Proposal Name:	Proposed new Home to School Transport policy.
Department	Integrated transport Unit
Director	Stephen Williams
Officer Completing the WLIA	Geraint Roberts
Email	Geraint.e.roberts@rctcbc.gov.uk
Brief Description	The proposal seeks to introduce a proposed new Home to School Transport Policy, namely providing mainstream English, Welsh and Faith primary school, secondary school and college transport above statutory distance only and implemented from the start of the 2025/2026 academic year. Should the proposed new Home to School Transport Policy be implemented the Council would continue to provide discretionary Home to School Transport provision beyond statutory requirements in a number of areas.
Date	November 2023

What are the aims of the policy, and how do these relate to the Welsh Language?	The aim of the proposal is to consult with interested parties and relevant stakeholders in respect of a proposed new Home to School Transport Policy, namely providing mainstream English, Welsh and Faith primary school, secondary school and college transport in line with relevant statutory distance criteria, which would be implemented from the start of the 2025/2026 academic year. This could potentially impact on the Council's ambitious Welsh in Education Strategic Plan targets to grow the number of learners accessing Welsh medium education.							
Who will benefit / Could the policy affect Welsh language groups? If so, list them here.	The proposal would affect transport entitlement for learners attending Welsh medium primary and secondary schools that live under the statutory distances from school, although the proposed changes may adversely impact more on learners in Welsh medium settings who are generally more reliant on school transport to access education. This is a potential risk to our target to significantly grow the numbers of learners accessing Welsh medium education in Rhondda Cynon Taf, as specified in our Welsh in Education Strategic Plan. It should be noted however that under the proposed Home to School Transport Policy the discretionary element of allowing a learner to select their nearest suitable school in accordance with choice of English or Welsh

There are seven outcomes within the WESP, two of which are:
 More opportunities for pupils to use Welsh in different contexts in school.
 An increase in the provision of Welsh medium education for pupils with ALN in accordance with the duties imposed by the ALNET Act 2018.
In recent years, support has been given to promote and increase pupils use of the Welsh language in primary and secondary schools and in social contexts. This has been done through the Welsh Language Charter (Siarter laith), developed by Gwynedd Council, and various other projects, in partnership with the CSCJES and the Urdd. This could contribute towards the Welsh Government's ambitious goal of creating a million Welsh speakers in Wales by 2050 and the WESP.
Whilst the Council would meet statutory requirements from a free home to school transport perspective, this proposal may potentially impact on the numbers of families wishing to send their children to Welsh medium education as they might opt to send their child to a closer English medium school.

Stage 2 – Impact Assessment

In this section you need to consider the impact, the evidence and any action you are taking for improvement. This is to ensure that the opportunities for people who choose to live their lives and access services through the medium of Welsh are not inferior to what is afforded to those choosing to do so in English, in accordance with the requirement of the Welsh Language (Wales) Measure 2011.

Please note there is a separate impact assessment for Equality and Socio-Economic duty that must also be completed for policy proposals.

Remember that effects that are positive for some groups could be detrimental to others - even among Welsh language groups. Consider the effects on different groups. For example, a proposal may be beneficial to Welsh learners, but not to Welsh speakers.

Will the proposed action affect any or all of the following?							
p h F ne	Does the proposal have any positive, egative or neutral impacts?	Describe why it will have a positive/negative or neutral impact on the Welsh language. Future recruitment would focus on recruiting Welsh speakers to increase face-to-face Welsh language service provision. As there are currently only 4% of staff within the Service area with Welsh language skills of level 3 or above, (the level at which speakers likely have sufficient skills to use the language more extensively at work), recruiting more Welsh speakers would have a positive impact on the service's Welsh provision, and the Council's attempts to promote the language. Moreover, in light of recent guidance from the Welsh Language Commissioner, the Council has a statutory duty not only to mitigate negative impacts, but to maximise any	Current / ongoing public consultations shows Welsh language appearing first. The percentage of Welsh speakers in RCT according to the 2021 Census was 12.4%, and the Council's Welsh Language Skills Strategy aims to ensure the percentage of staff with Welsh language skills is at a similar level. However, it should be noted that under the proposal the Council would, as part of its discretionary provision, still allow a learner to select their nearest 'suitable school' in accordance with choice of language. Stage 4 – Review

As part of the Welsh Language, Equalities and Socio Economic Duty Impact Assessment Process all proposals that fall within the definition of Significant Key Decision should present at the Officer Review Panel. This panel is made up of officers from across Council Services and acts as a critical friend before your report is finalised and published for SLT/Cabinet approval.

If this proposal is a Key Strategic Decision please forward your impact assessment to <u>CouncilBusiness@rctcbc.gov.uk</u> for an Officer Review Panel to be organised to discuss your proposal. <u>See our guidance document</u> for more information on what a Significant Key Decision is.

For all policy proposals, whether it is a Significant Key Decision or not you are required to forward this assessment to Welsh Language services in the first instance for some initial guidance and feedback.

It is important to keep a record of this process so that we can demonstrate how we have considered and built in sustainable Welsh language considerations wherever possible. Please ensure you update the relevant sections below

Stage 5 – Monitoring, Evaluating and Reviewing

How and who will you monitor the impact and effectiveness of the proposal?

The Council's Transportation and Education & Inclusion Services will monitor the impacts of this proposal, holding periodic review meetings.

Stage 6 – Summary of Impacts for the Proposal

Provide below a summary of the impact assessment. This summary should be included in the Welsh Language Considerations section of the SLT/Cabinet report template. The impact assessment should be published alongside the report.

A Welsh Language Impact Assessment has been completed and the main findings are as follows -

The proposal seeks to introduce a proposed new Home to School Transport Policy, namely providing mainstream English, Welsh and Faith primary school, secondary school and college transport above statutory distance only and implemented from the start of the 2025/2026 academic year. Under the proposed Home to School Transport Policy the discretionary element of allowing a learner to select their nearest suitable school in accordance with choice of English or Welsh Medium language would continue.

Whilst the proposed changes will be applied equally to English medium education provision and Welsh medium education provision, as pupils generally travel further to Welsh Medium schools, a greater number of primary age pupils are impacted. However, this is reversed for secondary age pupils, where those attending English medium schools are impacted by a greater number.

This impact assessment has been completed prior to any consultation being undertaken on the proposal. Should a consultation be initiated by Cabinet on the proposal relevant feedback would be used to inform and update this impact assessment ahead of any final decision(s) being made in relation to the proposal.
