**CABINET**

**26<sup>th</sup> September 2022**

**COUNCIL PERFORMANCE REPORT – 30<sup>th</sup> June 2022 (Quarter 1)**

**REPORT OF THE DIRECTOR OF FINANCE AND DIGITAL SERVICES IN  
DISCUSSION WITH THE RELEVANT PORTFOLIO HOLDER (CLLR LEYSHON)**

**AUTHOR: Paul Griffiths, Service Director – Finance and Improvement  
Services (01443) 680609**

**1.0 PURPOSE OF THE REPORT**

- 1.1 This report provides Members with an overview of the Council's performance, both from a financial and operational perspective, based on the first three months of this financial year (to the 30<sup>th</sup> June 2022).

**2.0 RECOMMENDATIONS**

It is recommended that the Cabinet:

- 2.1 Note the context of the Council's Services managing the on-going effects of communities recovering from the pandemic and more recently the United Kingdom wide cost-of-living crisis, both of which are contributing to increases in demand for many services and significant inflationary cost pressures.

**Revenue**

- 2.2 Note and agree the General Fund revenue outturn position of the Council as at the 30<sup>th</sup> June 2022 (Section 2 of the Executive Summary).

**Capital**

- 2.3 Note the capital outturn position of the Council as at the 30<sup>th</sup> June 2022 (Sections 3a – e of the Executive Summary).
- 2.4 Note the details of the Treasury Management Prudential Indicators as at the 30<sup>th</sup> June 2022 (Section 3f of the Executive Summary).

## **Corporate Plan Priorities**

- 2.5 Note the Quarter 1 progress updates for the Council's Corporate Plan priorities (Sections 5 a – c of the Executive Summary).
- 2.6 Note the progress update to enhance the Council's short term and long-term response to extreme weather events (Section 6 of the Executive Summary).

## **3.0 REASON FOR RECOMMENDATIONS**

- 3.1 To agree the Council's financial and operational performance position as at the 30<sup>th</sup> June 2022 to enable elected Members and other stakeholders to scrutinise the performance of the Council.

## **4.0 BACKGROUND**

- 4.1 This report provides Members with the first update of the Council's financial and operational performance position for the financial year ending the 31<sup>st</sup> March 2023.
- 4.2 The aim of the report is to bring together the Council's performance into an Executive Summary and make available more detailed information to the reader through electronic links. Information contained in the Executive Summary includes financial data, progress against our Corporate Plan priorities (with exceptions highlighted within the detailed sections to ensure that elected Members and other readers are able to quickly identify the key issues) and progress made to enhance the Council's response to extreme weather events.
- 4.3 The report is set in the context of the on-going impact of Covid-19 and, more recently, the cost-of-living crisis, both of which are contributing to significant increases in demand and cost pressures across a number of services. Members will note that the Welsh Government Covid-19 Hardship Fund, that funded the majority of additional expenditure and income losses incurred as a result of the pandemic, ceased from 1<sup>st</sup> April 2022 with the requirement for local authorities to manage any on-going service and financial implications from within existing resources. Within this very challenging and changing environment, the Council is maintaining its focus on frontline service delivery, in line with Corporate Plan priorities, to help support the needs of residents and businesses.
- 4.4 Further information on the above position together with the proactive steps being taken by the Council are included within the Executive Summary.

## **5.0 QUARTER 1 REPORT**

5.1 The Quarter 1 report is attached and comprises:

- **Executive Summary** – setting out, at a glance, the overall performance of the Council as at Quarter 1 (i.e. 30<sup>th</sup> June 2022).
- **Revenue Monitoring** – sections 2a – e setting out the detailed projected financial spend against budget across our Revenue Budget with exceptions highlighted.
- **Capital Monitoring** – sections 3a – e setting out capital spend across our Capital Programme with exceptions highlighted and section 3f covering Prudential Indicators.
- **Organisational Health** – includes information on turnover, sickness absence, organisational health related investment areas and Council strategic risks.
- **Corporate Plan Priorities** – three action plans (Sections 5a – c) setting out progress updates for the priorities of People, Places and Prosperity.
- **Enhancing the Council’s response to extreme weather events** - Section 6 setting out progress made to implement the recommendations agreed by Cabinet on [18th December 2020](#).

