63 CALL-IN: POTENTIAL TO CREATE ADDITIONAL EVENT SPACE AT YNYSANGHARAD WAR MEMORIAL PARK

The Service Director Democratic Services and Communications presented the report which outlined the procedure for the meeting, as set out in rule 17 of the Overview & Scrutiny Committee Procedure Rules. The Service Director advised that a call-in request was received from County Borough Councillors M Powell, C Lises and D Wood within the prescribed timescales on 20 March 2023 which complied with the relevant criteria and considered valid by the proper officer.

The call-in requested that the decision of the Director of Prosperity and Development relating to the Report of the Potential to Create Additional Event Space at Ynysangharad War Memorial Park from the Ynysangharad War Memorial Park Cabinet Sub-Committee meeting on the [15 March 2023](#) be considered by the Overview & Scrutiny Committee

The three signatories who signed the call-in form were invited to address Committee outlining the reasons, supported by the Service Director, as proper officer, given by them in requesting the call-in and why they consider the decision should be referred back to the decision maker to reconsider the decision. The Chair indicated that the relevant Officer and Cabinet Member will be called upon, who has been formerly consulted on the matter, to address the Overview & Scrutiny Committee.

Members were advised that the Chair will then invite members of the Overview & Scrutiny Committee to consider the valid reasons set out in the report together with the comments of the relevant Officer and Cabinet Member as to whether the matter should be referred back to the Ynysangharad War Memorial Cabinet Sub-Committee. The relevant Officer and Cabinet Member will then be invited to respond to the questions raised by members of the Overview & Scrutiny Committee.

It was confirmed that one of the nominated signatories would have the right to make their final address to the Committee immediately before a roll call vote is taken on whether or not to refer the matter back to the relevant decision maker for reconsideration. It will be for the Director of Legal Services to clarify and summarise the effect of the Committee's decision.

Councillor M Powell

Councillor Powell raised that he felt further questioning of the officers on the proposal should have taken place at the time in which this was considered at the Ynysangharad War Memorial Cabinet Sub-Committee,

in particular around the proposals of a bus stop turning area with access in to the top end of the park, which would transport visitors to the events at the park. He added that many residents in his ward had contacted him to say that this area is not an under-used area of the park with many residents using this area to walk through. Whilst he appreciated the proposals were subject to a funding application, he felt that further in depth questioning of the Director of Prosperity and Development should have been undertaken.

Councillor C Lises

Councillor Lises raised concerns over the future use of the War Memorial Park for parking and the movement of vehicles. She sought clarity of the potential use of the space and what events will be expected in the temporary event space.

Councillor D Wood

Councillor Wood agreed with the points raised by Councillor Powell and Councillor Lises and advised that many residents have stated that it is a very much loved and used area of the park, and commented that it is not under-used as described. She sought clarity as to whether there would be a loss of trees and asked if a Biodiversity survey and Environmental Impact survey had been undertaken as there are lots of species in that area. The Councillor also queried the specific use of the event space as the potential allocated spot has lots of noise from nearby traffic so commented that it may not be suitable for certain events.

The Chair thanked the Members for their submissions and invited the Director of Prosperity and Development, Mr Simon Gale to respond to the comments.

The Director of Prosperity and Development wished to clarify that the proposals were not in depth as this was not a formal grant application for funding at this stage and just an expression of interest to establish whether the Council are eligible for funding from the Brilliant Basics fund and if this is a proposal that would be considered eligible.

He referred to Councillor Powell's comments on a bus turning area and advised that nothing in the proposal suggests there would be buses or additional vehicles. He reassured the Member that any vehicles necessary for future events would attend in the same way they have done previously for events in the park and the proposals only serve to make the space more usable and unlock future potential leisure uses as a green space.

The Director commented that in its use as a pitch and putt course, the area is cut on a regular basis and gave reassurance that biodiversity checks will always be undertaken prior to any works commencing and

these have not yet been looked at in depth as this was just an expression of interest at this stage.

He reassured Members that no fences will be taken down as part of the proposal and the suggestion of levelling off the area will allow for more options and make the space more usable.

The Chairperson of the Ynysangharad War Memorial Park Cabinet-Sub Committee wished to reassure Members that there are no plans for turning points, bus stops or extra vehicular movements. She added that the necessary environmental assessments will be undertaken before any proposals go ahead and the removal of trees, should the proposal go ahead, will be three in total. She provided reassurance that as a trustee she was satisfied with the outline proposal that would serve to bring further enhancement to the park and will give residents the opportunity to utilise the space for future events.

Members sought clarity on if the current grassed area will be retained as it is currently and if the public access will remain? The Director of Prosperity and Development advised that the proposal is to level the grass area so this would remain. He referenced an outline proposal to include a footpath in the area to make it more accessible but further feasibility studies would be undertaken if this plan were to progress. He provided reassurance that the public would not be restricted in accessing the area and the proposals seek to make the area a more usable space for the public to use to walk through or to have a picnic with family.

A Member asked if the expression of interest for the funding has already been submitted in accordance with the 16th March deadline

The Service Director replied that the proposal in the presentation that was considered by Ynysangharad War Memorial Cabinet Sub-Committee was just an overview to advise and consult with the Committee as trustees. He added the trustees have a specific Terms of Reference (TOR), in effect, acting as guardians. They were being advised, in line with their TOR, of the proposals and they will continue to be consulted if proposals develop. Any decision to take forward the proposal, will sit with the Full Cabinet Committee.

The Chairperson thanked Members for their questions and observations and invited Councillor Powell to sum up the argument in favour of referring the decision back to the decision maker i.e. the Ynysangharad War Memorial Park Cabinet-Sub Committee.

Councillor Powell stated that he still has concerns on the proposal and is not satisfied with the proposed location as, despite comments from officers that implied it is an under used area of the park, he disagreed and stated that it is a well- used area with families walking dogs and children playing and thought this proposal, should it go ahead, would be to the detriment of the park

Following consideration of the issues and in accordance with the Overview & Scrutiny Procedure Rules, it was **RESOLVED** that the matter not be referred back to the Ynysangharad War Memorial Cabinet Sub-Committee for reconsideration and the decision taken on the 15th March 2023 take effect as from the close of the meeting. The decision was summarised by the Director, Legal Services.

COUNCIL'S PERFORMANCE AND RESOURCES REPORT

The Service Director Democratic Services and Communication introduced the Quarter 3 Council Performance Report (to 31st December 2022) and noted that the report sets out the financial and operational performance of the Council as at Quarter 3 2022/23.

The Service Director Finance and Improvement Services then provided Members with an overview of the report and invited Member questions.

Members sought clarity on the Transportation overspend within Frontline Services which was projected to be in excess of £3m for the 2022/23 financial year. The Service Director fed back that the projected overspend was due to significant inflationary cost pressures for home to school transport contractor costs, for example, higher costs for pay, fuel and repair and maintenance. The Service Director added that one-off resources have been identified to fund the increased costs in 2022/23 and arrangements are in place to work with contractors to review and challenge expenditure and the on-going impact of inflation.

Members asked for an update on investment priorities in respect of road schemes and future plans in this area.

The Service Director advised that full Council has approved an updated Capital Programme for the period 2023/24 to 2025/26, that references the need for consideration of Welsh Government's Roads Review. The Service Director added that the Council will continue to work closely with Welsh Government to identify opportunities to support schemes and ensuring that the impact on the climate is taken account of.

Members sought clarity on how the Council is working to prevent long term staff sickness absences as it was noted that this figure was currently at 5.5%. Members also asked if there was any impact on staff working from home in terms of staff feeling supported or isolated.

The Service Director fed back that a programme of work is in place to support staff well-being and their return to the workplace when absent from work. The Service Director advised that a Sickness Management Team is in place that provides targeted support to service areas where sickness levels are high; timely information on attendance levels is provided to all managers as part of maximising attendance, with review

arrangements in place across services; and a training programme has been rolled out to managers covering the Council's sickness absence policy. The Service Director added that the Council's Occupational Health Team provides a range of services to help promote good health and well-being of staff together with services that support specific health conditions. The Service Director went on to cover staff working from home, noting that risk assessments are undertaken to ensure employees home environments used for work purposes are fit for purpose. The Service Director indicated that where appropriate and in line with business needs, staff work on a hybrid basis between home and the office to support team working, personal well-being and work priorities. The Service Director also fed back that a number of office locations are near town centres, this helping to support town centre regeneration.

