Review and Approval of the Internal Audit Charter

This Internal Audit Charter defines the purpose, authority and responsibility of the Internal Audit Service.

The Internal Audit Charter is defined within the Public Sector Internal Audit Standards as follows:

The Internal Audit Charter is a formal document that defines the purpose, authority and responsibility of Internal Audit activities. The Internal Audit Charter establishes Internal Audit's position within the organisation; authorises access to records, personnel and physical properties relevant to the performance of engagements; and defines the scope of Internal Audit activities.

A professional, independent and objective Internal Audit Service is one of the key elements of good governance, as recognised throughout the UK Public Sector.

The purpose of this Internal Audit Service Charter is to define the purpose, authority and responsibilities of the Internal Audit Service for Rhondda Cynon Taf Council.

The Charter establishes the position of internal audit activity within the Council along with reporting lines, authorising access to records, personnel and physical property relevant to the performance of audit work and defines the scope of internal audit activities.

The Head of Internal Audit is responsible for reviewing the Charter and presenting it to the Governance & Audit Committee annually for review and approval.

The Public Sector Internal Audit Standards sets out the Mission of Internal Audit (what internal audit aspires to accomplish within an organisation) and the definition of Internal Auditing.

Mission of Internal Audit:

To enhance and protect organisational value by providing risk-based and objective assurance, advice and insight.

Definition of Internal Auditing

Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes.

- A. Within Rhondda Cynon Taf Council, the role of the Board, as defined within the Public Sector Internal Audit Standards, will be the responsibility of the Council's Governance & Audit Committee and any reference made throughout this document relating to the Governance & Audit Committee assumes the responsibilities of the Board as defined and referred to within the Standards.
- B. The Public Sector Internal Audit Standards require that the internal audit charter defines the terms Board, Chief Audit Executive and Senior Management in relation to the work of internal audit. For the purposes of internal audit work the roles are defined as follows:
- Board – The internal audit activity is established and defined by the Board, (hereafter referred to as the Governance & Audit Committee) which has responsibility for overseeing the work of Internal Audit.
 - Chief Audit Executive – The role of the Chief Audit Executive is undertaken by the Head of Internal Audit.
 - Senior Management – Senior Management is defined as those officers designated as Chief Officers as set out in each Council's Constitution.
- C. The Public Sector Internal Audit Standards became effective from the 1st of April 2013 and were updated in March 2017. The Public Sector Internal Audit Standards replaced the CIPFA Code of Practice for Internal Audit in Local Government in the United Kingdom 2006. Conformance with the Standards, the Definition of Internal Auditing and Code of Ethics is mandatory.

The Internal Audit Service is committed to meeting the standards laid down in the Public Sector Internal Audit Standards Framework and any significant areas of non-conformance will be reported to the Governance & Audit Committee.

- D. The Charter is split into the following sections;
1. Purpose, Authority and Responsibility;
 2. Independence and objectivity;
 3. Proficiency and due professional care;
 4. Quality assurance and improvement programme.

1. Purpose, Authority and Responsibility (Standard 1000)

1.1 Internal Audit is an assurance function that primarily provides an independent and objective opinion to management and Members on the control environment comprising risk management, internal control and governance by evaluating its effectiveness in achieving the Council's objectives.

1.2 It objectively examines, evaluates and reports on the adequacy of the control environment as a contribution to the proper, economic, efficient and effective use of resources.

1.3 It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance issues.

1.4 In addition, the other objectives of the function are to:

- Support the Chief Finance Officer in each Council to discharge their Section 151 duties;
- Contribute to and support the organisation with the objective of ensuring the provision of, and promoting the need for, sound financial systems;
- Investigate allegations of fraud or irregularity to help safeguard public funds in consultation with relevant Council Services;
- Support the work of the relevant Governance & Audit Committees; and
- Provide an annual audit opinion on the overall adequacy and effectiveness of the Council's framework of governance, risk management and control.