## **6.0 EQUALITY AND DIVERSITY IMPLICATIONS AND SOCI-ECONOMIC DUTY**

6.1 The Council’s Performance Report provides an update on financial and operational performance for the first 3 months of 2022/23; as a result, there are no equality and diversity or socio-economic duty implications to report.

## **7.0 CONSULTATION**

7.1 Following consideration by Cabinet, this Report will be presented to the Overview and Scrutiny for review, challenge and where deemed required, the scrutiny of specific areas in line with the Committee’s Terms of Reference.

## **8.0 FINANCIAL IMPLICATIONS**

8.1 There are no financial implications as a result of the recommendations set out in the report.

## **9.0 LEGAL IMPLICATIONS OR LEGISLATION CONSIDERED**

9.1 There are no legal implications as a result of the recommendations set out in the report.

## **10.0 LINKS TO CORPORATE AND NATIONAL PRIORITIES AND THE WELL-BEING OF FUTURE GENERATIONS ACT**

10.1 The Corporate Plan progress updates included within this report align with the priorities as set out within the Council's Corporate Plan 2020 – 2024 "[Making a Difference](#)". With regard to the [Well-being of Future Generations Act \(Wales\) Act 2015](#), at the 4<sup>th</sup> March 2020 Council meeting, it was agreed that the Corporate Plan priorities would also serve as its Well-being Objectives in line with the Act.

## **11.0 CONCLUSION**

11.1 This report sets out the financial and operational performance of the Council as at Quarter 1 2022/23, that is, 30<sup>th</sup> June 2022.

11.2 The Quarter 1 revenue budget position is projecting a £10.405M overspend. This full year projection, forecasted at June 2022, takes into account estimated increases in demand for services, particularly social care services; additional inflationary cost pressures, for example, home to school contract costs; and where less income is anticipated to be received by services due to reduced take-up, for example, Leisure Services. Work is underway as part of the Council's robust financial and service management arrangements to review all areas of expenditure and income, in parallel with on-going discussions with Welsh Government around additional funding requirements, to bring the revenue position closer in line with budget by year-end.

11.3 Capital investment as at 30<sup>th</sup> June 2022 is £13.842M, with a number of schemes being re-profiled during the quarter to reflect changes in costs and updated delivery timescales, and also new external grant funding approvals received during quarter 1 being incorporated into the Capital Programme. The Capital Programme for the year ahead represents the continuation of a long-term programme of investment that is supporting visible improvements to infrastructure and assets across the County Borough.

11.4 With regard to the Council's Corporate Plan priorities of People, Places and Prosperity, positive progress overall has been made during the first three months of the year.

11.5 The progress update on the delivery of recommendations to enhance the Council's response to extreme weather events shows good progress overall, with key actions being taken forward to further strengthen the Council's arrangements.

## Section 1 – INTRODUCTION

The Executive Summary brings together and summarises the Council's financial and operational performance position as at 30<sup>th</sup> June 2022 (quarter 1).

The quarter 1 update is set in the context of the Council's Services managing the on-going effects of communities recovering from the pandemic and more recently the United Kingdom wide cost-of-living crisis, both of which are contributing to increases in demand for many services and significant inflationary cost pressures. Within this very challenging and changing environment, the Council is maintaining its focus on frontline service delivery, in line with Corporate Plan priorities, to help support the needs of residents and businesses.

Throughout the Executive Summary electronic links have been included that enable the reader to access more detailed information, as required.

<b>Grand Total</b>	<b>566.792</b>	<b>577.197</b>	<b>10.405</b>

The full year revenue budget variance, projected as at 30<sup>th</sup> June 2022, is a £10.405M overspend. Within this forecasted position, the main factors and conditions that are driving significant budget pressures, over and above the additional resources built into the 2022/23 revenue budget, are as follows:

- Rising demand and cost of social care:

- Adult Services – for external residential / nursing placements (specialist placements) and Supported Living Schemes; and
- Children’s Services – for in-house and external residential placements.
- Inflationary cost pressures driven by higher energy prices, higher wages in the external market and demand for some products outweighing supply – this has impacted Home To School contract costs in particular as a result of rising fuel prices and levels of pay, with the Council also incurring higher levels of expenditure on fuel and food in the direct delivery of services.
- Lower levels of service take-up resulting in reduced levels of income received – a key contributory factor being the on-going effects of the pandemic where customer behaviour has not to date fully returned to pre-pandemic levels, this position impacting Leisure Services in particular.