A Member referred to the high turnover of staff, particularly in Community and Children's Services, and asked for further detail on this and if exit interviews were undertaken with staff before they leave.

The Service Director fed back that the main contributory factor to the increased turnover level for Community & Children's Services during quarter 3 was the reduction in the level of service required for the Test, Trace, and Protect Service, in line with Welsh Government guidance / policy, and the resulting reduced staffing numbers within this area of service. The Service Director also fed back that exit interviews are undertaken by services and would seek further information on the themes that have been captured as part of these arrangements, and an update reported to a future Committee meeting.

A Member sought reassurance that the Council is providing sufficient support for Additional Learning Needs, as a revenue budget underspend is projected for this area. The Service Director confirmed that the reason for the projected underspend was due to the Service maximising external grant funding opportunities during the year, ensuring that service delivery levels are maintained.

A Member recommended prioritising the promotion of the Hop, Shop and Save initiative where residents can benefit from reduced or free bus travel throughout the Borough to support our town centres and local businesses.

The Co-Opted Member stated that he would like to see the Risk Register be more dynamic and more detail included within risk updates, and noted an example in terms of the 85% pupil attendance figure for comprehensive schools was a worry and asked how this figure was being addressed.

The Service Director noted the feedback and provided reassurance that the Council's Strategic Risk Register is reviewed, updated and challenged on a regular basis, and would consider opportunities to reference more detail within risk updates, in consultation with risk lead officers. The Service Director went on to indicate that improving school attendance

levels is challenging, with this being a key priority for schools, the Council and the Central South Consortium who are working in partnership to build on and strengthen existing arrangements and provide necessary support.

RESOLVED: Members noted the contents of the report and agreed to receive further information in respect of staff sickness

RHONDDA CYNON TAF COUNTY BOROUGH COUNCIL

OVERVIEW AND SCRUTINY COMMITTEE

24th MAY 2023

PUBLIC PARTICIPATION STRATEGY

REPORT OF THE SERVICE DIRECTOR, DEMOCRATIC SERVICES & COMMUNICATION

1. PURPOSE OF THE REPORT

- 1.1 For Members of the Overview and Scrutiny Committee to formally respond to the [Consultation](#) on the draft [Public Participation Strategy](#) (Appendix A) as required by the Local Government & Elections Act 2021.

2. RECOMMENDATIONS

- 2.1 It is recommended that Members consider the strategy and determine whether they wish to make any further comments or suggestions, to inform the final strategy before consideration by full Council.

3. REASONS FOR RECOMMENDATIONS

- 3.1 Section 40 of the Local Government & Elections (Wales) Act 2021 places a duty on each Principal Council to prepare and publish a Public Participation Strategy.
- 3.2 To provide Scrutiny with the opportunity to respond to the consultation by the 16th June 2023 so that it can have its say on the Strategy

4. BACKGROUND

- 4.1 Local authorities in Wales must, under the Local Government and Elections (Wales) Act 2021, publish a Participation Strategy that sets out the ways in which local people are encouraged to participate in the decision making process of the council.
- 4.2 In developing its public participation strategy a council must consult people who live, work or study in the council's area and anyone else it thinks appropriate. The Act requires a council's first strategy made

under this section to be published as soon as reasonably practicable after the local government elections in May 2022.

- 4.3 The Act places a number of duties on local authorities regarding participation. These are to:
- Promote awareness of the functions the council carries out to local residents, businesses and visitors.
 - Share information about how to go about becoming an elected member and what the role of councillor involves.
 - Provide greater access to information about decisions that have been made, or that will be made by the council.
 - Provide and promote opportunities for residents to provide feedback to the council, including comments, complaints and other types of representations.
 - Promote awareness of the benefits of using social media to communicate with residents to councillors.

5 EQUALITY AND DIVERSITY IMPLICATIONS

- 5.1 The draft Public Participation Strategy looks to improve the equality and diversity of participation across all areas of Rhondda Cynon Taf, ensuring all those that live, work or study within the Authority have the opportunity to engage in the Democratic Process.
- 5.2 An equality Impact Assessment and Welsh Language impact assessment has been completed as part of the drafting of the draft strategy and are attached at **Appendix B**

6 CONSULTATION

- 6.1 A formal Consultation on the Strategy has been launched as outlined above through the Council website.

7 FINANCIAL IMPLICATION(S)

- 7.1 All costs associated with the Strategy will be contained within existing budgets.

8 LEGAL IMPLICATIONS OR LEGISLATION CONSIDERED

- 8.1 Local Government & Elections (Wales) Act 2021.

9 LINKS TO THE CORPORATE AND NATIONAL PRIORITIES AND THE WELL-BEING OF FUTURE GENERATIONS ACT.

9.1 The Plan encompasses all of the Council's corporate plan priorities as well as the duties and goals of the Well Being of Future Generations Act.

- A public body must take account of the importance of involving other persons with an interest in achieving the well-being goals and ensure those persons reflect the diversity of the population;
- Effective involvement of people and communities in decisions that affect them is at the heart of improving well-being currently and in the future; and,
- It is vital to factor people's needs; ensuring engagement is meaningful and effective.

10 CONCLUSION

10.1 The draft Public Participation Strategy reaffirms the council's commitment to listening, conversing with and responding to the needs of our communities - building clear, shared expectations and two-way engagement, and clearly demonstrates how the participation duty is being fulfilled.

PUBLIC PARTICIPATION STRATEGY

DRAFT

RHONDDA CYNON TAF

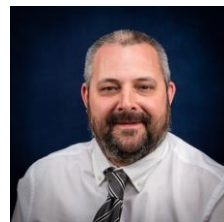

FOREWORD

We value the contribution that local people can make to develop and evaluate Council services that will work well for us all. Our Public Participation Strategy and accompanying action plan sets out how we will talk and listen with all of those who live in Rhondda Cynon Taf. This means engaging and consulting about the way we do things, promoting awareness of how people can become a member of the Council and making sure that local people can easily give us their views about a decision before, and after, it is made.

This Democratic Public Participation Strategy details how the Council aims to promote:

- awareness among local people of the council's functions;
- awareness among local people of how to become a member of the principal council, and what membership entails;
- ways of facilitating access for local people to information about decisions made, or to be made, by the principal council;
- ways of promoting and facilitating processes by which local people may make representations to the principal council about a decision before, and after, it is made;
- arrangements made, or to be made, for the purpose of the council's duty in bringing views of the public to attention of overview and scrutiny committees
- ways of promoting awareness among members of the principal council of the benefits of using social media to communicate with local people

We will continue to adopt new and emerging best practice, for example by developing digital engagement platforms and working on engagement with our partners on the Public Services Board. This Public Participation Strategy seeks to make it easier for everybody in Rhondda Cynon Taf to have a voice in our decision-making process, in-line with the requirements of the Local Government & Elections (Wales) Act 2021. As part of fulfilling these statutory requirements we want to build and maintain relationships with our communities, and we want to ensure that all engagement undertaken by the Council is effective, efficient and consistent. There are difficult times ahead, and a key focus of our approach will be to ensure the broadest understanding of these challenges and the necessary decisions required by the Council, to make best use of the resources available to us.

SUMMARY

The Council comprises seventy-five elected Councillors representing Electoral Wards. The Council normally meets on a monthly basis and has a list of functions that include; adopting and changing the Constitution, approving and adopting the Budget and Policy Framework, appointing the Leader, determining and agreeing Committees and their terms of reference. Up to ten of the Council's members make up the Cabinet (the Executive), including the Leader of the Council. The Cabinet is responsible for carrying out all the local authority functions which are not the responsibility of the Council. Cabinet Members are responsible for decision making within specific areas of interest, known as portfolios. Scrutiny Committees act as a 'critical friend' to the Cabinet and other decision makers in order to promote better services, policies and decisions. Working in a similar way to parliamentary select committees, scrutiny involves councillors who are not in the cabinet. The Planning Committee, Licensing Committees and Governance & Audit Committee make the Council's regulatory decisions. Planning Committee determines planning applications, Licensing Committee determines licences to drive a hackney carriage or a private hire vehicle (taxis), public entertainment licences for premises amongst others, and Governance & Audit Committee reviews and scrutinises the Council's financial affairs. Democratic Services Committee reviews the adequacy of provision by the Authority to discharge the democratic services function and finally there is also a Standards Committee to promote high standards of conduct and support Councillors to comply with the Code of Conduct.

