**SCHOOL ATTENDANCE STRATEGY FOR 2018 – 2021
“MISS SCHOOL, MISS OUT”**

**REPORT OF DIRECTOR OF EDUCATION AND INCLUSION SERVICES IN
DISCUSSIONS WITH THE CABINET MEMBER FOR EDUCATION (COUNCILLOR JOY
ROSSER)**

AUTHOR(s): JESSICA ALLEN, (01443 744298)

1. PURPOSE OF THE REPORT

The purpose of this report is to provide Members with the full Draft School Attendance Strategy, 2018 – 2021, including the action plan that will have to be implemented to raise the awareness of good school attendance and improve the current rates across Rhondda Cynon Taf.

2. RECOMMENDATIONS

It is recommended that Members:

- 2.1 Note and comment on the information contained within this report.
- 2.2 Consider whether they wish to explore in greater depth any matters contained in the report.
- 2.3 Approve implementation of the draft School Attendance Strategy for 2018-2021..

3. BACKGROUND TO THE REPORT

- 3.1 Since 2016, attendance rates in Rhondda Cynon Taf have started to decline. Local data indicates that primary attendance is likely to have dropped from 94.6% in 2015/16 to 94.2% in 2017/18, although this is yet to be verified. Secondary attendance has declined from 93.9% to 93.0% over the same period, evidencing the need for a revision of the School Attendance Strategy to address the key issues contributing to the reduced attendance rates.
- 3.2 Unauthorised absence has increased during this period, especially in secondary schools where it has risen from 1.8% to 2.3%. This has resulted in a greater number

of referrals from schools being received by the Attendance and Wellbeing Service in an attempt to tackle the absenteeism:

	Academic Year		
	2015/16	2016/17	2017/18
Number of referrals received by AWS	1195	1663	1686

- 3.3 The Attendance and Wellbeing Service was restructured in April 2018 to account for the changes in attendance experienced in schools and the evolving needs of service users: See [Appendix 1](#) for service structure. The cases being managed by the Attendance and Wellbeing Service only account for approximately 4% of all statutory pupils.
- 3.4 The new service is more focused on delivering a tailored package of support to the pupils and their families who are referred by the school, with a clear expectation on schools to manage their internal processes more effectively. The sharing of good practice, support and challenge meetings and regular registration compliance checks are all part of the support that has been offered to schools to improve their management of school attendance.
- 3.4 Therefore, the strategy will further strengthen the focus on intervention, support and awareness raising of the wider school population, either prior to referral or in addition to the support being provided to the pupils open to the Attendance and Wellbeing Service.

4. KEY PRIORITIES OF THE SCHOOL ATTENDANCE STRATEGY

- 4.1 The strategy will focus on six key priorities, which if achieved effectively, should have a positive impact on school attendance across the County Borough:
- Improve pupil, parent, public and school awareness of school attendance issues by developing a whole authority approach to promoting and improving attendance;
 - Review, evaluate and further develop the use of data, its analysis and the reporting mechanisms to inform service improvements both at local authority and school level;
 - To further develop a robust and sustainable challenge and support system for improving school attendance, linking with other key priorities that impact on and are impacted by absenteeism;
 - To develop an efficient and self-sustainable mechanism for sharing good practice and information on a timely basis that can be accessed independently by schools at any time;
 - To review, evaluate and re-launch key initiatives and interventions to support good attendance and tackle absenteeism;
 - Further develop partnership working to ensure the key objective of improving school attendance is embedded across internal and external agencies.

The full draft strategic action plan can be found in [Appendix 2](#).

Priority 1: Improve pupil, parent, public and school awareness of school attendance issue by developing a whole authority approach to promoting and improving attendance

- 4.2 The overarching slogan of the strategy will be “Miss School, Miss Out”. Under this umbrella, the primary phase will be branded as Super Attender, whilst the secondary phase will link attendance to attainment, hence “Attend Today, Achieve Tomorrow”.
- 4.3 The corporate website and social media accounts will be used as the main platforms for disseminating the messages of the campaign. They will contain imagery of the general messages noted in 4.2, but will also focus on some of the more prevalent ‘excuses’ for non-attendance that RCT will not condone. These include:
- Poor punctuality - not setting an alarm and missing the bus;
 - Missing school for inappropriate reasons – birthdays, shopping trips, holidays;
 - Booking non-urgent medical and dental appointments during the school day.
- 4.4 Schools can link their own social media accounts and websites to the corporate posts/tweets/pages to emphasise their involvement and backing of the local authority’s attendance strategy.
- 4.5 The ‘Super Attender’ brand will be refreshed and re-launched with a new challenge for the academic year: see [Appendix 3](#) for the letter to parents regarding the ‘Super Attender Challenge’. He will set the challenge at the beginning of the year and highlight the importance of good school attendance at all times. Rewards will be provided by the schools on a termly basis for the following achievements:
- 98% or above attendance in the term period;
 - the most improved attendance (identified by the school); and,
 - the individual who has overcome the most to attend (chosen by the school).
- 4.6 The Attendance and Wellbeing Service will be present at certain parents’ evenings for schools most in need of support, community events such as Christmas festivals, Teddy Bears’ Picnic promoting the benefits of good school attendance.

