

## **Appendix 2**

### **RHONDDA CYNON TAF LIBRARY SERVICE DRAFT STRATEGY AND ACTION PLAN 2022-25**

#### **STATUTORY DUTIES OF LIBRARIES IN THE UK**

Local authorities have a statutory duty under the Public Libraries and Museums Act 1964 'to provide a comprehensive and efficient library service for all persons'.

The Act does not specify how local authorities should ensure they deliver a modern and efficient library service that meets the needs of their communities except that they should:

- have regard to encouraging both adults and children to make full use of the library service
- lend books and other printed material free of charge to those who live, work or study in the area

In Wales the duty 'to superintend and promote the improvement of the public library service provided through local authorities' has been devolved to the relevant Welsh Minister and since 2002 this duty has been fulfilled through the Welsh Public Library Standards.

These standards consist of 12 core entitlements and 15 Quality Indicators.

An annual assessment is undertaken of the performance of each Library Service in Wales against the WPLS. Due to the challenges of the Covid-19 pandemic and the closure of public libraries during the National Lockdown, no assessment was undertaken in 2020/21. However, in 2019/20 Rhondda Cynon Taf's Library Service met all 12 core entitlements in full. Of the 9 quality indicators which have targets, Rhondda Cynon Taf achieved 5 in full, 1 in part and failed to achieve 3. The full WPLS Assessment Report can be found on the Welsh Government website.

#### **THE WELLBEING OF FUTURE GENERATIONS ACT 2015**

The long-term aim of the Welsh Government is to build a Wales that is prosperous and secure, healthy and active, ambitious and learning, and united and connected.

The Well-being Goals from the Well-being of Future Generations Act (Wales) Act 2015 are:

- A prosperous Wales
- A resilient Wales
- A healthier Wales
- A more equal Wales
- A Wales of cohesive communities
- A Wales of vibrant culture and thriving Welsh Language
- A globally responsible Wales

Libraries contribute to each of the 7 Well-being Goals by:

- providing access to a world of lifelong learning through books and online information, free access to the internet and the delivery and facilitation of learning opportunities for people of all ages
- encouraging personal development and offering a range of services and activities that promote social and economic resilience

- working with partners to support wellbeing and reduce social isolation including providing information to support individuals to make informed choices and supporting the Book Prescription Scheme
- providing safe and inclusive facilities, and offering support to those who are socially disadvantaged to access provision within their communities that will improve their prospects
- providing places where people can meet and connect with each other and with the services they need locally, including through the development of local hubs
- encouraging and promoting cultural activities for all ages, preserving local collections that safeguard local heritage and ensuring access to materials, and activities in the Welsh language
- making efficient use of resources, recycling materials, and working with MALD and other library services in Wales to develop the All-Wales Library Management system and implement good practice that reduces impact on the environment.

## **THE IMPACT OF COVID-19**

Covid- 19 had a major impact on library provision in 2020-21. The major negative impact was the requirement for services to close during the National Lockdown and during the Local Lockdown in Rhondda Cynon Taf. On-going restrictions as Wales passed through different Alert Levels continued to have a negative effect on the footfall in libraries, although conversely, there was a significant increase in the number of people downloading e-books and e-audiobooks.

Library services adapted quickly to the challenges and provision, such as story-telling and craft sessions for children, transferred online while the development of an 'Order and Collect Service' for books has been extremely popular and enabled libraries to provide services from the end of June 2020 onwards in line with public health regulations.

Mobile library provision was suspended during this period to protect staff and customers as the vehicles were unable to meet social distancing requirements, and there was a need for staff in other areas of the service and elsewhere in the Council to provide resident support. However, additional resources were provided to the @homelibraryservice for residents unable to leave their homes to access books – this has been crucial for the wellbeing of the most vulnerable residents.

It was during this period of lockdown that Community Hubs and the support co-ordinated from library bases locally had the greatest impact on resident health and wellbeing.

It is difficult at this time to assess the longer-term impact of the pandemic, but it is recognised that there will be some customers who still lack confidence in visiting their local libraries and hubs and this may continue for a longer period than anticipated.

## **KEY PRIORITIES**

The financial pressures experienced by local authorities in recent years and those imposed by the Covid-19 pandemic have resulted in the library service reviewing every aspect of its offer to ensure that it:

- remains relevant in an increasingly technological age
- provides access to the range of opportunities and support required by residents
- embraces change and adopts an innovative approach to problem-solving to ensure the service is fit for purpose for the longer term

The focus going forward will be on:
