1. Introduction

The Local Government Pension Scheme (LGPS) (Administration) Regulations 2013 encourages Pension Fund Administering Authorities to introduce an Administration Strategy in order to demonstrate intent and commitment to improving the administrative processes within the LGPS Fund. These regulations are quite specific regarding the disclosure of information and performance statistics as part of this process but provide less guidance in terms of strategy.

This strategy has been developed to build on the existing Service Level Agreements (SLA) and recognises that both Fund Employers and the Rhondda Cynon Taf Pension Fund Administering Authority have a shared role in delivering an efficient and effective Pension Fund to the membership, recognising that such improvements can only be achieved in partnership.

The aims and objectives of this administration strategy document are to assist continuous improvement in Scheme administration functions, and ensure that the principles of the Pension Regulators 'Code of Practice' are consistently applied. This is achieved by introducing a framework to improve and monitor data flow, provide clear lines of communication and make roles and responsibilities transparent as well as meeting disclosure requirements.

The Administration Authority is responsible for the administration of the Local Government Pension Scheme on behalf of the Employers that currently participate in the Rhondda Cynon Taf Pension Fund. These Employers meet the eligibility criteria of the scheme, either as Scheduled, Designated or Admitted Bodies.

This document outlines the policies and performance standards that have been identified through proactive benchmarking, that are necessary to providing a cost effective and high quality pension administration service in partnership with the Rhondda Cynon Taf Fund Employers.

3. Liaison & Communication

Rhondda Cynon Taf Pension Fund is committed to providing a comprehensive communication and information service to participating employers, members and prospective members of the pension scheme. The delivery of high quality service provision depends on the mutual co-operation of the Administering Authority and Fund Employers.

To achieve this aim, each Employing Authority will designate a named individual to act as a **Pensions Liaison Officer**, as the main contact with regard to any aspect of administering the Local Government Pension Scheme (LGPS).

The Pensions Liaison Officer's responsibilities are listed in **Appendix 2**.

Regular contact is maintained between the Administering Authority and Fund Employers by using a multi-channel approach which consists of:

Meetings with Individual Employers

5. Financial Implications

Service Costs

5.1 The costs of administration are directly charged to the Pension Fund and the Administering Authority is responsible for ensuring that value for money is achieved at all times. Where additional costs are incurred for work which is not common to all Employers, or which cannot be regarded as a cost of administration, the Employer may be required to directly reimburse those costs.

5.2 Employers will be required to pay for administrative expenses in relation to the investigation and implementation of a Deferred Debt Agreement (DDA) or other measure under Regulation 64. Employers will be informed if additional administration charges are likely. Professional fees will be recharged to the Employer in all cases, regardless of whether an arrangement is subsequently entered into.

Funding Contributions by Participating Employers

5.3 The Employer's contribution rate is not fixed. Fund Employers are required to pay as much as is necessary to ensure that the proportion of the Fund relating to their organisation is sufficient to meet their liabilities. The Rhondda Cynon Taf Pension Fund is valued every three years by the Fund's Actuary. The Actuary examines the Fund's assets and liabilities and assesses the Employer's contribution rate and deficit contribution if applicable, which will apply for the next three years.

Payment Arrangements

5.4 It is the responsibility of the Employer to ensure that both employee and employer contributions are deducted at the correct rate. This includes any contributions that are due on leave of absence with reduced or no pay and any additional contributions the Pension Fund instruct the Employer to collect. The amounts paid over to the Pension Fund must reflect those contributions deducted.

5.5 Contributions (including any deficit payments) should be paid to the Pension Fund on a monthly basis and all such payments should be accompanied by a breakdown of payments, certified correct by an authorised officer, detailing the period for which the contributions were due, and showing the total pensionable pay for members in the main section of the scheme and the employees contributions deducted, the total pensionable pay for members in the 50/50 section and the employees contributions deducted, the total employer contributions for the period in question.

5.6 All contributions (including Additional Regular Contributions (ARC) and Additional Pension Contributions (APC)) should be credited to the Pension Fund without delay and within the statutory maximum limit of before the 19th of the month following that in which they were deducted in accordance with the requirements of the Pensions Act 1995. The Pension Regulator may be notified if contributions are not received within this time in accordance with

the Fund's Breach Policy. If contributions are overdue by more than one month the employer will be required to pay interest in accordance with the Regulations, **See Appendix 1.**

- 5.7** The Employer will ensure that it pays all Additional Voluntary Contributions (AVC) deductions from its employees to the In House AVC provider according to the published schedule and no later than the 19th of the month following the deduction.
- 5.8** The In House AVC provider will highlight a breach to the Administering Authority in the first instance and the Pension Regulator notified in accordance with the Pensions Act 1995. In the event of a regulatory fine, this fine will be recharged to the Fund Employer.

