

# What to do if you think you or a friend has been spiked by needle/drink...

Remember...**CARE**

Scan this QR code with your mobile device  
for non-urgent advice and help.

## Communicate

Tell trusted and responsible people around you what has happened – bar staff, security, emergency services.

## Assess

SEEK or REMAIN at PLACE OF SAFETY  
Assess your RISK – consider the following – family and friends near you or contactable, DO NOT DRIVE, DO NOT befriend a stranger.

## Reassure

Risk of serious medical illness is low. Police and Emergency Services will help and advise. In the majority of cases, you will not need to visit the hospital.

## Evidence

Consider – Did anyone witness any spiking? If so, get their names. Consider securing any evidence - who, when, where, what time? Keep the drink secure etc.

# Beth i'w wneud os ydych chi'n meddwl eich bod chi neu ffrind wedi cael eich sbeicio gan nodwydd/bod eich diod wedi'i sbeicio

## Cofiwch...CARE (GOFAL)

Sganiwch y cod QR hwn gyda'ch dyfais symudol  
am gyngor a chymorth nad yw'n frys.

### Cyfathrebu

Dyweddwch wrth bobl ddibynadwy a chyfrifol o'ch cwmpas beth sydd wedi digwydd – staff bar, staff diogelwch, gwasanaethau brys.

### Asesu

CEISIWCH neu ARHOSWCH mewn MAN DIOGEL.  
Aseswch eich RISG - ystyriwch y canlynol - mae teulu a ffrindiau yn agos i chi neu gallwch gysylltu â nhw, PEIDIWCH Â GYRRU, PEIDIWCH ag ymddiried mewn dieithrynn.

### Sicrhau

Mae'r risg o salwch meddygol difrifol yn isel. Bydd yr Heddlu a'r Gwasanaethau Brys yn helpu ac yn cynghori. Yn y rhan fwyaf o achosion, ni fydd angen i chi fynd i'r ysbyty.

### Tystiolaeth

A waeth unrhyw un weld y sbeicio? – Gofynnwch am eu henwau ac ati. Ystyriwch unrhyw dystiolaeth – pwy, pryd, ble, pa amser, cadwch y ddiod yn ddiogel ac ati.
