## Welsh Language Impact Assessment

## WELSH LANGUAGE IMPACT ASSESSMENT

This Welsh Language Impact Assessment (WLIA) enables the Council to consider the principles and requirements of the Welsh Language Standards (No.1) Regulations 2015<sup>1</sup> to ensure compliance with the Welsh Language (Wales) Measure 2011<sup>2</sup>.

It is to be read alongside the draft Welsh in Education Strategic Plan (WESP) and the Equality and Socio-Economic Impact Assessment, as the information in all documents is related and the themes within them are cross-cutting.

Brief Description	Section 84 of The School Standards and Organisation (Wales) Act 2013 <sup>3</sup> requires LAs to prepare a WESP. The WESP must contain proposals and targets to improve the:
	<ol> <li>Planning and standards of Welsh medium education and teaching; and</li> <li>Report on progress made to meet the targets of the previous WESP.</li> </ol>
	Since our first WESP was submitted to the Welsh Government (WG) in 2016, there have been significant changes in the Welsh medium education sector at local and national levels. These changes have been mainly influenced by WG legislation, in particular the new Welsh in Education Action Plan <sup>4</sup> and further implementation of the 21 <sup>st</sup> Century Schools and Colleges Programme <sup>5</sup> .
	The WG has also updated the regulations regarding WESPs, with the WESP (Wales) Regulations 2019 <sup>6</sup> and the WESP (Wales) (Amendment) (Coronavirus) Regulations 2020 <sup>7</sup> focusing on four proposals. The principal two being:
	1. Extending the duration of the WESP from its current three year implementation cycle to a ten year implementation cycle; and

	2. The removal of the current duty on Local Authorities (LAs) to plan their provision of Welsh medium education based on demand, with the requirement that LAs achieve targets set by the WG which aim to increase the percentage of year one learners in Welsh medium education over the duration of the WESP.
Date	21 <sup>st</sup> June 2021.
Outline who this	The WESP is a County Borough wide plan. As such all children,
Proposed Strategy / Plan Affects?	learners, parents / carers and the wider community residing in the County Borough could benefit from it.
	In addition, several external groups and organisations could benefit
	from the WESP. These include, but are not limited to:
	<ul> <li>Central South Consortium Joint Education Service (CSC JES).</li> <li>Coleg y Cymoedd.</li> </ul>
	Cwm Taf Morgannwg University Health Board (CTMUHB).
	Menter laith.

Aims of the	
	Our target, during the ten year lifespan of this WESP, that has been set
Proposed Strategy /	by the WG, is to:
Plan? How do these	
Relate to the Welsh language?	Increase the percentage of year one learners in Welsh medium education by between 8.0% to 12.0% during the ten year lifespan of this WESP. This equates to an increase from 506 year one learners in Welsh medium education to between 720 and 825 year one learners in Welsh medium education.
	This target is based on contributing to the overall long term target, set out in Cymraeg 2050 – A Million Welsh Speakers of one million people in Wales being Welsh speakers by 2050.
	As well as the target to increase the percentage of year one learners in Welsh medium education, the WESP includes seven outcomes or areas setting out how LAs are expected to improve Welsh medium and Welsh language education in their locality. The priorities are:
	<ol> <li>Outcome 1: More nursery / three year old learners receive their education through the medium of Welsh.</li> <li>Outcome 2: More reception / five year old learners receive their</li> </ol>
	2. <b>Outcome 2:</b> More reception / five year old learners receive their
	education through the medium of Welsh.
	3. <b>Outcome 3:</b> More learners continue to improve their Welsh language skills when transferring from one stage of their statutory education to another.
	4. <b>Outcome 4:</b> More learners study for assessed qualifications in Welsh (as a subject) and subjects through the medium of Welsh.

Welsh Language Services encourage you to consider further the following:

• To consider the steps you'll take to increase the positive impacts or mitigate any negative impacts. You may wish to consider things such as marketing activities, choice architecture and proposed interventions that will assist the proposal to reach the targeted outcomes.			
In Section Three, we encourage you to draw down the mitigation from Section Two that you intend to implement. This is to			

demonstrate and record the commitment to these changes for officer(s) / SLT / Cabinet to be aware of (as not all intended actions will be possible to implement).