6. Notifiable Events

- 6.1** Employers should ensure that they engage with the Fund in relation to any activity which could materially affect their liabilities or ability to meet those liabilities, 'notifiable events'. These include, but are not limited to, the following:
- A decision which will restrict the employer's active membership in the Fund in future, or lead to a significant reduction in LGPS pensionable pay
 - Any restructuring or other event which could materially affect the employer's membership, including a decision to cease business
 - A change in the employer's legal status or constitution which may jeopardise its participation in the Fund
 - If the employer has been judged to have been involved in wrongful trading
 - If any senior personnel, e.g. directors, owners or senior officers have been convicted for an offence involving dishonesty, particularly where related to the employer's business
 - Where the employer has, or expects to be, in breach of its banking covenant
 - Details of any improvement notice (or equivalent) served by the appropriate regulator, e.g. Education Funding and Skills Agency, Office for Students, Charity Commission, Regulator for Social Housing etc, or S114 notice for local authorities
- 6.2** Employers should provide this information in advance of the event occurring (where possible) and as soon as practicable thereafter.

7. Associated Policies

Administering Authorities must ensure that existing solid governance arrangements are maintained and developed to help support the decision making process.

The Governance arrangements for the Rhondda Cynon Taf Pension Fund are summarised and clarified in a number of key documents that relate to the effective stewardship of the Fund.

An overarching **Governance Statement of Compliance** that indicates the Fund's position against the Government's best practice standards.

A **Governance Policy Statement** which provides an overview of the management structure, decision making and employer engagement within the scheme.

We are committed to providing a comprehensive communication and information service to participating employers and members of the pension scheme and the services we provide can be found in our **Communications Policy Statement**.

The **Investment Strategy Statement** which shows, in detail how we manage the Fund's investments.

The **Funding Strategy Statement** which provides a summary of how we will fund our pension liabilities and policy on 'Employer Exits'.

The Fund also maintains a **Risk Register**, which assists the monitoring of potential risks and associated actions of mitigation.

All of these documents can be found under the Library/Governance section of our pension website, or alternatively, please contact our helpdesk for a copy.

8. Management & Review

Nominated Representative

- 8.1 An Employer shall nominate a person who will be responsible for pension matters, and who will act as the Administering Authority's primary contact with the Employer. This individual is identified as the Pensions Liaison Officer and their key responsibilities are listed in **Appendix 2**.

They must notify the Pension Fund immediately if there are material changes to authorised signatories or other key contacts within the Employing Authority.

Authorised Signatories

- 8.2 All documents and/or instructions received from an Employer must be signed by an 'Authorised Officer' whose name and specimen signature is recorded in **Appendix 3** of this document. Authorised Officers are responsible for all information passed to the Administering Authority. Only information, which has been signed by a recognised authorised officer, will be actioned by the Pension Fund.

Any proposed change to either the 'Pensions Liaison Officer' or to the list of 'Authorised Signatories' must be notified to the Administering Authority who will supply the Employer with the necessary documentation for completion.

It is the responsibility of the Employer to ensure that the 'Pensions Liaison Officer', and the list of 'authorised signatories' are correct and to notify the Administering Authority of changes to either, immediately.

Review

- 8.3 The Pension Administration Strategy will be kept under review by Rhondda Cynon Taf Pension Fund.

Rhondda Cynon Taf Pension Fund will constantly seek to improve communications between itself and Employing Authorities.

Employers may make suggestions to improve the Pension Administration Strategy for consideration by Rhondda Cynon Taf Pension Fund at any time.

Rhondda Cynon Taf Pension Fund will revise the Pension Administration Strategy following consultation with appropriate parties. The revised Pension Administration Strategy will then be published and circulated to Rhondda Cynon Taf Pension Fund's Employing Authorities and to the Secretary of State.

Employers are welcome to discuss any aspect of the Pension Administration Strategy with the Pension Fund at any time. Employers are welcome to visit the Pension Fund at any time, subject to notice.
