#### 39 Delegated Functions Report

The Group Director presented the report in respect of the key issues being addressed as delegated functions and as specified in the Pension Fund

Governance Policy Statement.

The Group Director referred Members to the performance of the fund detailed at paragraph 4.3 of the report and explained that during the quarter ending 31<sup>st</sup> March 2023, the overall value of the Fund increased from £4,103 million to £4,256 million.

The Group Director informed Members that the Pension Fund is progressing the investment into Blackrock GIS 4 Infrastructure Fund, in line with the agreed Asset Allocation Strategy, with capital contributions to date totalling £29.5 million. Members were also informed that the Pension Fund is committing £70 million to the closed ended infrastructure first vintage launched by the Wales Pension Partnership, with the first capital call of £4.47 million transferred on 30<sup>th</sup> May 2023.

A Member asked what the increase in value equated to as inflation had been high at 10%. The Group Director advised that inflation is one of the factors that influences the level of return and fed back that the Fund's asset allocation strategy is increasing the value of the Fund's assets over the long term, noting that the level of return may not be in line with short term changes in the rate of inflation.

A Member referred to the Asset Allocation Strategy and asked if there was a timescale in which to progress to Step 3 of the Strategy.

The Group Director advised that the availability of appropriate infrastructure investment opportunities is a key determining factor, with the delivery of the Asset Allocation Strategy anticipated to cover at least a 5-year period.

The Service Director Pensions, Procurement and Transactional Services then took Members through section 5 of the report.

A Member asked if there is a method to recall overpayments. The Service Director fed back that depending on the circumstances, there may be opportunity to off-set overpayments against future payments due and in other cases there will be a need to raise an invoice to recover the funds.

Following discussion, Members **RESOLVED** to note the issues being addressed in the Delegated Functions report.