Furthermore, a pay award offer has been made, in respect of the financial year 2022/23, by the national employers for all NJC employees at a flat rate increase of £1,925 per employee, irrespective of their Spinal Column Point / Grade. The Welsh Government, who have devolved responsibility for teachers pay, have also offered an increase of 5%. For this Council, these amount to an increase in the pay bill above budgeted levels of £10.5M. This is not factored into the above position.

Work is underway as part of the Council’s robust financial and service management arrangements to review all areas of expenditure and income to bring the revenue position closer in line with budget by year-end. This will include :

- an assessment of existing earmarked reserves that have been set aside to support, amongst other things, projects and future liabilities, and will need to provide one-off funding opportunities to support some of the in-year pressures we now face;
- a review of further external grant funding opportunities;
- targeted marketing activities to help support service take-up; and
- the identification and early delivery of efficiencies in the current year.

The outcomes from this programme of work will be reported as part of Performance Reports during the year.

## **Organisation Health related investment areas**

There will be a continued focus on investing in organisational health related areas, for example, IT infrastructure and invest to save energy efficiency schemes, with projects being delivered operationally within services across the Council.

- **Council Strategic Risks**

The Council's Strategic Risk Register has been reviewed and updated to take account of the changing internal and external operating environment, including the on-going impact of Covid-19 and, more recently, the cost-of-living crisis. The review has also identified the need to incorporate 3 new strategic risks into the Register as follows:

- Strategic Risk Register Reference 27 – Accommodation needs for our most vulnerable people;
- Strategic Risk Register Reference 28 – Disengaged learners; and
- Strategic Risk Register Reference 29 – Counter Terrorism.

The Council's updated Strategic Risk Register can be viewed by [clicking here](#).

## **Section 5 – CORPORATE PLAN**

Corporate Plan priority action plans for People, Places and Prosperity have been compiled and continue to be action orientated to focus on the work Council Services are delivering to: support communities as they recover from Covid-19 and specific support measures to help families with the cost of living crisis; the on-going transformation and improvement of services; and the delivery of key projects that will have significant positive impacts across the County Borough.

The priority action plans are in draft form, subject to approval, with a summary of progress made across each of the three priorities as at 30th June 2022 (Quarter 1) set out in Sections 5a - c. For Members information, as part of the summaries of progress, electronic links have been included to each priority action plan, providing more detailed information on the progress during the first quarter of the year.

### **Corporate Plan Priority Progress Update**

- **PEOPLE** (Section 5a)

#### **PEOPLE – Are independent, healthy and successful**

##### **Summary of progress to 30<sup>th</sup> June 2022**

#### **Supporting our residents who are older, vulnerable or who have disabilities, to remain independent and have a good quality of life.**

We have continued our work to support our residents who are older, vulnerable or who have disabilities, to remain independent and have a good quality of life. Construction of the new extra care facility in Porth is progressing well and plans for a further three extra care facilities in Mountain Ash, Treorchy and Ferndale are being developed. The development of Extra Care homes offers an opportunity for older people to lead a more independent life and prevent unnecessary admissions to residential care. Extra Care also enables people to have more control and be more involved in decisions about their environment and the services they receive. All of the new Extra Care homes have also been designed to achieve 'BREEAM' excellence, the world's leading sustainability assessment.

We will open a supported accommodation scheme in Llanhari following a refurbishment of Elm Road accommodation. This work has been delayed during the year as a result of design queries and material supply issues but it is anticipated that the plan will be complete by the end of September 2022. The scheme will provide a safe, secure and high-quality environment for adults with learning disabilities. Assessments have been completed and places have been allocated ready for the completion of the project. A similar supported living scheme in Treorchy is also under construction in partnership with Cynon Taf Housing Association and is due to be completed in October 2022. A further scheme is also planned at the ['Big Shed' development](#) in Tonypany.

