Illustration of Covid Impact on CfW+ and Legacy Delivery

Targeted early support with education and the employability programmes for more vulnerable residents

Care2Work - The Care2Work programme provides children looked after, young people with care and support needs and care leavers with encouragement and support to identify and access a range of training and employment opportunities.

Step in the right direction - this offers two year paid traineeships for children looked after and care leavers aged 16-25. It develops their skills, knowledge and provides work experience in the Council.

Gateway to Employment – The Education Employment and Training team in partnership with Coleg y Cymoedd is working with learners with additional learning and physical needs and arranging suitable placements within the Council for one year to increase employability skills and sustainable employment.

Breaking the Cycle – multi-partnership between EET, CfW+ and SW Police Integrated Offender Management for prolific and priority offenders.

Employment and Skills delivery during Lockdown

- Online provision for courses expanded access to employability provision through a partnership with the Digital College.
- Remote telephone provision or through Teams for people to receive mentoring support and jobsearch support.
- Loan of tablets and computers to customers/learners to enable them to continue to engage with us.
- Well-being champions and sessions to support tutors and learners (led a bid for WG on behalf of RCT, MT and Bridgend ACL Partnerships).
- The Council's Graduate and apprenticeship schemes continued to offer opportunities.
- Mental health support developed with partner organisations.

There are 4 major challenges currently:

- The loss of European Social Funds which support a number of significant employability programmes and uncertainty of WG CfW+ and Legacy Fund grants continuing beyond March 2022;
- The ending of the furlough scheme in April;
- The longer term impact of Covid-19 on individuals, businesses, and communities;
- National government programmes potentially affecting local delivery e.g. DWP 'JETs' and 'RESTART' commissioned provision.
