1 Declaration of Interest

In accordance with the Council's Code of Conduct, there were no declarations made pertaining to the agenda.

2 Minutes

It was **RESOLVED** to approve the minutes of the meeting held on March 2023 as an accurate reflection.

3 Climate Change Cabinet Sub Committee Work Programme 2023-20: Municipal Year

The Service Director, Democratic Services and Communications presented Climate Change Cabinet Sub Committee Work Programme 2023-24 to Members.

The Chair emphasised that Members were very keen on attending site visits. A Member confirmed that they welcomed the suggestion of site visits through

County Borough.

Following discussion, Members **RESOLVED**:

1. To approve the Climate Change Cabinet Sub-Committee Programme for the 2023-2024 Municipal Year, as attached as A/1;
2. To agree to undertake site visits during the Municipal Year proposed list of locations:
 - Launch of School Eco Awards;
 - Ysgol Gynradd Gymraeg Awel Taf, Rhydyfelin;
 - [Soaring Supersaurus](#), Penrhys;
 - Canolfan Calon Taf; and
 - Welcome to our Woods – [Crop Cycle](#)
3. To receive a future report of the Chair with the findings from each site visits.

4 'Think Climate RCT' The Council's Tackling Climate Change Strategy 2025

The Performance Manager presented the 'Think Climate RCT: The Council's Tackling Climate Change Strategy 2022-2025' to Members.

The Chair welcomed the report in this format and commented that she liked the hyperlinks contained within the report. The Chair noted that because procurement lays such a large part of the Council's Carbon Reduction targets, she would like to see more about procurement in the quarterly reports.

Discussions ensued and a Member noted that the report fits in well with the Council's Corporate Plan and that the report highlights how much work is done in the background by the Council to hit their targets. The Member referred to the Electric Vehicle report that is due to come to the Sub Committee in December and queried whether we could invite the National Grid to attend the meeting to see what their plans are for the future. The Chair agreed that was a good suggestion and the Director of Corporate Estates agreed to liaise with the National Grid to arrange a suitable time.

Discussions continued and another Member welcomed the report and commented that it was useful to have all the information in one place and that this was a useful tool for the public. Another Member agreed and welcomed the report format going forward. In respect of the National Grid, a Member suggested that the Chair has a pre meeting with Officers prior to the December meeting to ascertain what the key issues are so that the necessary challenge can be provided to the National Grid.

Following discussion, Members **RESOLVED**:

1. To consider the information contained within the report;
2. To invite the National Grid to attend a subsequent meeting of the Sub Committee as part of the Sub Committee's Work Programme; and
3. To note the potential to further embed the Council's response to

Change into the business of the Council as part of the development of the Council's new Corporate Plan.

5 'Nature on Your Doorstep': Update on the implementation of the Living Landscape project in Rhondda Cynon Taf

The Director of Prosperity & Development presented the 'Nature on your Doorstep' to Members in order to Members on local places for nature grant funded works undertaken in 22/23 and planned for 24/25.

Discussions ensued and the Chair welcomed the report and noted that Council Members previously met the Apprentices, however, the Chair suggested there would be a good opportunity for Cabinet Members to meet with the Apprentices again on a site visit. Another Member agreed and noted that the Committee previously met the graduates and that it would be useful for the Committee to meet with the Apprentices.

Discussions continued and a Member noted that we have fantastic nature across the County Borough. The Member referred to the Carnetown project and noted how pleased he was to see this on the list and once that area has been assessed, the Member requested if Officers could provide an update which could be shared with the community. Officers agreed to get back to Members when the area develops.

A Member praised the Council's work with graduates and Apprentices and noted that this will play a huge part in our planning and development and praised the detailed report.

Following discussion, Members **RESOLVED**:

1. To consider the progress reported, the planned expenditure and contribution to the broader objective of developing a Living Landscape project across RCT;
2. To arrange a site meeting for the Committee to meet with Biodiversity Apprentices

6 Urgent Business

There was no urgent business to report.

This meeting closed at 2.30 pm