We are taking forward the Council's review on the future shape of residential care for older people to ensure we create the right model of service delivery to respond to increasing demand and changing needs in the long term. A report will be provided to Cabinet in October 2022 which will set out development proposals and options for modernisation of, and investment in, the Council's residential services.

We continue to invest in reablement services to prevent escalation of need increasing or enable recovery and independence. Commission Care & Repair have increased service capacity in order to reduce waiting times for minor adaptations and small and medium Disabled Facility Grants. It

## **PEOPLE – Are independent, healthy and successful**

was agreed that a new Intermediate Care Step Up and Step Down facility would be created to avoid hospital admission and support discharge. We are working with Health to open this new facility from October 2022.

We are also empowering people to be more independent at home by continuing to promote direct payments as a way of managing individual care needs. We have reviewed our existing direct payment policy and new guidance has been developed and shared with staff, service users and our commissioned direct payment support provider. The new policy and guidance will be introduced in September 2022.

We are also building on our engagement in 2021/22 and learning from the pandemic to inform the transformation of day services going forward so that people with a learning disability have access to meaningful activity and opportunities in their own communities, including employment to achieve their personal goals and live ordinary lives. The draft Day Services Strategy is currently being developed and employment is a specific element. We have developed a range of links with employers and pathways to employment are being developed with Elite. Volunteering opportunities continue to be developed with our partners and internally with community development officers. A range of co-production events are being held to inform writing of draft strategy.

### **Encouraging residents to lead active and healthy lifestyles and maintain their mental wellbeing.**

We continue to encourage all residents to lead active and healthy lifestyles and maintain their mental wellbeing as we know that this is key to living a long and healthy life, and reducing the risk of long-term illnesses such as heart disease, stroke and Type 2 diabetes. We continue to invest in our playgrounds and have agreed our programme of investment for 2022/23. We are also improving the fitness suite in Hawthorn Leisure Centre. We had hoped to complete this work in June 2022 but due to delays in the supply of equipment which will now be delivered in September 2022. A new 3G pitch in Baglan Field/Ynysfio Field, Treherbert will also be available for use by the public and sports clubs in September 2022. Once completed, it will mean that Rhondda Cynon Taf will be home to 14 3G facilities spread across the County Borough, and crucially means that the ambition to ensure that residents have access to such a facility within a 3-mile radius of wherever they live will be achieved.

The pandemic highlighted how important and valued our libraries are to our communities. We are enhancing the services available at our new libraries in Llys Cadwyn and the Treorchy Cultural Hub with a focus on community engagement and partnership. We have also involved communities in fourteen 'Community Conversations' sessions across RCT as part of the implementation of the National Lottery Heritage Fund ['Altered Images' project](#). Feedback from the sessions will inform the Year 2 Action Plan. The main aim of the Altered Images project is to help record and research memorials and monuments throughout Rhondda Cynon Taf as well as capturing the diverse stories and memories of our neighbourhoods.

We continue to prioritise strengthening relationships with residents and community groups and finding out what is important to residents. This includes working to ensure that communities have access to information, advice and guidance both digitally and locally. Following the severe disruption of the pandemic, our Community Co-ordinators have now returned to working in community bases and our One4all services are also fully open including the re-introduction of a drop-in service at Pontyclun Library. We want to increase the opportunities for people to learn and use Welsh within their communities and we are working with Menter Iaith to look at the

## **PEOPLE – Are independent, healthy and successful**

delivery of Welsh courses and classes across Rhondda Cynon Taf and enhancing the provision at Garth Olwg Centre as well.

### **Integrating health and social care and providing support for those with mental health problems and complex needs.**

We continue to collaborate with our partners to support older people to stay in their homes longer, prevent unnecessary stays in hospital and to help get people home from hospital more quickly when they are well enough. We are working with Health to explore options for the development of an integrated community health and social care locality model and have completed a review of options for an integrated community model. A working group is in place and a draft proposal for development of new integrated Health and Social Care model is progressing well including changes being made to Regional Partnership Board's governance structures in order to progress a new regional integrated health and social care system. We are also working together to improve patient experience and redesign the pathways for integrated primary and community based urgent care services and 'home first' discharge from hospital services. This includes working with Health to implement a review of the current health and social care system and implement the Welsh Government's [Discharge to Recover then Assess Model](#) (D2RA) pathways as part of the [6 goals for urgent and emergency care programme initiative](#).

