<p>If projects aimed at regenerating the local communities through the Council's investment programme are not planned, procured and managed effectively by the Council, then delivery could be severely compromised, with the intended benefits associated with prosperity and growth being lost. This is compounded by the continued uncertain commercial environment and tight external funding programme periods from Welsh and UK Governments.</p>	<p>CONTROLS Robust service delivery arrangements and governance structures are in place to ensure the successful delivery of key strategic regeneration projects. This includes:</p> <ul style="list-style-type: none"> • Developing effective business cases for individual projects to ensure they are viable and cost effective. • Involving stakeholders to support the delivery of key interventions from across the Council including Estates, Strategic Projects, Procurement and Legal, other public Bodies, Welsh Government and the private sector. • Establishing project boards responsible for overseeing the delivery of individual projects. • A Project Protocol which is made available for project development and implementation that identifies the mechanisms needed to structure successful project delivery. • Update reports considered by SLT and the Council's Cabinet <p>ACTIONS</p> <ul style="list-style-type: none"> • To ensure that all projects adhere to the project protocol procedures the completion of which is overseen by Officers from Regeneration and Finance. 	5	2	10	<p>ORIGINAL RISK RATING: 4x3=12</p> <p>The risk rating was increased in quarter 1 2022/23 (from 5x2=10 up to 5x3=15) as a result of the significant uncertainty in the supply chain and contractor sector and the real risk this presented to the ability to deliver schemes on time and on budget in the face of continuing escalating costs and material and labour shortages. Whilst costs have remained high, they have become more normalised with more stability in the market. As such, the risk has reverted to 5x2=10 from Q1 2023/24.</p> <p>Whilst the ongoing challenges due to economic uncertainty remain, the Prosperity and Development Service has continued to deliver/co-ordinate the largest economic investment programme in the Council's history. Through working closely with our contractors, significant progress has still been made on the delivery of key regeneration projects as set out in the Service's delivery plan although there have been some inevitable delays and some cost pressures. All projects and programmes have established robust service delivery arrangements and governance structures, which is ensuring the successful management of these schemes.</p>