WHAT IS INCLUDED IN THIS DOCUMENT.

Section 1

How will the Council comply with the requirements of the Local Government & Elections (Wales) Act 2021

Section 40 of the Local Government & Elections (Wales) Act 2021 places a duty on each Principal Council to prepare and publish a Public Participation Strategy.

The Public Participation Strategy will complement the Council's Consultation & Engagement Strategy. The Strategy is required to promote:

- A. The Principal Council's functions.
- B. How to become a Member (Councillor) of the Principal Council, and what membership (Being a Councillor) entails.
- C. Accessing information about decisions made, or to be made, by the Principal Council.
- D. Making representations to the Principal Council about a decision before, and after, it is made.
- E. Arrangements made, or to be made, for the purpose of the Council's duty in section 62 of the 2011 Measure (bringing views of the public to attention of overview and scrutiny committees).
- F. Benefits of Councillors using social media to communicate with local people.

Duty 1. The Principal Council's Functions - *Promoting awareness of the functions the council carries out to local residents, businesses and visitors*

How the Council Operates

All 75 Councillors meet as the Council of Rhondda Cynon Taf. All meetings of the Council are open to the public, but occasionally the Council will resolve to go into private session if confidential or exempt business is to be transacted, as outlined on the Committee agenda. Private sessions of Council are rare.

At Council meetings Councillors decide the Council's overall policies and set the budget each year (these are termed as Non-Executive Functions). The Council has a Cabinet which is responsible in turn for implementing policies agreed by the Council and taking executive decisions on matters which are not the responsibility of the Council or its Committees (these are termed as Executive Functions).

How the Council Works?

The Council comprises 75 Councillors representing 46 Electoral Wards. Further information may be found [here](#).

The Council normally meets monthly and has a list of functions including adopting and changing the Constitution, approving and adopting the Budget and Policy Framework, appointing the Leader of Council, determining and agreeing Committees and their terms of reference. The Council has a fluid work programme identifying the business to be addressed at each Committee, which is available [here](#)

Several Councillors (this can include Job Share Cabinet Members) make up the [Cabinet](#) (the Executive). The Leader of the Council is the Chair of Cabinet. The Cabinet is responsible for carrying out all the Local Authority functions which are not the responsibility of the Council. The Cabinet take forward 'Key Decisions.' Cabinet Members are responsible for decision making within specific areas, known as Cabinet Portfolios.

It is at the discretion and decision of the Leader of the Council as to how Executive functions are discharged. At the Annual Meeting of the Council, the Leader will present a document for inclusion in the Scheme of Delegation containing the following information about Executive functions for the ensuing municipal year:

- the extent of any authority delegated to Cabinet Members individually, including details of any limitation on their authority;
- the terms of reference and constitution of such Cabinet Committees are determined by the Leader

A copy of the Leader's Scheme of Delegation can be found [here](#).

Senior Officers within the Council's [Senior Leadership Team](#) are able to take forward decisions on behalf of the Council, which are termed as 'Officer Delegated Decisions'. A record of delegated decisions can be found [here](#). The nature and extent of any delegation to Officers, with details of any limitation on that delegation, and the title of the Officer to whom the delegation is made is also contained within the Leader's Scheme of Delegation.

Scrutiny Committees act as a 'critical friend' to the Cabinet and other decision makers to promote better services, policies, and decisions. Working in a similar way to Parliamentary Select Committees, scrutiny involves Councillors who are not in the Cabinet.

The Planning Committee, Licensing Committees and Governance & Audit Committee make the Council's regulatory decisions.

- i) Planning Committee determines planning applications.
- ii) Statutory Licensing Committee determines public entertainment licences for premises amongst others.
- iii) General Licensing Committee determines licences to drive a hackney carriage or a private hire vehicle (taxis).
- iv) Governance & Audit Committee reviews and scrutinises the Council's financial affairs.

The Council's Governance Committees carry out certain roles within the Local Authority in ensuring high standards of conduct are adhered to.

- v) Democratic Services Committee reviews the adequacy of provision by the Authority to discharge the democratic services function.
- vi) Standards Committee seeks to promote high standards of conduct and support Councillors to comply with the Code of Conduct.

The Council's Decision-Making Structure

Council

All 75 Councillors, normally meet monthly and are responsible for agreeing the budget and the corporate policy framework.. A link to the Council's Corporate Plan can be found [here](#).

Council determines the political management framework of the Authority and appoints a Leader of the Council and specific committee chairs, such as scrutiny Chairs. Council is also responsible for appointing its Chief Executive & Directors.

Cabinet

The Leader has comprised his Cabinet of eight voting Councillors including the Leader of the Council (from a maximum of 10) . Job Share Cabinet Members are permitted. The Cabinet is appointed by the Leader of the Council and each Cabinet Member is assigned a thematic Cabinet Portfolio.

The Cabinet proposes the budget strategy to the Council and is responsible for taking decisions upon Council policies under the political guidance of the Leader of the Council.

The Leader agrees his scheme of delegation and provides delegated authority for executive decisions to Cabinet Members and senior Officers, in accordance with Council policy and budget.

Scrutiny

There are 4 Scrutiny Committees, including co-ordination of scrutiny activity by the Overview & Scrutiny Committee. Scrutiny Working Groups undertake detailed consideration on specific matters of concern.

Scrutiny holds the Cabinet (Executive) to account, including responsibility for pre-decision scrutiny and call-in of decisions. Ultimately it is the role of scrutiny to monitor and challenge the effectiveness of service delivery, policies and performance and improvement.

A full list of the Council's scrutiny committees and their respective terms of reference can be found [here](#).

Other Committees

Further information relating to Committees may be viewed [here](#).

Duty 2 . How to become a Member (Councillor) of the Principal Council, and what membership (Being a Councillor) entails - *Sharing information about how to go about becoming an elected member – or councillor – and what the role of councillor involves*

How to become a Councillor

The next Local Government Elections will be held in May 2027. This section provides you with information on how to stand for election and what is expected of you should you be elected as a Councillor for Rhondda Cynon Taf.

The Welsh Local Government Association (WLGA) has produced the “Be a Councillor. Be the Change” website. This is a useful guide for prospective candidates. This may be viewed at www.beaCouncillor.wales

Rhondda Cynon Taf Council has a useful “Becoming a Councillor” website, including useful ‘questions and answer’ section and video footage of comments from current and past Members about their experiences as a Councillor. This may be viewed [here](#)

How much time does it take up to do a Councillors role?

If you are in employment and intend to stand as a candidate you may wish to ask your employer what provisions they may have in place to allow you to attend to Council business. It is estimated that on average, Councillors spend the equivalent of three to four days a week on Council business. Obviously, there are some Councillors who spend more time than this, and some less.

Standing as a Candidate

A candidate for election must complete a set of nomination papers that must be signed by the candidate in the presence of a witness who must attest the signature. You then need to win a majority of the votes cast at the ballot box (if there is a contest for the seat). Some electoral wards have up to three Councillors, therefore the top three would be elected.

Nomination packs will be available early in 2027. If you would like to register your interest, please contact electoralservices@rctcbc.gov.uk

Further useful information may be viewed [here](#)

If you are thinking of standing as a candidate for a particular political party, then you should first contact that party's local organisation. If you plan to stand for election as an independent Councillor, contact us and we will be pleased to give you more information.

Councillors receive a salary which is determined annually by the Independent Remuneration Panel for Wales (IRPW) and can also claim travel and subsistence costs (subsistence is paid for 'out of county' meals and accommodation only) when undertaking official duties. Councillors can also claim towards the costs of care and personal assistance for them to carry out their approved duties.