Our work to review and redesign Community Mental Health Services with Health is ongoing. As part of this we will complete a review of current Community Mental Health Services and develop options to redesign our joint Service offer to meet current and future **long term** need and demand pressures. Redesign work has continued but completion has been delayed due to covid pressures and planned organisational restructures in the Health Board. A new work programme and timescales have been agreed with Health for 2022/23.

### **Improving services for children and young people and ensuring the needs of children are considered in everything we do.**

We continue to improve access to timely information, advice and assistance to facilitate improved access to, and engagement in, early intervention and prevention services for children, young people and families. The new RCT Families website is currently in development and is due to be live in September 2022.

We continue to focus our services on early intervention and prevention to improve the life outcomes for children in RCT. We have appointed an additional Mental Health & Wellbeing Officer to increase capacity in YEPS to meet the increased demand. We are also revising existing Children and Communities Grant contracts with providers to support the delivery of integrated support pathways supporting the emotional wellbeing and mental health of children, young people and families. This work has included establishing a 'lot' for Counselling on the Approved Providers list, which includes counselling services for children and adults. Feedback received from the Resilient Families Service team identified a need for counselling for couples so this has been one of the areas of focus. Family therapy was also added but no providers have identified an interest so the team have made contact with some therapists with the aim to achieve applications. Supporting children and families to stay together safely and to thrive and providing effective support for children who need to become looked after are two essential responsibilities and key aims of Children's Services in Rhondda Cynon Taf (RCT). We are implementing a new pre-birth pathway and discreet service for very vulnerable (first time) parents. The new [MAGU Project delivery pathway](#) will improve pre-birth services and seek to reduce the number of children under one and children of parents who themselves are care leavers becoming looked after. A manager has been appointed and recruitment to the team has commenced to progress this new project.

## **PEOPLE – Are independent, healthy and successful**

We also want to make sure that those children that cannot remain with their families can be looked after closer to home. We are continuing to work with providers to develop placement sufficiency close to home which includes carrying out a feasibility study to consider rebalancing residential placement provision over the next 5 years. This study has commenced and will inform how we develop and monitor a commissioning mix and range of placements that support children looked after and care leavers to achieve positive long term outcomes. We are working with [Foster Wales](#) to increase the recruitment of foster carers in particular those who are able to support children with more complex needs. Enquiries are increasing but only small numbers of new foster carers are being approved to date. We are also developing a revised Housing Options model for care-leavers to whom the Council owes a corporate parenting duty in order that they can leave care placements in a safe, planned way which avoids homelessness wherever possible. Two dedicated Housing Solutions Officers have been appointed and a referral pathway document has been drafted.

We continue to strengthen participation of children and young people to promote engagement and involvement specifically with Children Looked After and partner agencies to ensure co-production and that the voice of children and young people are heard in service development and delivery. We have developed a Participation Strategy which incorporates different communication approaches when engaging with children and young people.

We are delivering the Early Years Transformation agenda in RCT in order to ensure early years services are universally available and specialist services are targeted by need and not geographical location. This will also improve early intervention and prevention outcomes across the County Borough. Health characteristics data transfer has been completed. An Early Years Vulnerability Project plan is in place and a full profile test underway. However, full information sharing protocols are yet to be agreed. This work is being led by Public Health Wales. We continue to pilot the new integrated Early Years delivery model and are currently leading on the external evaluation of the new delivery model in RCT on behalf of the region. All data is being reviewed quarterly and reported to Senior Managers in RCT and CTMUHB.

o **PLACES** (Section 5b)

**PLACES - Where people are proud to live, work and play**

**Summary of progress to 30<sup>th</sup> June 2022**

We continue to promote good recycling practices through campaigns and education. The [Education Centre at Bryn Pica](#) has reopened this quarter and our campaigns have focussed on key recycling activity at [Easter](#) and the [Jubilee celebrations](#). The tonnage of recycled waste during quarter 1 is lower than the same period last year (20,970 tonnes compared to 23,110 tonnes in 2021/22) but our overall recycling percentage is better i.e. 64.78% compared to 62% at quarter 1 2021/22. Work is on-going with landlords, agents and residents to encourage good recycling practices that will reduce municipal waste and have a positive effect on the environment, and we continue to work with Caru Cymru (Keep Wales Tidy) to support community activity e.g. litter picks.

