Outcome:	

STAGE 1 - UNDERSTANDING NEED & DEMAND

What is currently delivered / received and how?
Why do we need to deliver and/or receive this product or service?
 What are the legislative, regulatory or statutory requirements?
What are the current policies in respect of service delivery?
What is happening to (local) need?
Who uses it and will the requirement change in the future (i.e. the demand in the short
and longer term)?
and longer term)?
and longer term)? What is currently being spent on services?
What is currently being spent on services?
What is currently being spent on services? What resources are currently being used to deliver the service? • How is the service funded and are there any specific responsibilities to funders
What is currently being spent on services? What resources are currently being used to deliver the service? • How is the service funded and are there any specific responsibilities to funders (specific terms and conditions for example).
What is currently being spent on services? What resources are currently being used to deliver the service? • How is the service funded and are there any specific responsibilities to funders (specific terms and conditions for example). Are there any contracts currently in place with external suppliers / contractors?
What is currently being spent on services? What resources are currently being used to deliver the service? • How is the service funded and are there any specific responsibilities to funders (specific terms and conditions for example).

Stage 2 - Challenging existing and reviewing alternative service delivery models

Overall, how effective is current service provision?

Does the	current service model deliver:
o Tl	ne required outcomes
o V	alue for money
o A	co-ordinated service
	s currently involved in the planning and delivery of the service and how e more involved in the future?
Based upon the want to achieve	need & demand, now and in the future, what outcomes does the Service?
Does the currer place?	t service prevent problems from getting worse or occurring in the first
· · · · · · · · · · · · · · · · · · ·	e available to deliver the service in a different more innovative way that) and deliver better outcomes? <u>KEY CONSIDERATIONS:</u>
Describe the need	d and demand for this service.
	ment for the service(s) delivered to continue? o, why?
Can any or all of t	he elements of current delivery be decommissioned?
Doos the market	
Does the market	offer competition, choice and diversity?
	offer competition, choice and diversity? collaborate with others?

What alternative service delivery models are available?