Further information on Councillor Salaries & allowances may be viewed at <https://gov.wales/independent-remuneration-panel-wales>

Support for Disabled Candidates Seeking Election

The Welsh Government has approved funding for a pilot scheme to fund reasonable adjustments and support for disabled candidates seeking election to the Local Government elections. Further information may be viewed at <https://www.disabilitywales.org/projects/access-to-elected-office-fund-wales/>

What being a Councillor entails?

Councillors are elected every five years. Councillors are democratically accountable to residents of their electoral ward. The overriding duty of Councillors is to the whole community, but they have a special duty to their constituents, including those who did not vote for them.

Once elected, Councillors are expected to attend various training and development sessions during their term of office. A Councillor Induction programme is provided for all new and returning Councillors during the first 12 months in office with further training provided on an ongoing basis through member development events. Councillors should set aside time during the first 3 months after the election for the Councillor Induction Programme.

Councillors are expected to attend meetings and committees and must observe the provisions of the Councillor's Code of Conduct. Further information may be viewed [here](#)

The Council fully support hybrid meetings, where Councillors can physically or remotely attend Council, Cabinet, and the majority of Committee Meetings. These are called hybrid / Multi-Location Meetings (MLM). They can be useful for people with responsibilities such as work, caring etc., by allowing them to participate from a location convenient to them.

As local representatives, Councillors have responsibilities towards their constituents and local organisations. These responsibilities and duties often depend on what the Councillor wants to achieve and how much time is available and may include: attending governing body meetings of schools within their ward, attending meetings of local organisations such as tenants' associations, bodies affecting the wider community, raising issues on behalf of members of the public, holding surgeries for residents to raise issues and meeting with individual residents in their own homes.

Councillors are entitled to a basic salary (£17,600 per annum in 2023-2024). Senior Salaries and other allowances / expenses are paid dependent on the roles and responsibilities the Councillor may have after the election.

Councillor Facilities & Support

The Council Business Unit, often know as Democratic Services, is responsible for Supporting and arranging meetings of the Council, Cabinet, Committees etc., and provides a dedicated support service to all Elected Members, providing advice on the practice of meetings to Councillors, Officers, and the public. The service also help

Councillors with queries and admin related requests as well as supporting Councillors' health and wellbeing.

The Head of Democratic Services whose role is to support Members in non-executive roles will offer all Members the opportunity to undertake a Personal Development Review at least once a year, to provide in confidence an opportunity for all Members to discuss their role, training opportunities and other areas of support if required. A dedicated training programme is developed following the review process.

Digital devices, broadband provision and ICT support are essential to enable Councillors to carry out their responsibilities effectively and securely. All Councillors have been provided with suitable digital devices and telephony provision following the Member Induction Programme following the 2022 Local Government Election.

Duty 3. Accessing Information about Decisions made, or to be made, by the Principal Council - *Providing greater access to information about decisions that have been made, or that will be made by the council*

Notices of Meeting

The Council will give five clear working days' notice for any formal meeting of the Council by posting details electronically on the Council's web site (in some circumstances it may be necessary to publish committee papers no-later than three clear working days).

However, an exception will arise where the Council has received an application from the Police under section 53A of the Licensing Act 2003 for the summary review of a premises licence (The Council being required to decide on whether to take any preliminary measures within 48 hours of receiving the application), the Council may give less than 3 clear days' notice of the meeting of the Licensing Committee meeting called to consider the application.

Access to Agenda & Reports Before the Meeting

Copies of the agenda and reports open to the public shall be available for inspection [here](#)

If an urgent item is added to the agenda following its original publication, the Head of Democratic Services will publish the amended agenda and report to the website once available. The period of public inspection will be from the time the item was added to the agenda.

Access to Minutes etc., After the Meeting

The Council will make available copies of the following on its website for a period of six years after a meeting:

- i) Minutes of formal Council, Cabinet & Committee meetings or record of decisions taken by the Cabinet.
- ii) The agenda for the meeting.

From May 2023, the Council will introduce Decision Notices to assist the public in understanding the outcome of reports relating to items when the meeting was open to the public. A decision note will detail, attendance, any interests declared, and decisions will be published on the Authority's website within 7 days of the meeting.

Access to View Meetings

The Council will ensure members of the public can attend or view meetings that are open to the public either:

- i) In person
- ii) Through the Council's online meeting platform (zoom) if making representations /asking questions.
- iii) By watching a meeting live via our webcast page or in archive (the webcast will be available to view for 6 months). Requests for copies of archived webcasts beyond 6 months can be made through Democratic Services.

Note: This does not apply when exempt or confidential information is being discussed.

Duty 4. Making representations to the Principal Council about a decision before, and after, it is made - *Providing and promoting opportunities for residents to provide feedback to the Council, including comments, complaints and other types of representations*

As part of this public participation strategy, the Council has created useful engagement guides to enable the public to understand how to submit a question or address a Committee. [These guides can be found under the links in section 2 of the strategy.](#)

As a Council we value all customer feedback good or bad and use this information to both improve and develop services to meet the needs of both customers and local communities. The Council's Comments, compliments and complaints [policy](#) outlines

the Council's process for dealing with complaints and other customer feedback such as compliments and comments and explains what we do with the feedback we receive.

If a Member of the Public wished to submit a comment or complaint about a service received by the Council the following options are available:

- Contacting local County Councillor
- Contacting the member of Cabinet responsible for the service area
- Contacting the responsible officer at the Council or their line manager
- Using the Council's Comments, Compliments and Complaints [procedure](#)
- Contacting the Public Services Ombudsman for Wales at 1 Ffordd Yr Hen Gae, Pencoed, CF35 5LJ. Telephone: 0845 601 0987 or via the website www.ombudsmanwales.org.uk.

Comments or complaints regarding the conduct of a councillor should be directed to the Council's Monitoring Officer (director.legal@rctcbc.gov.uk) or the Public Services Ombudsman for Wales.

Duty 5. Arrangements made, or to be made, for the purpose of the Council's duty in section 62 of the 2011 Measure (bringing views of the public to attention of overview and scrutiny committees)

How can I become Involved in Scrutiny?

Scrutiny provides an opportunity for the public (residents, community organisations, partners, etc.), to become involved in Council activities. If you are a resident you may ask questions at Scrutiny meetings. Further information is included in the Scrutiny Participation guide.

Getting involved in scrutiny is one of the best ways to influence decision making at the Council, as Councillors will hear your experiences first hand. There are several ways you can get involved in the work of scrutiny at the Council:

- i) Attending a Scrutiny meeting.
- ii) Contribute views / evidence on issues being examined by scrutiny.
- iii) Keeping up to date with what's happening in scrutiny.

All scrutiny meetings are open to the public except where exempt information must be discussed. A list of meeting dates and agenda items can be found [here](#). If you would like to attend a meeting (physically or remotely) simply follow the instructions on the agenda.

Going forward, we will look to utilise the service user voice following public consultations to engage in work programme planning for the appropriate scrutiny committee.

We will also further strengthen the existing arrangements we have in place to evaluate the impact the Council's work has had on service users and the achievement of outcomes, and incorporate this into our performance management processes.

Duty 6. Benefits of Councillors using social media to communicate with local people - Promoting awareness of the benefits of using social media to communicate with residents to councillors

Social media is a powerful tool for Councillors, helping them to engage with communities, raise awareness of community issues, events, or Council initiatives and to seek views and receive feedback.

Social media has changed how politics works, it makes politicians and public institutions more accessible, allows individuals to have their voices heard and helps share ideas or promote campaigns.

By using social media you can:

- i) Learn about local issues, and concerns within your ward.
- ii) Find the latest news and publications from Rhondda Cynon Taf Council, other Local Authorities, the Welsh Government, and organisations such as the Welsh Local Government Association.
- iii) Promote your role and what you do on a day-to-day basis.
- iv) Share information quickly and gain opinions of your constituents.

Many Councillors already use social media; however, Councillors must remember that they are bound by the Code of Conduct as it equally applies to online and social media content. Councillors are personally responsible for the content they publish and must abide by the Code of Conduct when posting information.

Councillors have been provided with social media training opportunities to help with the managing of their Council social media accounts. Councillors are strongly advised to take forward a separate Councillor account and refrain from sharing any personal information on this account with their own personal social media platforms. A social Media policy is also available.

Infographics to assist Councillors with online civility have been promoted by the Council Business Unit, for Councillors to utilise.

Councillors' social media accounts are listed under each Councillors profile on the Council website to assist with constituents being able to access Councillors.

Other resources for Councillors to use in respect of personal safety and online abuse are listed below:

The Welsh Local Government Association has provided free guidance for Councillors along with tips and advice in terms of handling on-line abuse.

EQUALITY IMPACT ASSESSMENT FORM INCLUDING SOCIO-ECONOMIC DUTY

(Revised March 2021)

Please refer to the current Equality Impact Assessment guidance when completing this document. If you would like further guidance please contact the Diversity and Inclusion Team on 01443 444529.

An equality impact assessment **must** be undertaken at the outset of any proposal to ensure robust evidence is considered in decision making. This documentation will support the Council in making informed, effective and fair decisions whilst ensuring compliance with a range of relevant legislation, including:

- Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011
- Socio-economic Duty – Sections 1 to 3 of the Equality Act 2010.

This document will also contribute towards our duties to create a More Equal Wales within the

- Well-being of Future Generation (Wales) Act 2015.

The [‘A More Equal Wales – Mapping Duties’](#) guide highlights the alignment of our duties in respect of the above-mentioned legislation.

SECTION 1 – PROPOSAL DETAILS

Lead Officer: Christian Hanagan

Service Director: Christian Hanagan

Service Area: Democratic Services and Communications

Date: 03/05/23

1.a) What are you assessing for impact?

Strategy/Plan	Service Re-Model/Discontinuation of Service	Policy/Procedure	Practice	Information/Position Statement
<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

1.b) What is the name of the proposal? **Rhondda Cynon Taf Public Participation Strategy 2023**

1.c) Please provide an overview of the proposal providing any supporting links to reports or documents.

Under the Local Government and Elections (Wales) Act 2021, local authorities in Wales must publish a Participation Strategy that sets out the ways in which local people are encouraged to participate in decision-making by the Council.

Rhondda Cynon Taf Council have well established engagement processes and are committed to involving residents and other stakeholders in the democratic process.

This Strategy complements the RCT Involvement & Engagement Framework (2020-2024) and associated guidance. The Framework was endorsed by the Council's Overview & Scrutiny Committee on the [20th January 2020](#). The Strategy aims to enable residents to better understand the democratic process and the role they can play in local democracy.

The Strategy is a living document and will be reviewed and evaluated regularly

1.d) Please outline where delivery of this proposal is affected by legislation or other drivers such as code of practice.

We have committed to implementing relevant standards and principles that inform our approach. The standards include

- [National Principles for Public Engagement in Wales \(2022\)](#)
- [Children and Young People’s National Participation Standards \(2016\)](#); and the [United Nations Convention on the Rights of the Child](#)
- The Older People’s Commissioner - [Effective Engagement with Local Authorities: Toolkit for Older People](#)
- The [Equalities Act \(2010\) - Engagement and Equality Duty](#): A guide for public authorities
- [Welsh Language Standards](#) in particular standards 44, 91, 92 and 93
- [The Well-being of Future Generations \(Wales\) Act 2015](#)

1.e) Please outline who this proposal affects:

- Service users
- Employees
- Wider community

SECTION 2 – SCREENING TEST – IS A FULL EQUALITY IMPACT ASSESSMENT REQUIRED?

Screening is used to determine whether the initiative has positive, negative or neutral impacts upon protected groups. Where negative impacts are identified for protected groups then a full Equality Impact Assessment is required.

Please provide as much detail as possible of how the proposal will impact on the following groups, this may not necessarily be negative, but may impact on a group with a particular characteristic in a specific way.

Equality Act 2010 (Statutory Duties) (Wales) Regulations 2011

The Public Sector Equality Duty requires the Council to have “due regard” to the need to eliminate unlawful discrimination, harassment and victimisation; advance equality of opportunity between different groups; and foster good relations between different groups. Please take an intersectional approach in recognising an individual may have more than one protected characteristic.

<u>Protected Characteristics</u>	Does the proposal have any positive, negative or neutral impacts	Provide detail of the impact	What evidence has been used to support this view?
Age (<i>Specific age groups i.e. young people or older people</i>)	Positive	<p>The strategy embeds and reinforces our commitment to engage with people of all ages from school age upwards. We specifically work with Youth Forums, Older Person Forums and Community Groups, as well as ensuring no direct discrimination in membership of Citizen Panels or other points of access into consultation and engagement activities.</p> <p>Indirect discrimination is possible in activities that take place wholly or mainly online, such as social media actions or live-streaming events. In these cases, we will endeavour to provide alternative involvement or</p>	<p>Population by age (Census 2021 output, rounded)</p> <p>UK Consumer Digital Index 2021 (report on digital exclusion across the UK)</p>

		<p>assistance to anyone who needs it to access online services, but we recognise that digital exclusion generally affects older age groups disproportionately and will therefore impact our older residents more than younger age groups.</p> <p>Through our work with the Older People's Advisory Group (OPAG) actions have already been taken to reduce reliance on online-only activities and information. The group fed back to us that their members were sometimes struggling to use digital resources, so we have developed a range of printed material and ensured the return of face-to-face meetings when possible (which had been suspended during COVID-19 restrictions).</p> <p>We also provide the option of a freepost address and a contact centre telephone number.</p>	
<p>Disability <i>(people with visible and non-visible disabilities or long-term health conditions)</i></p>	<p>Positive</p>	<p>The strategy embeds and reinforces our commitment to engage with people with disabilities. We specifically work with Disability Forums and Community Groups, as well as ensuring no direct discrimination in membership of Citizen Panels or other points of access into consultation and engagement activities.</p>	<p>Limiting long-term illness or disability by local authority (Stats Wales)</p> <p>The Social Model of Disability (Disability Wales guide)</p> <p>Plain English guides (also applicable to writing in Welsh)</p>

		<p>We have also committed to the use of Plain English and Cymraeg Clir and ensuring a range of accessible formats are available when needed.</p> <p>We recognise that people experience disability in many ways and there is no one universal “accessible” standard, and therefore will work to remain flexible and open to innovation in the ways we engage with residents and communities.</p> <p>The strategy commits to having information and people available to help residents and communities understand resources – this includes the production of Easy Read versions of documents, signposting and working with support services and remaining flexible to meet different requirements. The strategy also commits to talking to people in their communities where possible, reducing the need for travel or access to central locations.</p> <p>The Welsh Government has approved funding for a pilot scheme to fund reasonable adjustments and support for disabled candidates seeking election to the Local Government elections. In addition, due to Council commitments made to the following groups of people we would like you to consider impacts upon them:

	Does the proposal have any positive, negative or neutral impacts	Provide detail of the impact	What evidence has been used to support this view?
Armed Forces Community <i>(anyone who is serving, has served, family members and the bereaved)</i>	Positive	The Consultation and Engagement Team is co-managed with the Armed Forces Liaison Officers (AFLOs) for RCT and neighbouring Local Authority areas. This close working fosters direct engagement and links with Veteran groups and serving members of the Armed Forces, as well as ensuring up-to-date understanding of the needs of the Armed Forces community in the area. Carers <i>(anyone of any age who provides unpaid care)</i>	Positive	The strategy commits RCT to the principles and practice of co-production and partnership working. This will encourage greater cooperation with community and other third-party groups/ organisations, including existing support networks for carers. We have also committed to greater efforts to meet people in their own communities, which is intended to reduce barriers of travel and time commitments to	Co-production Knowledge Base (information and guides to co-production in Wales) Carers Wales (facts and figures) Caring National Survey for Wales

If the initial screening test has identified negative impacts then a full equality impact assessment (section 4) **must** be undertaken. However, if after undertaking the above screening test you determine a full equality impact assessment is not relevant please provide an adequate explanation below:

Are you happy you have sufficient evidence to justify your decision? Yes No

Name: Bea Jeffries

Position: Community Data Analyst

Date: 16.09.2022

Please forward a copy of this completed screening form to the Diversity and Inclusion Team.