Priority 2: Review, evaluate and further develop the use of data, its analysis and the reporting mechanisms to inform service improvement both at local authority and school level

- 4.7 Current mid-year school attendance data reports will be realigned to the new Estyn framework, ensuring that schools receive the type of information they require to monitor their performance and identify areas for improvement. These will include vulnerable group data (non-identifiable) and trend data over the past three years split by half term.

- 4.8 Methods for the dissemination of the data will be reviewed with schools to ensure that the attendance lead receives the report and takes timely action to address any issues of concern.
- 4.9 Performance management data will be improved to monitor how both schools and the local authority are performing in relation to improving school attendance.

Priority 3: To further develop a robust and sustainable challenge and support system for improving school attendance, linking with other key priorities that impact on and are impacted by absenteeism

- 4.10 Based on the data collated in 4.7 and 4.9, a revised challenge and support framework has been established.
- 4.11 Registration compliance checks will be undertaken by Attendance Support/Engagement Officers in every school on a termly basis. Coding anomalies and basic practice concerns, will be raised with the head teacher/attendance lead during these sessions and an action plan devised to rectify/improve the identified areas.
- 4.12 Any significant coding and/or process concerns will be escalated to the team leader within the Attendance and Wellbeing Service who will facilitate a data response visit (DRV) with the head teacher/ attendance lead to undertake a more thorough audit of the processes and practices within the school, highlighting areas for improvement and good practice. A formal action plan with timescales for completion will be generated as part of the initial meeting. The review meeting will revisit the actions to determine if they have been met and their impact.
- 4.13 For schools causing significant concern, timely data-led senior meetings with head teachers will be held with the Director of Education, Head of Secondary School Achievement, Senior Challenge Advisor and the Attendance and Wellbeing Service. These schools will be those whose practices do not appear to be effective in improving and sustaining attendance levels. Support will be offered to self-evaluate the school's current position in comparison to 3 year trends, and develop a subsequent improvement plan to address these issues.
- 4.14 Effective innovation groups will be established and key schools invited to participate throughout the year. Each group will focus on a key area which the schools are struggling to achieve.

Priority 4: To develop an efficient and self-sustainable mechanism for sharing good practice and information on a timely basis that can be accessed independently by schools at any time

- 4.15 Resource packs have been compiled for use by all schools. They include a revised School Attendance Toolkit, template policies, self-evaluation framework and interventions to raise attendance within school prior to reaching the threshold for a referral to the Attendance and Wellbeing Service. These prevention activities, if implemented fully, could reduce the number of pupils becoming entrenched absentees.

- 4.16 Good practice information will be shared in a timely and meaningful way that school can access independently at a time when they require it. The Source for Schools platform will be used to share the information and resources electronically. The information will be collated according to key strategy areas, such as, communication with pupils, communication with parents, data and evaluation, graduated response and interventions, school attendance policy, link with Governing Body, tackling persistent absenteeism, closing the gap, etc.
- 4.17 Wellbeing days for senior school staff will be offered to support school-to-school support for a sustainable improvement model. Identified good practice, both internal and external to Rhondda Cynon Taf, will be presented by the relevant school to others in the County Borough. Discussion sessions and workshops will be facilitated to improve schools' knowledge and expertise base, with key areas including behaviour support, alternative curriculum and exclusion management to support improved attendance and engagement in education.

Priority 5: To review, evaluate and re-launch key initiatives and interventions to support good attendance and tackle absenteeism

- 4.18 Whilst the number of pupils in public places during the school day has reduced in recent years, there is still a need to tackle truancy. Therefore, truancy patrols with South Wales Police and the British Transport Police will continue to run seasonal region-wide operations.
- 4.19 'Truancy Watch' will be introduced throughout 2018/19, where the Attendance and Wellbeing Service will link with local PCSOs for regular patrols following a registration period in the local towns.
- 4.20 The feasibility of 'Truancy-Free Zones' will be scoped. These will require 'buy-in' from local authority services such as libraries, theatres, leisure centres as well as local businesses to challenge school-aged children who are using these facilities during the school day.
- 4.21 In addition, a 'Child Missing Education (CME) Hotline' will be established for members of the public to raise the awareness of truancy hotspots for the Attendance and Wellbeing Service to patrol at key times.
- 4.22 School-based initiatives, delivered by the Attendance and Wellbeing Service, would be reviewed and effective initiatives introduced. The balance between case work and initiatives would need to be struck to ensure that the most vulnerable pupils are not being overlooked at the expense of other initiatives. Types of initiatives include:
- Super Attender Challenge;
 - Secondary school target groups facilitated via restorative circles;
 - Attendance/punctuality panels;
 - Meet and Greet sessions;
 - Daily Absence Response Teams.