1.5 These objectives will be delivered through maintaining a high quality Internal Audit function that meets the needs of the Council, supporting the Section 151 Officer and the Governance & Audit Committee in discharging their responsibilities and meeting the requirements of the Public Sector Internal Audit Standards.

1.6 Internal Audit is a statutory service. Part 3 of The Accounts and Audit (Wales) Regulations 2018 concerns financial management and internal control. Regulation 5 (responsibility for internal control and financial management) of Part 3 directs that:

'The relevant body must ensure that there is a sound system of internal control which facilitates the effective exercise of that body's functions and which includes:

*Arrangements for the management of risk, and (b)
Adequate and effective financial management.'*

1.7 Regulation 7 (Internal Audit) of Part 3 directs that:

'A relevant body must maintain an adequate and effective system of internal audit of its accounting records and of its system of internal control.'

- 1.8 The work of Internal Audit forms part of the assurance framework, however, the existence of Internal Audit does not diminish the responsibility of management to establish systems of internal control to ensure that activities are conducted in a secure, efficient and well-ordered manner.
- 1.9 Section 151 of the Local Government Finance Act 1972 requires every local authority to designate an Officer to be responsible for the proper administration of its financial affairs. In each Council it is the Chief Finance Officer/Head of Finance/Director of Finance or equivalent.

Scope

- 1.10 The scope for Internal Audit work includes the control environment comprising risk management, control and governance.
- 1.11 This effectively means that Internal Audit has the remit to independently review all the Council's operations, resources, services and processes in place to:
- Establish and monitor the achievement of Council objectives;
 - Identify, assess and manage the risks to achieving the Council's objectives;
 - Facilitate policy and decision making;
 - Ensure the economical, effective and efficient use of resources;
 - Ensure compliance with established policies, procedures, laws and regulations;
 - Safeguard assets and interests from losses of all kinds, including those arising from fraud, irregularity or corruption; and
 - Ensure the integrity and reliability of information, accounts and data, including internal and external reporting.
- 1.12 All the Council's activities, funded from whatever source, and indeed the entire control environment fall within the remit of Internal Audit.
- 1.13 Internal Audit will consider the adequacy of controls necessary to secure propriety, economy, efficiency and effectiveness in all areas. It will seek to confirm that management have taken all necessary steps to achieve these objectives.
- 1.14 The scope of Internal Audit work should cover all operational and management controls and should not be restricted to the audit of systems and controls necessary to form an opinion on the financial statements. This does not imply that all systems will necessarily be reviewed, but that all will be included in the audit needs assessment and hence considered for review following the assessment of risk. The Internal Audit activity is free from interference in determining the scope of internal auditing, performing work and communicating results.
- 1.15 It is not the remit of Internal Audit to challenge the appropriateness of Policy decisions. However, Internal Audit is required to examine the management

arrangements of the Council by which such decisions are made, monitored and reviewed.

1.16 The Public Sector Internal Audit Standards provide the following definitions for assurance and consultancy work:

- Assurance Services
An objective examination of evidence for the purpose of providing an independent assessment on **governance, risk management and internal control** for the organisation. Examples may include financial, performance, compliance, system security and due diligence engagements. **This work will usually result in an opinion** being provided. (These Services may also be provided to other parties and organisations).
- Consulting Services
Advisory and related client service activities, the nature and scope of which are agreed with the client, are intended to add value and improve an organisation's **governance, risk management and internal control** without the Internal Auditor assuming management responsibility. Examples include counsel, advice, facilitation and training. The nature of Consulting Services provided includes acting as a 'critical friend' on Project Boards. This work **will not normally result in an opinion** being provided. (These Services may also be provided to other parties and organisations).

1.17 The core aim of the work undertaken is to establish a risk based annual Internal Audit Plan that is balanced and covers the control environment of the Council as far as is practicable. In order to undertake a balanced workload, Internal Audit plans to complete a mix of assurance and consultancy work, the outcomes of which contribute to the Internal Audit Annual Report where it concludes with an opinion on the Council's overall risk, governance and control environment. The Head of Internal Audit should share information, coordinate activities and consider relying upon the work of other internal and external assurance and consulting service providers to ensure proper coverage and minimise duplication of efforts.