PLEASE NOTE – there is a separate impact assessment for Welsh Language. This must also be completed for proposals.

Section 3 Socio-economic Duty needs only to be completed if proposals are of a strategic nature or when reviewing previous strategic decisions. Definition of a 'strategic nature' is available on page 6 of the [Preparing for the Commencement of the Socio-economic Duty](#) Welsh Government Guidance.

SECTION 3 – SOCIO-ECONOMIC DUTY (STRATEGIC DECISIONS ONLY)

The Socio-economic Duty gives us an opportunity to do things differently and put tackling inequality genuinely at the heart of key decision making. Socio-economic disadvantage means living on a low income compared to others in Wales, with little or no accumulated wealth, leading to greater material deprivation, restricting the ability to access basic goods and services.

Please consider these additional vulnerable groups and the impact your proposal may or may not have on them:

- Single parents and vulnerable families
- Pensioners
- Looked after children
- Homeless people
- Students
- Single adult households

- People living in the most deprived areas in Wales
- People with low literacy and numeracy
- People who have experienced the asylum system
- People misusing substances
- People of all ages leaving a care setting
- People involved in the criminal justice system

<u>Socio-economic disadvantage</u>	Does the proposal have any positive, negative or neutral impacts	Provide detail of the impact	What evidence has been used to support this view?
<u>Low Income/Income Poverty</u> <i>(cannot afford to maintain regular payments such as bills, food, clothing, transport etc.)</i>	Neutral	The strategy commits to finding new ways to reach people beyond online engagement. Currently the majority of information regarding becoming a Councillor and the documents and information regarding democratic processes and decisions are only accessible online in the first instance (where print is available, it is by request and therefore requires an existing level of understanding of the services/ processes involved). This creates a barrier to access for anyone who is digitally excluded by income/ wealth/ material deprivation, as well as any health or social barrier leading to digital exclusion.	UK Consumer Digital Index 2021 (report on digital exclusion across the UK) Welsh Index of Multiple Deprivation (latest figures: 2019)
<u>Low and / or No Wealth</u> <i>(enough money to meet basic living costs and pay bills but have no savings to deal with any unexpected spends and no provisions for the future)</i>	Neutral	The strategy commits to finding new ways to reach people beyond online engagement. Currently the majority of information regarding becoming a Councillor and the documents and information regarding democratic processes and decisions are only accessible online in the first instance (where print is available, it is by request and therefore requires an existing level of understanding of the services/ processes involved). This creates a barrier to access for anyone who is digitally excluded by income/ wealth/ material deprivation, as well as any health or social barrier leading to digital exclusion.	
<u>Material Deprivation</u> <i>(unable to access basic goods and services i.e. financial products like life insurance, repair/replace broken electrical goods, warm home, hobbies etc.)</i>	Neutral	<p>To mitigate this, we will create better signposting to information in libraries, One4All centres and other community facilities where computers are available for public use, as well as highlighting the resources being available at face-to-face events and when meeting with and talking to people in their area.</p> <p>The strategy's commitment to innovation will encourage new ways of</p>	

		presenting information and engaging with people who are unable to access online resources, and to work to remove barriers to access where possible.	
--	--	---	--

<u>Socio-economic disadvantage</u>	Does the proposal have any positive, negative or neutral impacts	Provide detail of the impact	What evidence has been used to support this view?
<p><u>Area Deprivation</u> <i>(where you live (rural areas), where you work (accessibility of public transport))</i></p>	Positive	<p>The strategy commits to talking to people in their communities where possible, reducing the need for travel or access to central locations. RCT has a number of areas scoring highly on the Welsh Index of Multiple Deprivations, and the strategy commitment to innovation and flexibility in engagement will allow for approaches tailored to each area. This will allow people in disproportionately deprived areas will be able to have their say and become more engaged with Council activities and decision-making.</p> <p>By creating better signposting to information in libraries, One4All centres and other community facilities where computers are available for public use, as well as highlighting the resources being at face-to-face events and when available meeting with and talking to people in their area.</p> <p>The strategy's commitment to innovation will encourage new ways of presenting information and engaging with people who are unable to access online resources, and to work to</p>	

		remove barriers to access where possible.	
Socio-economic background <i>(social class i.e. parents education, employment and income)</i>	Neutral	The strategy commits to working with existing community groups, including those centred on a variety of characteristics. However, this does not address people or communities who are not involved in these existing networks – for those marginalised or excluded groups the primary access to information and involvement would be through online resources and activities. This compounds the impact of digital exclusion and will be addressed through the promised innovation and development of new ways of working.	
Socio-economic disadvantage <i>(What cumulative impact will the proposal have on people or groups because of their protected characteristic(s) or vulnerability or because they are already disadvantaged)</i>	Neutral		

SECTION 4 – FULL EQUALITY IMPACT ASSESSMENT

You should use the information gathered at the screening stage to assist you in identifying possible negative/adverse impacts and clearly identify which groups are affected.

- 4.a) In terms of disproportionate/negative/adverse impacts that the proposal may have on a protected group, outline the steps that will be taken to reduce or mitigate the impact for each group identified. **Attach a separate action plan where impacts are substantial.**
- 4.b) If ways of reducing the impact have been identified but are not possible, please explain why they are not possible.
- 4.c) Give sufficient detail of data or research that has led to your reasoning, in particular, the sources used for establishing the demographics of service users/staff.
- 4.d) Give details of how you engaged with service users/staff on the proposals and the steps taken to avoid any disproportionate impact on a protected group. Explain how you have used feedback to influence your decision.
- 4.e) Are you satisfied that the engagement process complies with the requirements of the Statutory Equality and Socio-economic Duties?
- Yes No

SECTION 5 – MONITORING AND REVIEW

5a) Please outline below how the implementation of the proposal will be monitored:

Consultation and engagement activities are monitored throughout the year. Records are kept of individual activities and campaigns, and a new Reflection and Evaluation process is being designed to ensure that learning from each activity is embedded into the design of future actions. Visitor traffic and activity on the Let's Talk RCT website is reported quarterly to assess growth, alongside feedback from users that is reviewed and evaluated.

Specific points of action and success markers are listed in the strategy document, particularly regarding the Democratic Process section.

The strategy feeds into live framework and work processes across the Council, and will be reviewed regularly to ensure it is fit for purpose and achieving the stated aims.

5b) When is the evaluation of the proposal due to be reviewed?

On a regular basis, at least annually.

5c) Who is responsible for the monitoring and review of the proposal?

Lead officers: Democratic Services, Engagement and Consultation teams

5d) How will the results of the monitoring be used to develop future proposals?

Points of learning or challenges/ failures will be noted in the evaluation of each activity and will feed into future design of activities. Successes will be identified and celebrated as examples of good practice.

SECTION 6 – REVIEW

As part of the Impact Assessment process all proposals that fall within the definition of ‘Key Decisions’ must be submitted to the Review Panel. This panel is made up of officers from across Council Services and acts as a critical friend before your proposal is finalised and published for SLT/Cabinet approval.

If this proposal is a Key Decision please forward your impact assessment to Councilbusiness@rctcbc.gov.uk for a Review Panel to be organised to discuss your proposal. The EqlA guidance document provides more information on what a Key Decision is.

