconciliation to line 9 in the accounting statements. More help on bank reconciliations is available in the Practitioners' Guide.
7. **You must send to the external auditor, information to support the assertions made in the Annual Governance Statement.** Your auditor will tell you what information you need to provide. Please read the audit notice carefully to ensure you include all the information the auditor has asked for. You should send **copies** of the original records to the external auditor and not the original documents themselves.
8. Please do not send the auditor any information that you are not specifically asked for. Doing so is not helpful.
9. If the auditor has to review unsolicited information, repeat a request for information, receives an incomplete bank reconciliation or explanation of variances or receives original documents that must be returned, the auditor will incur additional costs for which they are entitled to charge additional fees.
10. **Please deal with all correspondence with the external auditor promptly.** This will help you to meet your statutory obligations and will minimise the cost of the audit.
11. **Please note that if completing the electronic form, you must print the form for it to be certified by the RFO and signed by the Chair before it is sent to the auditor.**

1. INTRODUCTION

- 1.1 Llwydcoed Crematorium is managed and administered by the Llwydcoed Crematorium Joint Committee, under the Local Government (Wales) Act 1994. The Committee is made up of nine members, five from Rhondda Cynon Taf CBC and four from Merthyr Tydfil CBC. In 1996 RCTCBC became the host authority for the Joint Committee.
- 1.2 In addition to the Cremations Manager, there are currently two administrative officers based at the site, one being an agency worker whose duties are limited to specific tasks (e.g. unable to take any payments or handle any income received). A number of administrative duties are in the process of being transferred to the larger administrative team based at Glyntaf Crematorium. The overall responsibility for all administrative staff at both sites will be with the Assistant Cemeteries Manager, based at Glyntaf. The transfer process is not yet fully completed due to the current COVID-19 restrictions and there will only be one administrative officer based at Llwydcoed once the transition is complete.

2. SCOPE & OBJECTIVES

- 2.1 Audit testing was carried out on a sample of transactions, using transactions processed during financial year 2020/21.
- 2.2 Internal Audit testing was undertaken remotely using video conferencing (e.g. Microsoft Teams) and digital solutions as a basis for meetings and sharing documentation.
- 2.3 Audit testing was carried out on transactions made during financial year 2020/21 to ensure that fundamental controls are present and operating satisfactorily.
- 2.4 The objective of the audit review is to conclude on the adequacy and effectiveness of the controls operating within each of the financial systems at the establishment.

3. AUDIT APPROACH

- 3.1 Having agreed the objectives, fieldwork took place.
- 3.2 A draft report was prepared and provided to management for review and comment with an opportunity given for discussion or clarification if required.
- 3.3 This final report has been issued electronically to the following Officers:
 - Chief Executive.
 - Group Director, Community & Children's Services.
 - Director of Finance & Digital Services.
 - Director, Public Health, Protection & Community Services.
 - Bereavement Services Manager.
 - Service Director, Performance & Improvement.
- 3.4 Audit Committee will receive a summary of the final report in the form of the Introduction and Opinion along with a synopsis of all recommendations made.

4. AUDIT OPINION

- 4.1 The overall control environment at Llwydcoed Crematorium is considered to be effective. This is based on the limited testing that could be undertaken as a result of remote working, in conjunction with our previous assessments of the controls in place.

4.2 **Statutory Obligations**

The control environment in relation to Statutory Obligations is considered to be effective, and there are no findings contained within this report.

Limitation to scope

As a direct result of testing being undertaken remotely, no sample testing was undertaken on this area as the sensitivity and personal nature of the information contained in these documents precluded them being sent electronically to review electronically.

However, due to the stringent nature and statutory requirements involved in this process this is a tightly controlled area and no findings have been identified in previous audit reviews. The Burial and Cremation Administration System (BACAS) is used to administer the day to day functions of the Service.

All cremation applications are supported by a suite of statutory documentation examples are *Confirmatory Notice of Cremation, Application for Cremation, Medical Certificate and where necessary Coroners Reports*.

The purchase of plots is recorded on the 'Register of Graves & Grants of Exclusive Rights of Burial' ledgers and on BACAS. The owner of the plot is provided with a deed which is printed from the BACAS system.

The Register of Graves & Grants Exclusive Rights of Burial ledgers are used to record each interment of each plot. The maximum number of interments for all plots is 4 and these are all recorded on the BACAS system.

4.3 **Information Management & I.T Security**

The control environment in relation to Information Management & I.T Security is considered to be effective, and there are no findings contained within this report.

Limitation to scope

Testing was limited to email exchanges of information, as remote working prevented a visit to the site to evidence controls first-hand.

From previous audit reviews, it has been evidenced that the site has a fireproof safe in which the statutory ledgers for the service are held securely. In addition, access to the BACAS system is restricted to those members of staff that have a unique username and password.

Since the start of the COVID-19 pandemic the number of staff working on site has been limited to three; the Operations Manager and two administrative officers (one being an agency worker). It was reported that responsibility and storage requirements for the Cynon Valley cemeteries death registers has been transferred to Glyntaf Crematorium along with the administrative duties i.e. enquires from the public etc.

4.4 **Collections & Deposits / Receipts**

The control environment in relation to Collections & Deposits / Receipts is considered to be effective, and there are no findings contained within this report.

Limitations to scope

Testing was limited to income records only; receipts were unable to be obtained.

The site uses the Webpaystaff system to record all income received directly on site. The system allows the site to take payments in person, over the phone and take card payments via chip and pin devices, and entries onto the Financials system are in real time. The system generates receipts which are given directly to or sent to customers (via email) and a copy retained on site. As a back up to the system, an income ledger is in place which is updated as and when income is received. Security arrangements for the retaining income received are considered appropriate and remain the same.

Due to the COVID-19 pandemic the site office has been closed to the public and therefore the majority of income taken has been via card payments over the telephone (which has reduced the amount of cash and cheques received on site). Cheques are still received, mainly from Funeral Directors who do not utilise the monthly invoicing process. Loomis secure collections are undertaken on a fortnightly basis. Issues with the Loomis collections were reported between May 2020 and September 2020, with collections being inadvertently cancelled by Loomis, however this was dealt with by the Income Team.

Review of the income records provided for the sample period of July 2020 and comparison to Financials revealed that income records have been completed accurately for the sample period examined, although copies of the Webpaystaff receipts were not provided (due to the number). Receipt numbers have been recorded in the income ledger and these were verified to the Webpaystaff system as correct.

4.5 **Purchase Card**

It was reported by the Operations Manager that the site does not have/use a corporate purchase card and therefore there were no controls or transactions to review.

4.6 There are no findings contained in this report.

ACKNOWLEDGEMENTS

A number of staff gave their time and cooperation during the course of this review. Internal Audit would like to record its thanks to all individuals concerned.