The Council's Enforcement Team has continued to monitor and act against fly-tippers with 843 recorded incidents this quarter (999 last year) and enforced off street parking restrictions and school keep clear zones to ensure the safe passage of both drivers and residents. We also continue to take appropriate action to enforce the PSPO for dog controls including taking [relevant court action](#).

We are progressing our climate change agenda through the trialling of alternative fuelled refuse vehicles and the development of a Draft ULEV Fleet Transition Plan. We have progressed plans for [EV charging facilities](#) across the County Borough and continue to explore areas where we can create renewable energy e.g. The Coed Ely Solar Farm, and potential hydro developments. We have also applied for WG grant funding to develop the Eco Park at Bryn Pica that include trials for recycling plastic and there is on-going focus on implementing procurement policies to reduce the use of single use plastic items.

Our highways investment programme activity continues across the County Borough, including progressing the [A4119 duelling scheme in Coed Ely](#), undertaking repairs at [Maerdy mountain](#) and commencing work at the [Imperial Bridge in Porth](#) and [White Bridge in Pontypridd](#). We also continue to progress the requirements of the Flood and Water Management Act and flood risk flood mitigation measures. An update on the recommendations contained in the review of the Council's response to Storm Dennis [Cabinet Report 18 December 2020](#) can be found in [Section 6](#) of this Executive Summary. This quarter Section 19 Flood Reports have been released for [Trehafod](#), [Cwmbach](#) and [Abercwmboi, Fernhill and Porth](#). We have also hosted a public exhibition on the [Tylorstown Landslip Project](#). We are also progressing active travel initiatives across Rhondda Cynon Taf including schemes: Treorchy to Treherbert, and those on the Cynon Trail at Cwmbach and Abercynon.

Our community cohesion work is being progressed and are providing opportunities to engage through our Community Hubs. A paper relating to [Food Resilience](#) was presented to Council's Cabinet in June highlighting the work offered to residents experiencing food poverty and this included the work being done to achieve bronze award status in [Sustainable Food Places](#). We are also working towards becoming a member of the [World Health Organisation's \(WHO\) Global Network of Age Friendly Cities and Communities](#).

Our work to prevent anti-social behaviour in town centres continues in partnership with the Probation Service and Pobl, and includes the relocation of Mill Street Hostel. We are also [progressing](#) the appointment of [Community Wardens](#) to provide a high-profile presence in our town centres.

## PLACES - Where people are proud to live, work and play

The [Barod](#) Integrated Substance Misuse Service (now including Bridgend) commenced in April this year, and we continue to recruit resources to increase resilience in this area. We have improved booking arrangements for substance misuse training and have taken opportunities to share good practice wherever possible. We have also provided valuable 'Overdose Awareness' sessions to local hotel and hostel staff following a rise in local drug related deaths within supported accommodation. Additional 'Drop-in' centres have been developed at Penrhys, to nurture community relationships, and at Dare Valley Country Park for Ukraine evacuees to provide harm reduction support as required.

Our domestic abuse support provision has been improved with the recruitment of a Health IDVA at Royal Glamorgan Hospital, and despite some delays we are still progressing the Oasis Centre and Domestic Abuses Services joint working model. The 'Healthy Relationships' workshops will also inform early support for prevention and intervention of homeless families housed in temporary accommodation. The commissioning of a Regional Domestic Violence Perpetrator Programme (DVPP) across the CTM region is being progressed with funding agreed and service model approved.