1.18 Internal Audit has right of access to all of the Council's records, information and assets that it considers necessary to fulfil its responsibilities, including those of partner organisations. Internal Audit staff shall have unrestricted access to all Council activities and records (whether manual or computerised systems), personnel, cash, stores, other assets and premises, including those of partner organisations and have authority to obtain such information and explanations as considered necessary to fulfil Internal Audit's responsibilities.

Rights of Access

1.19 All staff are required to give complete co-operation to Internal Audit staff to enable the undertaking of an audit.

1.20 All partners/agents contracted to provide services on the Council's behalf are also required to co-operate with Internal Audit staff and make available all necessary information. Rights of access to other bodies funded by the Council should be set out in conditions of funding or contract documents.

2. Independence and Objectivity (Standard 1100)

2.1 The main determinant of the effectiveness of Internal Audit is that it is seen to be independent and that Internal Auditors must be objective in performing their work. To ensure this, Internal Audit operates within a framework that allows:

- The Head of Internal Audit has direct access to the Chief Executive, the Section 151 Officer and Monitoring Officer;
- Unrestricted access to Directors, Heads of Service, Managers and Staff;
- Unrestricted access to Members (including the Leader, Cabinet Members and Governance & Audit Committee);
- Unrestricted access to Audit Wales (i.e. the Council's External Auditor);
- Reporting in its own name; and
- Internal Audit is free from interference when determining the scope of audit reviews, performing the work and communicating the results.

2.2 This is achieved through a reporting relationship in each Council as shown in Figure 1 below:

Figure 1 – Internal Audit reporting arrangements

Section 151 Officer

2.3 The Section 151 Officer has overall responsibility for the proper administration of the Council's financial affairs. Internal Audit assists the Officer by providing an opinion on the overall control environment and by regular assurance testing of the key financial systems.

Governance & Audit Committee

2.4 The Council operates a Governance & Audit Committee that meets on a cyclical basis. It monitors the performance of Internal Audit in relation to productivity, efficiency and quality. It receives regular reports from Internal Audit including

progress in delivering the Annual Audit Plan and is attended by the Head of Internal Audit as well as Officers from the Council.

2.5 In addition, the Governance & Audit Committee receives the Internal Audit Annual Report that provides a summary of all assurance and consultancy work undertaken and concludes by giving an opinion on the overall control environment within the Council. If an unfavourable annual internal audit opinion is issued, the reasons to support this will be stated within the Internal Audit Annual Report.

2.6 The Head of Internal Audit has unrestricted access to the Chair of Governance & Audit Committee.

Senior Management

2.7 Each Council is divided into various Services and it is the role of the Chief Executive and each Director, Head of Service or equivalent to ensure delivery and operation of the service areas falling within their remit.

Relationships with key stakeholders and Service Managers

2.8 The Internal Audit Service develops constructive working relationships with Managers at all levels within the Council in terms of:

- Planning work;
- Carrying out audit assignments; and
- Agreeing action plans arising from the work undertaken.

2.9 Whilst maintaining its independence, the Internal Audit Service recognises that it must work with Managers to agree improvements that are deemed necessary.

External Auditors

2.10 The aim of the relationship between internal and external auditors is to achieve mutual recognition and respect, leading to a joint improvement in performance and to avoid, wherever possible, duplication of work.

2.11 The Head of Internal Audit liaises regularly with Audit Wales to consult on audit plans, discuss matters of mutual interest and to seek opportunities for co-operation in the conduct of audit work.

Elected Members

2.12 The Head of Internal Audit will aim to have sound working relationships and channels of communication with Elected Members and in particular, Governance & Audit Committee, Cabinet and Scrutiny Committees.