It is important to keep a record of this process so that you can demonstrate how you have considered equality and socio-economic outcomes. Please ensure you update the relevant sections below

Proposal Name:	Rhondda Cynon Taf Public Participation Strategy 2023
Department	Cabinet Office and Public Relations
Service Director	Christian Hanagan
Officer Completing the WLIA	Bea Jeffries
Email	bea.jeffries@rctcbc.gov.uk
Phone	n/a
Brief Description	<p>Under the Local Government and Elections (Wales) Act 2021, local authorities in Wales must publish a Participation Strategy that sets out the ways in which local people are encouraged to participate in decision-making by the Council.</p> <p>Rhondda Cynon Taf Council have well established engagement processes and are committed to involving residents and other stakeholders in the democratic process.</p> <p>This Strategy complements the RCT Involvement & Engagement Framework (2020-2024) and associated guidance. The Framework was endorsed by the Council’s Overview & Scrutiny Committee on the 20th January 2020. The Strategy aims to enable residents to better understand the democratic process and the role they can play in local democracy.</p>
Date	

<p>Please outline who this proposal affects? (Service Users, Employees, Wider Community)</p>	<p>Service users, RCTCBC staff, community groups, wider community, those who work and live in RCT, third party partners</p>

<p>What are the aims of the policy, and how do these relate to the Welsh Language?</p>	<p>To ensure that all consultation, engagement and participation activities carried out by RCTCBC meet a high standard and enable residents, staff and other communities to take part in the democratic process and have their views heard. The Welsh-speaking communities in Rhondda Cynon Taf are an integral part of the wider community and must be provided the same information and routes to participation as any others.</p>
<p>Who will benefit / Could the policy affect Welsh language groups? If so, list them here.</p>	<p>This strategy affects every part of Council engagement and consultation activity and the access to key information on the democratic processes by anyone who lives or works within RCT. The strategy commits to developing relationships and working with Welsh language groups across the county borough area.</p>
<p>Current linguistic profile of the geographical area(s) concerned</p>	<p>The 2021 Census indicated that of the 230,318 polled residents living in the County Borough, 12.4% (28,556) were able to speak Welsh, whilst the remaining 87.6% (201,762) were not able to speak Welsh. This can be compared to the all-Wales figures that showed of the 3,018,172 polled residents living Wales, 17.8% (538,296) were able to speak Welsh, whilst the remaining 82.2% (2,479,876) were not able to speak Welsh.</p> <p>The Annual Population Survey collects information about respondents' Welsh speaking ability and includes a question on how often people speak Welsh. The Annual Population Survey for the quarter ending December 2021, reported that 20.9% of respondents living in the County Borough said they could speak Welsh, compared to the all Wales percentage of 29.5% of respondents.</p>
<p>Other relevant data or research</p>	<p>We have committed to implementing relevant standards and principles that inform our approach. The standards include</p> <ul style="list-style-type: none"> • National Principles for Public Engagement in Wales (2022) • Children and Young People's National Participation Standards (2016); and the United Nations Convention on the Rights of the Child • The Older People's Commissioner - Effective Engagement with Local Authorities: Toolkit for Older People • The Equalities Act (2010) - Engagement and Equality Duty: A guide for public authorities • Welsh Language Standards in particular standards 44, 91, 92 and 93 • The Well-being of Future Generations (Wales) Act 2015 <p>The following sources of information and research have been considered in the development of the strategy and Impact Assessments:</p> <ul style="list-style-type: none"> • Population by age (Census 2021 output, rounded) • UK Consumer Digital Index 2021 (report on digital exclusion across the UK)

Stage 2 – Impact Assessment

In this section you need to consider the impact, the evidence and any action you are taking for improvement. This is to ensure that the opportunities for people who choose to live their lives and access services through the medium of Welsh are not inferior to what is afforded to those choosing to do so in English, in accordance with the requirement of the Welsh Language (Wales) Measure 2011.

Please note there is a separate impact assessment for Equality and Socio-Economic duty that must also be completed for policy proposals.

Remember that effects that are positive for some groups could be detrimental to others - even among Welsh language groups. Consider the effects on different groups. For example, a proposal may be beneficial to Welsh learners, but not to Welsh speakers.

Previous Welsh Language Impact Assessments can be found on Inform by [clicking here](#).

Will the proposed action affect any or all of the following?

	Does the proposal have any positive, negative or neutral impacts?	Describe why it will have a positive/negative or neutral impact on the Welsh language.	What evidence do you have to support this view?	What action(s) can you take to mitigate any negative impacts or better contribute to positive impacts?
<p>Opportunities for persons to use the Welsh language</p> <p>e.g. staff, residents and visitors</p> <p>The rights of Welsh speakers and learners to use Welsh when dealing with the council and for staff to use Welsh at Work</p>	Positive	In line with RCT policies, all resources and information are presented “Welsh first”. Anyone accessing our online or print resources will be proactively provided with the text in Welsh first, with English translations following. This reduces the burden for Welsh-speakers to request a translated document	<p>Section 44 Welsh Language (Wales) Measure</p> <p>Welsh Language: Setting the Standards</p> <p>All other RCT policies and workplans regarding Welsh language standards and usage</p>	Ensuring that in-person activities include Welsh-speaking members of staff would be a great help. This is reliant upon staffing levels or support from other teams, but will always be requested and arranged when possible.

		<p>when needed, as well as hopefully encouraging occasional or beginner speakers of Welsh to practice their reading yn Gymraeg.</p> <p>It is not possible to staff all in-person or face-to-face events with fluent Welsh speakers due to staffing limitations. However, all staff are encouraged by RCTCBC to learn and use basic Welsh phrases, and Welsh translation services are also available on request.</p>		<p>When planning events/ meetings, the responsible team will liaise with the Welsh Language Service to ensure simultaneous translation and appropriate printed materials are made available at all times. All invitations to events or meetings will include the proactive offer of translation services as required.</p> <p>The teams involved in consultation and engagement events will also explore options for hosting Welsh-medium sessions to encourage Welsh language speakers to use the language when interacting with Council services and staff.</p>

Stage 2 – Impact Assessment

Will the proposed action affect any or all of the following?

<p>Numbers and / or percentages of Welsh speakers e.g Welsh Medium Education / Study Opportunities. Links with the Welsh Government's Cymraeg 2050 Strategy / RCTCBC Five Year Welsh Language Strategy</p>	Positive	<p>This strategy does not remove/ limit any existing spaces for the Welsh language.</p> <p>The teams involved will explore options for hosting Welsh language sessions to encourage greater participation in Welsh across the county borough area.</p>	n/a	<p>The focus of the strategy is increasing participation and engagement across Council activities, generally as part of action plans/ strategic actions within other Council teams and areas. By always maintaining a Welsh-first approach and ensuring that everyone involved in engagement activities and events is aware of the Council's Welsh Language policies and processes, the staff delivering on this strategy will encourage greater use and consideration for the Welsh language and its speakers.</p>
<p>Opportunities to promote the Welsh language e.g. status, use of Welsh language services, use of Welsh in everyday life in work and in the community</p> <p>Actively encourage and promote the use of our services in Welsh to see an increase in demand over time</p>	Positive	<p>The activities covered by this strategy will promote the use of the Welsh language in line with the RCT Welsh Language Strategy and other relevant policies.</p>	n/a	

Stage 2 – Impact Assessment

Will the proposed action affect any or all of the following?

	Does the proposal have any positive, negative or neutral impacts?	Describe why it will have a positive/negative or neutral impact on the Welsh language.	What evidence do you have to support this view?	What action(s) can you take to mitigate any negative impacts or better contribute to positive impacts?
<p>Compliance with the Council’s Statutory Welsh Language Standards e.g increasing or reducing the Council’s ability to deliver services through the Medium of Welsh.</p> <p>Consider the rights of Welsh speakers to use Welsh when dealing with the Council and for staff to use Welsh at Work</p>	Positive	Through engagement with Welsh language groups and the provision of Welsh language consultation and engagement avenues, this strategy ensures that this very public-facing aspect of Council business proactively encourages the use of Welsh language. We aim to build confidence in Welsh language speaking communities that the Council will provide services and engagement through Welsh.	Fully bilingual consultation services are already provided through our Let’s Talk/ Dewch i Siarad website and all printed materials used in consultation and engagement activities. Recent consultations such as the WESP and the forthcoming Welsh Language 5 year Promotion Strategy were developed through active engagement with Welsh language groups across RCT, and this approach will be developed and encouraged for future actions.	Working closely with RCT’s Welsh Language Services team will enable greater provision of Welsh-medium events and simultaneous translation offers at all public events and meetings.
<p>Treating the Welsh language, no less favourably than the English language</p>	Positive	In line with RCT Policies and Welsh Government best practice guides, all written materials and online services are provided in Welsh-first bilingual format. We also follow

		the RCT Council policy regarding responding to communications received in Welsh to the same timescales and standards as any received in English.		
<u>Stage 3 - Strengthening the proposal</u>				
Having listed actions in section 2 which may mitigate any negative impacts or better contribute to positive impacts – please record below which ones you will imbed into the policy proposal and who will be responsible for them.				
Also consider is the proposal necessary? Would it be possible to meet demand without any new developments? Could other existing provision be used? Where should the development be?				
What are you going to do?			When are you going to do it?	Who is responsible?
Explore options for hosting Welsh-medium events and meetings across the county borough			Throughout the span of this strategy's lifecycle	All teams planning consultation and engagement activities
If ways of reducing the impact have been identified but are not possible to implement, please explain why. Give sufficient detail of data or research that has led to your reasoning.				
What was identified?			Why is it not possible?	
Staff capacity/ Welsh language fluency in team			Existing staff have learned/ are learning, but it is a slow process. No budget for additional staff.	