## Stage Five – Monitoring, Evaluating and Reviewing

In accordance with the WESP (Wales) Regulations 2019, the Council will make every effort to build and maintain constructive working relationships with all relevant groups and organisations who can contribute towards the success of this WESP. Of particular importance in the formulation, implementation and evaluation of the WESP will be our WESP Strategic Group. The WESP Strategic Group is comprised of officers from the Council, along with officers from a number of external groups and organisations and is guided by a Terms of Reference.

Alongside, the WESP Strategic Group and of upmost importance to the success of the WESP, is the Marketing and Promotion Sub Group. The Marketing and Promotion Sub Group is comprised of officers from the Council, along with officers from a number of external groups and organisations and is guided by a Terms of Reference.

In Addition to the WESP Strategic Group and Marketing and Promotion Sub Group, where and when necessary, the Council will establish 'task and finish' Sub Groups comprised of officers from the Council, along with officers from a number of external groups and organisations. Each Sub Group will be tasked with the achievement of specified objectives and guided by Terms of Reference.

From 2023 onwards, the Council will implement two main methods of reporting on the progress of this WESP:

- 1. Annual Work Plan.
- 2. Annual Progress Report.

The Annual Work Plan is intended to be a practical working document to help keep track of progress in the short term and will be utilised by the WESP Strategic Group to track progress of this WESP.

The 2019 Regulations require LAs to review their WESP and submit an Annual Progress Report, based on that review, to the WG by 31<sup>st</sup> July each year. The Annual Progress Report is intended to capture the achievements in relation to the WESP.

Whilst the statutory responsibility for the WESP sits with the Council, a range of external groups and organisations have a role in formulating, implementing and evaluating its progress regularly throughout its lifespan.

## Stage Six – Summary of Impacts for the Proposed Strategy / Plan

As the Council looks to the future, it wants to build on what it has achieved to date and make sure that every town and community in the County Borough is a great place to live, work and play. The Council's ambition is for everyone to be as healthy, independent and prosperous as possible throughout their lives. Enabling access to a good education, developing skills and decent employment opportunities are all priority areas.

Integral to achieving this ambition is the vision that:

There are good schools, so all children and young people, whatever their learning need is, have equitable access to good English and Welsh medium education.

The Council will deliver this vision by supporting children to have the best start in life and be ready for learning through an improved early years' system, supporting families through the childcare offer and by investing in new and significantly improved school and community facilities through the 21<sup>st</sup> Century Schools and Colleges Programme.

The Council will show clear leadership and commitment in its vision for Welsh medium education and, as such, our target is to:

Increase the percentage of year one learners in Welsh medium education by between 8.0% to 12.0% during the ten year lifespan of this WESP. This equates to an increase from 506 year one learners in Welsh medium education to between 720 and 825 year one learners in Welsh medium.

The achievement of this target will require a multifaceted approach. Ensuring the availability of Welsh medium education in the right location from the initial early years, through to primary and secondary education, then progressing through to higher and further education for all learners, whatever their learning need, is fundamental to contributing towards the vision of one million people in Wales being Welsh speakers by 2050.

Recognising the importance of Cymraeg 2050, and how essential the education system is to achieve its vision, the WESP sets out the Council's ten year plan for increasing and improving the planning of the provision of Welsh medium and Welsh language education. It builds on the work of the

previous WESP for the period between 2017 to 2022<sup>12</sup> and sets out a workplan which demonstrates how the Council intends to achieve its ten year vision.

In developing this WESP, all current and relevant local, regional and national legislation, strategies, policies and action plans have been taken into consideration in order to encourage and facilitate long term growth in Welsh medium and Welsh language education. The Council has and will continue to ensure there is a clear alignment with all current and relevant local, regional and national legislation, strategies, policies and action plans that impact upon Welsh medium and Welsh language education.