Internal Audit Standards

2.13 There is a statutory requirement for Internal Audit to work in accordance with the "proper audit practices". These are set out in the Public Sector Internal Audit Standards (PSIAS) which the Chartered Institute of Public Finance and Accountancy (CIPFA) developed in collaboration with the Chartered Institute of

Internal Auditors (CIIA) and which came into force on the 1st April 2013 and updated in March 2017.

2.14 Internal Audit Staff will:

- Comply with relevant auditing standards;
- Comply and promote compliance throughout the Council with all Council rules and policies;
- Be expected at all times to adopt a professional, reliable, independent and innovative approach to their work; and
- It is essential that Internal Audit staff are seen to be impartial. All Internal Audit staff are required to complete an annual declaration of their interests and must be kept up to date. This is reviewed as part of the annual appraisal and is in line with professional ethics. The Head of Internal Audit is responsible for ensuring that audit staff are not assigned to operational areas or investigations that could compromise their independence (including previous and / or secondary employment elsewhere in the relevant Council or organisation being audited).

2.15 The Internal Audit Service has adopted the CIIA's Code of Ethics. Where members of Internal Audit have attained membership with other professional bodies such as: CIPFA or the Institute of Chartered Accountants in England and Wales (ICAEW), those officers must also comply with their relevant bodies' ethical requirements.

2.16 Each member of the Team will receive a copy of the Code of Ethics (included at Annex 2) and sign up to an annual declaration to confirm that they will work in compliance with the Code of Ethics as well as the Council's standards and policies such as the Codes of Conduct. Where potential areas of conflict may arise during the year, the auditor will also be required to disclose this. It is critical that all Auditors maintain high standards of integrity, independence, objectivity, confidentiality and competence.

2.17 In addition to the Code of Ethics staff must comply with the Seven Principles of Public Life and Rhondda Cynon Taf Council's Code of Corporate Governance which are referred to in Annex 3 – Additional Requirements.

3. Proficiency and Due Professional Care (standard 1200)

3.1 Directors, Heads of Service and Service Managers are responsible for ensuring that internal control arrangements are sufficient to address the risks facing their Service including the risk of fraud and corruption.

3.2 The Head of Internal Audit is required to manage the provision of an Internal Audit Service which will include reviewing the systems of internal control operating throughout the Council, and will adopt a combination of system based, risk based, regularity, computer and contract audit approaches in addition to the investigation of fraud.

3.3 In discharge of this duty, the Head of Internal Audit will:

- Prepare an annual risk-based audit plan for approval by the Governance & Audit Committee; and
- The annual plan will be regarded as flexible and may be revised to reflect changing services and risk assessments; elements of the annual plan are also based on items within the Council's Strategic Risk Register.

Resources and Proficiency

3.4 For the Internal Audit Service to fulfil its responsibilities, the service must be appropriately staffed in terms of numbers, professional qualifications, skills and experience. Resources must be effectively developed and deployed to achieve the approved risk-based plan. The Head of Internal Audit is responsible for ensuring that there is access to the full range of knowledge, skills, qualifications and experience to deliver the audit plan and meet the requirements of the PSIAS.

3.5 Each job role within the Internal Audit Service structure details the prerequisite skills and competencies required for that role and these will be assessed annually in line with Council policy and the PSIAS. Any development and training plans will be regularly reviewed, monitored and agreed with officers.

3.6 All Auditors are also required to maintain a record of their continual professional development in line with their professional body.

Due Professional Care

3.7 Internal Auditors must exercise due professional care by considering the:

- Extent of work needed to achieve the assignment objectives;
- Relative complexity, materiality or significance of matters to which assurance procedures are applied;
- Adequacy and effectiveness of governance, risk management and control processes;
- Probability of significant error, fraud, or non-compliance;
- Cost of assurance in relation to potential benefits; and
- Considering various data analysis techniques and being alert to significant risks that may affect the objectives.

