

### **1. Customer Feedback Scheme 2018/19 – Overview**

The following provides a general overview and brief analysis of the feedback received for 2018/19.

The data was provided by Service Feedback Co-ordinators using the CRM system reporting tool, which identifies levels of feedback received, together with examples of service change directly made as a result of customer comments, compliments or complaints.

It is evident that not all feedback is currently captured on the CRM reporting tool and that whilst this report provides a picture of feedback activity there are improvements required to ensure that accurate data is captured going forward. Training for all system users is planned for 2019/20 to ensure that customer feedback is consistently logged and that any service development and improvements resulting from this can be captured and reported on.

### **2. Key findings**

- The 10 working day response timescale for complaints was met 73% of the time. This is a 6% improvement on the timescales reported in 2017/18 (67%)
- Online feedback is the most popular means of communication with 61% of customer feedback received via the Council's website. This represents a 6% increase on web feedback in 2017/18.
- Face to face feedback only accounts for 1% of the total feedback received. Whilst this remains low as in previous years it is recognised that comments and compliments made to individual officers across services are difficult to capture and may not be an accurate reflection of the level of activity in this area.
- Only 34 (3.5%) of the complaints received progressed to Stage 2 of the complaints procedure.
- The highest number of complaints and compliments were received for highways and Streetcare.
- There were no Ombudsman investigations with all complaints referred to the ombudsman being resolved or closed. (see section 6)
- There is little data available for the Education Department with only 1 complaint being reported with 11 complaints being referred to and dealt with under the Schools complaints policies. This is a priority area for the Customer Feedback Team going forward in ensuring all available data is captured and is currently being addressed.

*"I would just like to thank you and all members of your team from the bottom of my heart, you have made my dreams come true, I feel I can now spend the rest of my life in peace. I am so happy and look forward to moving in to my new flat"... customer of home finder team*

## 5. Outcome of complaints

➤ Complaints outcomes for 2018/19 are logged under the following 4 categories:

- **Upheld** - The Council considers that it has failed to provide a service or that the service delivered falls below the expected standard and/or is not in line with policy and procedure.
- **Not upheld** - The Council is satisfied that it has provided the service in line with relevant legislation, policy and guidance and meets an expected standard.
- **Partially upheld** - An element but not all of the complaint meets the 'upheld' criteria.
- **Not determined** - Outcome is not determined or case is not closed properly.

Improvements have been made to the CRM to improve the quality of the categorisation of complaints in line with the requirements of the Public Services Ombudsman Wales. Further work is required to ensure all service areas are capturing feedback and that CRM users are all trained and confident to use the system ensuring complaints are both logged and closed properly.

## 6. Ombudsman complaints.

- 36 Complaints were referred to the Office of Public Services Ombudsman, all of which were resolved successfully by the relevant service areas.
- The figures below also include 14 complaints that refer to Adult and Children's Services, the details of which are included in the Social Services Complaints Annual Report 2018/19.
- Further information and a breakdown of Ombudsman complaints can be accessed through the Ombudsman's Annual Letter for RCT issued on the 7<sup>th</sup> August 2019.

**Under the PSOW Act 2019: Shaping the Future the Public Services Ombudsman Wales has been given new powers to undertake own initiate investigations into Public Bodies in Wales. This means they do not have to have received a complaint to investigate an area of concern identified through themes or trends. More information can be found at <https://www.ombudsman.wales/publications/>**

## **7. Examples of service Improvements and actions taken as a result of feedback.**

### **Corporate Estates**

- Review of toilet facilities for the public in all public facing buildings and offices resulting in a change of policy to allow use of toilet facilities at Sardis One4All.

### **Customer Care**

- One4all – Blue Badge application form amended to make it clear as to the level of evidence required to enable an application to be processed.
- Website – procedure introduced for all Welsh Language Forms to be tested by a Welsh Speaker before they are made live on the website.
- Contact Centre - Alert system introduced to identify when call handling times exceed threshold, following complaint re. Length of call.

### **Leisure**

- Improvements to changing facilities at Tonyrefail.
- Improved signage at Bronwydd swimming pool.

*“Being a retired P.E. teacher it is wonderful to see the continuous work being done on the leisure centres in RCT” ... customer*

### **Parks and Countryside**

- New dog waste bins installed with more regular collections.
- Water tanks in cemetery refilled before they become empty

### **Prosperity and Development**

- Improvements made to the system for checking and verifying applicant’s eligibility for a renovation grant.
- Staff reminded of their responsibilities under GDPR following a data breach where information on an Empty Property Grant was sent to the applicant’s relative in error. Additional guidance on the relevant system provided to staff to prevent a reoccurrence.

**Further work has been identified as necessary in order to capture themes and service development as a result of customer feedback. This is a priority area for the Customer Feedback and Engagement Team along with the development of the ‘you said, we did’ website page.**

On Monday I reported fly tipping. Today it was sorted efficiently. They even cleaned the area. Thank you!!

## **8. Compliments and Comments**

- Compliments accounted for 52% of the feedback received for Customer Care the majority of which were thanking contact centre and One4all staff for their assistance.
- The highest number of compliments and comments were received for highways and street care with positive feedback relating to the promptness in which services were provided in particular responding to reports of fly tipping and repairs to highways and pavements.
- More compliments than complaints were received for Arts and Theatres with compliments representing 81% of feedback received.

*“What a night! All of the performers were outstanding. It was so pleasing to see acts from our local communities on stage, under the lights and getting the applause that they so richly deserve”.....customer - theatres*

## **9. Examples of comments and compliments**

***“Compliment to the advisor who took the call for a delivery of recycling bags, advisor was very polite, helpful and pleasant. Also to the recycling crew who delivered the bags in record time. Excellent service all round and would like to praise RCT for the service provided”...Customer - Crosscutting***

***“Thank so much for all of your help. You have been truly amazing. Please pass on my thanks to your team manager and please let them know that you are a fantastic person who is excellent at your job. Your help has made all of my questions and move very easy and I am extremely grateful for all that you have done. You are an asset to RCT and we need more people like you!!! Thank you again.” Customer – Council Tax***

***“Just wanted to say a big thank you to your wonderful library staff who were so helpful to me today and who went above and beyond. I don't live in Wales anymore but the staff reminded me how warm and welcoming the valleys are”***  
Member of public – Library Service

## **10. Work programme and identified improvements.**

The Customer Feedback and Engagement Team has identified the following improvements to be undertaken as part of the Team's work programme for 2019/20:

- Improved training for all Customer Feedback Scheme Co-Ordinators will be provided in 2019/20 to ensure all feedback is both logged and closed appropriately on the Customer Record Management System.
- A mechanism for frontline staff to capture customer feedback to be developed, encouraging face to face comments and compliments to be formally logged. E.g. Customer satisfaction cards, customer survey.
- Information on the Council's Website will be improved with clearer information for customers on how to engage with the Council and provide feedback on services received.
- The Customer Feedback and Engagement Team will analyse Public Services Ombudsman activity and use this information where appropriate to Benchmark Service areas against Ombudsman expectations and recommendations to other Councils following complaints and;
- along with relevant service areas, through improved analysis of customer feedback, identify where we can learn and make improvements to services or share examples of good practice
- Through the development of 'you said we did' provide feedback to Customers through a variety of Social Media channels and through the Council's Website.
- The Manager of the Customer Feedback and Engagement Team will continue to represent the Council on the National Complaints Groups and will identify where we can develop the Customer Feedback Scheme through good practice noted in other Local Authorities.
