Employ more staff that can offer services through the medium of Welsh OR support more staff to learn Welsh	Important for children to have an oppourtunity to use Welsh outside of school	Need to appoint Welsh speakers in every department	Essential for children entry age, in fact- from birth, to have access at Welsh language. That's when parents will choose which language medium education for their children
I like the idea of a reading group. Familiar books could be read that non-Welsh speakers would already have a knowledge of making understanding and translation easier			Promoting the benefits of being bilingual
