An analysis of the TEN's applications indicates, 25 for existing premises licenses, 18 for permitted community events and 5 from Private Members Clubs. The number of TEN's submitted for this period remains steady with a total of 48 received. Furthermore, we once again see a trend for TEN's to be submitted for the sale of alcohol at rugby games played in local clubs selling alcohol as an off sale. In addition, there have been several events in the community and on licensed premises to mark the King's Coronation. Moreover, as the Summer months now approach, we are starting to receive TEN's for outdoor festivals such as the Big Welsh Bite.

The Head of Service for Public Protection and Regulatory Services reported that since the last Committee report, there had been no contested applications and no reviews to report during this period, however, an Appeal had been lodged by the Old Post Office (Squares), Porth whereby confirmation has been received from the courts that the hearing will be relisted and that a future date for the hearing to take place will be arranged shortly.

Members were referred to section 4.3 of the report, where the premises inspections and infringements were outlined. It was reported that the current performance level for inspected premises which is now at 90.15% compared to 89.94% during the previous reporting period and officers are working continuously with these premises to ensure they become compliant.

In addition, a premises in Aberdare town centre has received a pre application meeting for an Off Licence, this meeting was a few months ago and since then it is believed the ownership has changed hands. As such, Licensing Officers have offered a further pre application meeting to the new owner. Also, it appears the premises is currently operating primarily as a vape shop.

Members learned that the Licensing Team along with their colleagues from other Responsible Authorities have attended several pre application meetings recently, for Off Licences, moreover, late Night Refreshment establishments and On Licences, these meetings have been received well overall.

In terms of the recovery of annual fees, Members were advised that the authority has a very robust process to ensure payment is received and will take action such as suspension where necessary, and that several premises have had their licence suspended during this period, which has triggered a reaction and payment from the premises resulting in the suspension being lifted. Moreover, because of the static nature of the trade, there is little change to the position, where 100% recovery of annual fees is the standard, primarily due to the robust provisions contained within the legislation which allow for withdrawal of the licence/permit for non-payment of appropriate fees.