Stage 4 – Review

For all policy proposals, whether it is a Significant Key Decision or not, you are required to forward this assessment to Welsh Language services – welshlanguageofficer@rctcbc.gov.uk and the Consultation and Engagement team – consultation@rctcbc.gov.uk in the first instance for some initial guidance and feedback.

As part of the Welsh Language, Equalities and Socio Economic Duty Impact Assessment Process all proposals that fall within the definition of Significant Key Decision should present at the Officer Review Panel. This panel is made up of officers from across Council Services and acts as a critical friend before your report is finalised and published for SLT/Cabinet approval.

If this proposal is a Key Strategic Decision please forward your completed (Stage 1>6) impact assessment, policy proposal/report and consultation report to CouncilBusiness@rctcbc.gov.uk for an Officer Review Panel to be organised to discuss your proposal. [See our guidance document](#) for more information on what a Significant Key Decision is.

It is important to keep a record of this process so that we can demonstrate how we have considered and built in sustainable Welsh language considerations wherever possible. Please ensure you update the relevant sections below in collaboration with the relevant departments.

Officer Review Panel Comments	Date Considered	Brief description of any amendments made following Officer Review Panel considerations
Consultation Comments	Date Considered	Brief description of any amendments made following consultation

Stage 5 – Monitoring, Evaluating and Reviewing

How and who will you monitor the impact and effectiveness of the proposal?

The Democratic Services, Engagement and Consultation Teams will monitor all consultation and engagement activities covered by this strategy to ensure consistency and learning from good practice. Regular reviews of the strategy and achievements against it will be conducted by relevant senior managers.

Stage 6 – Summary of Impacts for the Proposal

Provide below a summary of the impact assessment, to include some of the main positive and negative impacts along with an overview of actions taken since the impact assessment to better contribute to more positive impacts. This summary must be included in the Welsh Language Considerations section of the SLT/Cabinet report template. It is not suitable to only write 'please see full report at Appendix x' in the body of the report. The impact assessment must be published alongside the report.

RHONDDA CYNON TAF COUNTY BOROUGH COUNCIL

MUNICIPAL YEAR 2023-24

OVERVIEW AND SCRUTINY COMMITTEE

24th May 2023

OVERVIEW & SCRUTINY WORK PROGRAMME PLANNING

**REPORT OF THE SERVICE DIRECTOR DEMOCRATIC SERVICES &
COMMUNICATIONS**

1. PURPOSE OF THE REPORT

- 1.1 The purpose of this report is to provide an opportunity for Members of the Overview and Scrutiny Committee to review the Cabinet Work programme to determine if there are items that they wish to include in their Scrutiny Work Programme and the opportunity to consider items for referral to the thematic Scrutiny Committees, for purposes of Pre-Scrutiny and to support them in determining a Work Programme.

2. RECOMMENDATION

It is recommended that Members of the Overview & Scrutiny Committee:

- 2.1 Agree any matters arising from the Cabinet Work Programme for inclusion in the Overview & Scrutiny Committee's Work Programme for the 2023/24 Municipal Year.
- 2.2 Agree to the inclusion of topics, listed in 6.1 in the overview and Scrutiny Committee Work Programme or where necessary, refer such matters to the thematic Scrutiny Committees.

- 2.3 Determine if there are any further topics that are suitable for pre-scrutiny by the Overview and Scrutiny Committees from the Cabinet Work Programme for the 2023-24 Municipal Year (as set out at **Appendix 1**).
- 2.4 Agree which matters arising from the Cabinet Work Programme, should be referred to the thematic Scrutiny Committees for inclusion in their individual Work Programmes.

3. REASONS FOR RECOMMENDATIONS

- 3.1 There is a requirement to devise and publish a Work Programme for each of the Council's Scrutiny Committees as set out in Part 4 of the Constitution (Overview & Scrutiny Procedure Rules). The Overview & Scrutiny Committee is responsible for setting and agreeing its own Work Programme. However, the Overview and Scrutiny Committee also has a co-ordinating role and will ensure that there is no duplication of work across the thematic scrutiny committees.
- 3.2 Opportunity is provided to the Overview & Scrutiny Committee to consider the proposed list of matters requiring consideration by Cabinet during the 2023/24 Municipal Year to ascertain whether there are any topics which can undergo pre-scrutiny by this Committee as detailed in 6.1 of the report

4. BACKGROUND

- 4.1 Members should be reminded that the Scrutiny Work Programmes will remain a flexible "working" document, which will allow for a more flexible approach to be adopted and to recognise the needs of emerging priorities and provides opportunity for Scrutiny Working Groups to be taken forward and training provision where requested.
- 4.2 The work programme should reflect the committee's aims and objectives as well as add value to the work of the Council. It is up to the Committee to agree the items for inclusion in its work programme, but ideas are brought together from a number of sources to assist members in their choices. It is important that all Members have the opportunity to put forward items for consideration
- 4.3 Other principles which are taken into account:
 - The work programme represents a mixed selection of topics;
 - It meets deadlines in relation to other Council meetings and those of external partners;
 - Consideration as to whether the topic duplicates review activity which is taking place elsewhere; and
 - Flexibility- to ensure that new topics can be factored in and changes accounted for.

5. **CABINET WORK PROGRAMME**

- 5.1 Attached at **Appendix 1** is the Cabinet Work Programme for 2023/24 and Committee is asked to consider if there are any topics that can undergo pre-scrutiny by this Committee.

6 **SCRUTINY WORK PROGRAMME**

- 6.1 When considering the Cabinet Work Programme 2023/24, it is recommended that Members of the Overview and Scrutiny Committee consider that the following items should be included as pre-scrutiny items within the Overview and Scrutiny work Programme, or referred to the thematic Scrutiny Committees where the remit extends to those Committees

- Review of Dog Control PSPO
- Draft Local Flood Risk Management Strategy
- Director of Social Services Annual Report
- Adult Services Strategy
- Council Corporate Plan - Investment Priorities
- Cwm Taf Carer's Annual Report
- Community Infrastructure Levy Annual Report
- Corporate Asset Management Plan

- 6.2 The Overview and Scrutiny Committee are advised that where items have been identified as part of the ongoing updates section in the cabinet work programme, specific timelines will be identified and opportunity will be provided to the Overview and Scrutiny Committee to determine whether such matters should be added to their Work Programme for consideration.

7. **EQUALITY AND DIVERSITY IMPLICATIONS**

- 7.1 An Equality Impact Assessment is not needed because the contents of the report are for information purposes only and further analysis of each of the Work Programme will be needed if the recommendations are to be taken forward.

8. **CONSULTATION**

- 8.1 A draft Work Programme will be compiled following discussion with Overview and Scrutiny Committee in consultation with Council Officers, the Chair and Vice Chair as well as the relevant Cabinet Member.

9. **FINANCIAL IMPLICATIONS**

9.1 There are no financial implications aligned to this report.

10. LEGAL IMPLICATIONS AND LEGISLATION CONSIDERED

10.1 The report has been prepared in accordance with paragraph Part 4 of the Constitution (Overview & Scrutiny Procedure Rules).