Relationships

3.8 All stakeholders will be treated with respect, courtesy, politeness and professionalism. Any confidential or sensitive issues raised with or reported to Internal Audit staff will be dealt with in an appropriate manner.

Internal – Our main contacts are with:

- Elected Members;

4. Quality Assurance and Improvement Programme (Standard 1300)

- 4.1 To enable the Head of Internal Audit to assess Internal Audit activities with conformance to the PSIAS and to aid in the annual assessment of the Internal Audit Service's efficiency and effectiveness and identify opportunities for improvement, a Quality Improvement and Management Programme (QIMP) has been developed.
- 4.2 The QIMP includes both internal and external assessments in accordance with the Standards.
- 4.3 Assessment against QIMP forms part of the annual assessment of the effectiveness of internal audit (as contained within the Head of Internal Audit's Annual Opinion Report) which is presented to the Governance & Audit Committee.
- 4.4 Where there are instances of non-conformance to the PSIAS this will be reported to the Governance & Audit Committee and any significant deviations being detailed within the Annual Governance Statement.

Internal Assessment

- 4.5 All Auditors have access to up to date business processes, working instructions, the Internal Audit Charter, Council policies, the PSIAS, journals, publications and other relevant articles and electronic training material and websites. Where staff are members of bodies such as CIPFA and/or CIIA further guidance is available.
- 4.6 To maintain quality, work is allocated to staff with appropriate skills, competence and experience. All levels of staff are supervised. Work is monitored for progress, assessed for quality and to allow for coaching and mentoring.
- 4.7 Targets are set for individual auditors (such as completion of an audit within a set number of days) as well as for the team. Updates on performance of the Internal Audit Service will be reported to the Governance & Audit Committee throughout each Municipal year, in accordance with their Terms of reference.
- 4.8 In addition to the QIMP, progress made against the annual audit plan and any emerging issues (i.e. fraud risks or governance issues) are reported regularly to the Governance & Audit Committee.

- 4.9 Ongoing assessment of individuals is carried out through regular on-going reviews, one to one meetings, feedback from clients via the Client Satisfaction Surveys and formally in the annual personal development review process.

External Assessment

- 4.10 In compliance with the PSIAS, external assessment will be carried out once every five years by a qualified, independent assessor or assessment team from outside of the Council. A comprehensive and detailed self-assessment was carried out in 2022 and shared with external assessors in November 2022. The results of the external assessment of the Regional Internal Audit Service (including the Internal Audit Service for Rhondda Cynon Taf Council) were shared with Governance and Audit Committee at the meeting held on 4th September 2023.

Annex 3 – Additional Requirements

In addition to the Code of Ethics staff must comply with the **Seven Principles of Public Life** and **Rhondda Cynon Taf Council’s Code of Corporate Governance**.

The Seven Principles of Public Life (also known as the Nolan Principles) apply to anyone who works as a public office-holder. This includes all those who are elected or appointed to public office, nationally and locally, and **all people appointed to work in the Civil Service, local government, the police, courts and probation services, non-departmental public bodies (NDPBs), and in the health, education, social and care services. All public office-holders are both servants of the public and stewards of public resources. The principles also apply to all those in other sectors delivering public services.**

1.1 Selflessness

Holders of public office should act solely in terms of the public interest.

1.2 Integrity

Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

1.3 Objectivity

Holders of public office must act and take decisions impartially, fairly and on merit, using the best evidence and without discrimination or bias.

1.4 Accountability

Holders of public office are accountable to the public for their decisions and actions and must submit themselves to the scrutiny necessary to ensure this.

1.5 Openness

Holders of public office should act and take decisions in an open and transparent manner. Information should not be withheld from the public unless there are clear and lawful reasons for so doing.

1.6 Honesty

Holders of public office should be truthful.

1.7 Leadership

Holders of public office should exhibit these principles in their own behaviour and treat others with respect. They should actively promote and robustly support the principles and challenge poor behaviour wherever it occurs.