To keep our communities safe, this quarter we have piloted a 'Young Friends' against scams (YFAS) awareness training event to children aged 8-12 years at Ysgol Nantgwyn which was positively received. We also continue to publish cases where rogue traders have been prosecuted on the Council's website including two cases relating to the sale of counterfeit goods at [Merthyr Tydfil](#) and [Mountain Ash](#). In addition, a case relating to [taxi licencing](#) was also published which demonstrates the Council's commitment to keeping residents safe.

To support the Vulnerable Persons Resettlement Schemes (United Kingdom Resettlement Scheme (UKRS), the Afghan Relocations and Assistance Policy (ARAP) scheme and the Widening Dispersal Scheme, we are working with social landlords and tenants to prevent instances of homelessness through the provision of a new Virtual Tenancy Ready Classroom that provides information on what to expect when searching for and moving into a new home; tenant rights and responsibilities, and where to go for help and support. All information is translated to aid understanding. Newydd Housing are also submitting this project for consideration in the 'Welsh Housing Awards'.

We continue to invest in our green spaces and increase biodiversity. Our [Playground Investment Programme](#) is also progressing to deliver planned improvements during 2022/23 and we continue to improve our digital platforms to provide a more accessible service to residents.

In June this year, the Council's [2022-2025 'Think Climate RCT' – Making Rhondda Cynon Taf Carbon Neutral by 2030](#), Climate Change Strategy was agreed by [Cabinet](#) that provides a framework to support carbon reduction in both the Council and the County Borough. Linked to this is a Council Decarbonisation Plan that is also being progressed.

In support of this, work to establish natural carbon storage solutions continues with a commissioned peat bog study in Cwmparc scheduled shortly, and 3 other potential peatbog sites being explored. Connected to this, the [Draft RCT Tree, Woodlands and Hedgerow Strategy](#) is to be considered by Cabinet. This Strategy recognises the important carbon storing role that trees, vegetation and soils have in the 'carbon cycle'. The Strategy is currently out for consultation with residents and stakeholders, more information is available in the [accompanying press release](#).

New biodiversity signage celebrating biodiversity has been installed at Dare Valley Country Park, and we continue to encourage residents to report sightings of wildlife and flora, and take

part in activities like 'Grab a Rake' on the Council's [Biodiversity webpages](#). We continue to work with partners such as Natural Resources Wales to support projects like '[Healthy Hillside](#)s' and '[Living Landscapes](#)'.

We continue to progress activity in support of the 2024 National Eisteddfod for Wales. More information will be available following the Eisteddfod public meeting later this year. [Visit Rhondda Cynon Taf](#) also supported [National Coach Week 2022](#).

During this quarter many events have been held in RCT including [– The Teddy Bear's Picnic](#) at Ynysangharad War Memorial Park, A [Classic Car Show](#) at the Rhondda Heritage Park and the [Aberdare Festival](#). [Further events](#) are planned (including those supported by local businesses) during the year.

- **PROSPERITY** (Section 5c)

**PROSPERITY - Creating the opportunity for people and businesses to: be innovative; be entrepreneurial; and fulfil their potential and prosper**

**Summary of progress to 30th June 2022**

A range of support is available through the Council to support business growth and expansion in town centres, including the Enterprise Investment Fund and Town Centre Maintenance Grant. Given the current economic challenges these will be reviewed to ensure that the most appropriate mix of support is available to help businesses to navigate these challenges and take advantage of emerging opportunities such as digital trading opportunities. Services continue to work closely with business representatives such as Business Improvement Districts to inform this work, and the development of a Business Engagement Strategy.

A new three year programme of funding for town centre property improvements has become available through the Welsh Government Transforming Towns fund and the identified pipeline of potential improvement projects in our town centres has been shared with Welsh Government officials as a basis for endorsement for funding. This will set the scene for our improvement programme over the next three years. Existing town centre projects continue to progress, including the Porth Transport Hub which is now well into the construction phase with the steelwork building framework erected. A study is currently underway to investigate potential active travel routes within Aberdare, Pontypridd and Porth Town centres, providing convenient access to key facilities including public transport.

Work continues to develop the visitor economy. A draft delivery action plan to deliver the RCT Tourism Strategy has been completed and is awaiting sign off, and will be delivered in partnership with business partners. Regular Tourism hub meetings are promoting partnership working, for example, a collaboration between Zipworld and Gravity Bike Park.