Priority 6: Further develop partnership working to ensure the key objective of improving school attendance is embedded across internal and external agencies

- 4.23 The strategy will require all service areas throughout the authority taking a shared responsibility for improving attendance at school. Working links with internal service will need to be established and/or further developed to ensure that school attendance is given consideration when planning support for children and their families.
- 4.24 A robust multi-agency monitoring procedure for persistent absentees (under 80%) will be established to ensure that schools are prioritising these learners for the appropriate support from Access and Inclusion Services to assist them to reengage in their education. Consultation meetings will be established to strengthen the school-based graduated response adopted for learners with persistently poor attendance. Strategic actions will be agreed as a result of these meetings and monitored on a termly basis to ensure effective implementation.
- 4.25 Learner voice initiatives to be established to gather information from cohorts of pupils on the challenges they face regarding school attendance.
- 4.26 Similar working links should be established with external partners that work with children, young people and their families to ensure that school attendance is a priority for them in their business plans and individual action/support plans for the pupils they work with.

5. MONITORING AND REVIEW

- 5.1 The strategy has been developed for implementation from the Autumn term 2018 to August 2021 (three academic years). However, the strategy will be reviewed on an annual basis to ensure each element has been implemented fully and the impact it is having on school attendance across RCT evaluated.
- 5.2 Regular updates on the progress against the action plan will be provided by the Head of the Attendance and Wellbeing Service and reviewed by the Director of Education on a quarterly basis.
- 5.3 Annual updates will be presented to Children and Young People's Scrutiny Committee on an annual basis for review and challenge.

6. EQUALITY AND DIVERSITY IMPLICATIONS

- 6.1 This is an information report. No Equality Impact Assessment screening form is required.

7. CONSULTATION

- 7.1 This is an information report, no consultation is required.

8. FINANCIAL IMPLICATIONS

8.1 There are no financial implications.

9. LEGAL IMPLICATIONS OR LEGISLATION CONSIDERED

9.1 None at present.

10. LINKS TO THE COUNCILS CORPORATE PLAN/OTHER CORPORATE PRIORITIES/SIP

10.1 Good school attendance has a clear link to the Council's priority of Building a Strong Economy. Improved school attendance will have a positive impact on achievement and on this priority.

11. CONCLUSION

11.1 The six priority areas identified in section 4 of this report will provide the framework for all stakeholders to operate against to improve attendance.

11.2 All priorities must be achieved if the strategy is to be effective and achieve maximum results.

11.3 It should be noted that the improvement of school attendance does not rest with one service or organisation, and a multi-agency focus is necessary if all barriers to learning are to be removed for pupils.

11.4 Future service improvements within Education will need to consider school attendance and evidence how they will contribute to the improving attendance agenda.

APPENDIX 3

Dear parent/carer,

Super Attender's Challenge

Good attendance at school is essential for all pupils as it increases a child's chances of achieving their full potential. For this reason, it is a key priority for Rhondda Cynon Taf County Borough Council and is why we have developed a new School Attendance Strategy. To support the aims of the strategy, Rhondda Cynon Taf's Super Attender has launched his own challenge to encourage all primary aged pupils to be in school every day when they are well enough to do so. Super Attender will recognise the good attendance of pupils at the end of each term period, with individual pupils being recognised for their achievements using official data, overseen by the Attendance and Wellbeing Service.

Prizes will be awarded to individual pupils who have achieved:

- 98% or above attendance in the term period;
- the most improved attendance (identified by the school); and,
- the individual who has overcome the most to attend (chosen by the school).

We are inviting all primary aged pupils from every Rhondda Cynon Taf school to take part and have a chance to be recognised as part of Super Attender's Challenge.

Ways your child can rise to Super Attender's challenge include:

- Attend school on their birthday and celebrate with their friends and teachers;
- Make sure you set an alarm clock so that they're at school in plenty of time for the first bell;
- Attend non-urgent doctor and dentist appointments outside of school time;
- Take time to spend with family during holiday times rather than term time.

These few ideas can make a big difference to your child's attendance and have a positive impact on their educational outcomes.

We welcome your support with this challenge and hope that the incentive of your child reaching their potential will encourage you both to build upon their previous attendance level.

If you have any queries relating to this initiative, please contact your local school or the Attendance and Wellbeing Service at aws@rctcbc.gov.uk. For more information about school attendance, please see www.rctcbc.gov.uk/schoolattendance

Yours faithfully,

<<Head Teacher>>
