We inspected Caerphilly and Ceredigion local government education services (LGES) during the summer term. The reports were published in early September. We identified strong practice in both local authorities.

During the autumn term we will be inspecting Newport LGES. We have also scheduled a standalone inspection of the local authority's youth work a few weeks prior to the LGES inspection. Although these are two separate pieces of work, the findings of the youth inspection will inform the LGES inspection. We piloted this arrangement in the Vale of Glamorgan last spring, and our evaluation of this arrangement indicates that stream-lining the inspection process works well and adds value to our work overall.

Our link inspectors are continuing to work with Torfaen as part of our follow-up process for an authority causing significant concern. We will be carrying out a monitoring visit in Torfaen in October to consider their progress against the recommendations from their core inspection.

We will also carry out an enhanced link visit to Denbighshire in October, with the focus being on specific aspects of attendance and additional learning needs. The outcome letter from this visit will be published on our website.

We will be carrying out field work in a sample of local authorities to support two thematic reports. We will be visiting 10 LAs to learn about their approaches to promoting positive behaviour in secondary schools; and another five LAs to evaluate their support for mathematics and numeracy AOLE in their schools.

In early September, we trained a new cohort of peer inspectors who will be deployed on our inspection teams as well as running an update session for our current peer inspectors.

Audit Committees are one of the foundation stones that support good governance.