Working with Cardiff Capital Region, we continue to progress Housing viability gap funding to remediate contaminated land conditions across 3 brownfield sites at the former Cwm Coking works, former Aberdare hospital site and Heol y Wenallt. A planning application has been submitted for the Aberdare site and discussions are underway with the developer for the Cwm Coking works with a view to a planning application being submitted next spring.

Working in partnership with Registered Social Landlords to increase the supply of energy efficient, low carbon homes. 17 schemes in the social housing grant programme development plan are categorised as 'new build – modern methods of construction'. Rhondda Housing Association Wales Skyline project has continued with progress. RHA Wales have made a Social Housing Grant submission during the reporting period for £145k. The sale of Porth Infants School to Cynon Taf Community Housing Group has now been complete. CTCHG have made a Social Housing Grant submission for £680k.

Work continues in partnership with Central South Consortium to regularly review the progress of all schools. The introduction of all school review meetings is helpfully contributing to this work and the information provided is being used to inform further action. Strategies being developed for the Curriculum for Wales are due to be operational from the next academic year, and CSC has ensured that its work programme will enable updates on progress for this area to be captured appropriately. The impact of covid-19 on learner progress continues to be a key area for Improvement partners to review and capture and local data is being collated by CSC. However, there is currently no agreed national approach to how schools are mapping learner progress. A report has been produced on the impact of Family Engagement Officers and an evaluation of Step 4 provision was produced in

**PROSPERITY - Creating the opportunity for people and businesses to: be innovative; be entrepreneurial; and fulfil their potential and prosper**

January, with proposals for tranche 3 underway. It is also planned to produce and share case studies from schools where good practice has been identified.

Work continues to ensure effective anti-bullying strategies in our schools. Presentations have been delivered to primary and secondary Headteachers meetings to raise awareness of peer-on-peer sexual harassment and guidance has been provided to all schools. An anti-racism plan has been completed in consultation with the RCT BAME working group and is now being implemented. Improvements have also been made to data collection systems to ensure all incidents of bullying are appropriately recorded.

Support continues for schools to implement new ALN legislation, including development of a professional learning programme for release in the autumn term and review and schools self-evaluation. An Early years ALN coordinator forum has been established and additional capacity will be in place for September to enhance transition from early years settings into schools for children with additional learning needs.

Investment in our school buildings continues. Band B project Business cases have been submitted to Welsh Government in accordance with the Strategic outline programme and works on site commenced to provide additional capacity at YG Rhydwaun and YGG Aberdar, with a number of other projects commencing over the summer holidays or autumn term for the Welsh medium Primary School, Rhydyfelin; Pontypridd High; Hawthorn High; Pontyclun Primary School; Penygawsi Primary School; Llanilltud Faerdref Primary School and Bryncelynog Comprehensive. All new build elements will be net zero carbon in operation.

Support for people seeking work continued through our Employment Support programmes. Council staff continue to engage with Welsh Government to review future priorities and national funding arrangements. Proposals for a new employment support grant to be confirmed in Quarter 3 but it is hoped that future funding levels will be confirmed in September. Links have been made between employment and youth services to provide support and training for identified young people leaving school with no destination for work, study or training through the WG Youth Guarantee Grant fund scheme. We also continue to provide more informal learning opportunities to engage people in learning and support wellbeing. A series of family learning engagement programmes is being developed in targeted communities and a pilot course ran at Penrhys Primary school, with two further courses planned at other schools in the autumn. Recruitment has been completed for 20 new graduate and 46 new apprenticeship opportunities, with induction for these new starters taking place in June and September.

## **Section 6 – ENHANCING THE COUNCIL’S RESPONSE TO EXTREME WEATHER EVENTS**

The 18<sup>th</sup> December 2020 Cabinet meeting agreed a series of recommendations to enhance the Council’s short and long term response to extreme weather events and which limit the impact of flooding on those communities most at risk.

The progress made by Council Services to implement the recommendations can be [viewed here](#) and will be scrutinised by the Overview and Scrutiny Committee.
